Part B – Pricing Plans – Pre Paid Pricing Plans

Certain words are used with the specific meanings set in Part A – General of the Telstra Mobile section, or in the General Terms of Our Customer Terms.

1 About this Part

- 1.1 This is part of the Telstra Mobile section of Our Customer Terms. Provisions in other parts of the Telstra Mobile section, as well as in the General Terms of Our Customer Terms, may apply.

See clause 1 of the General Terms of Our Customer Terms for more detail on how the various sections of Our Customer Terms should be read together. To see these terms – home and family customers [click here](#); business and government customers [click here](#).

See clause 1 of Part A – General of the Telstra Mobile section for more detail on how the various parts of the Telstra Mobile section should be read together. To see these terms – home and family customers [click here](#); business and government customers [click here](#).

2 Changing Our Customer Terms - pre-paid customers

This clause 2 applies to you if you are a pre-paid customer. You will be a pre-paid customer if you acquire one of the services in this Part B - Prepaid Pricing Plans of the Telstra Mobile Section of Our Customer Terms. You are not a pre-paid customer if you acquire a Calling Card, a Pre-paid Phonocard or Telstra Prepaid Home. See the [Calling Cards Section](#), the [Public Payphone Section](#) or the [Telstra Prepaid Home Section](#) of Our Customer Terms.]

Our right to change all terms

- 2.1 We can change any term of Our Customer Terms by:

- (a) getting your consent; or
- (b) complying with this clause.

The steps we have to take depend on the type of change.

Changes that benefit you or have neutral impact on you

- 2.2 If we reasonably consider that a change to any term of Our Customer Terms is likely to:

- (a) benefit you; or
- (b) have a neutral impact on you,

Part B – Pricing Plans – Pre Paid Pricing Plans

we can make the change immediately and do not need to tell you.

Some examples of changes that will benefit you are:

- a reduction in long distance call rates;
- offering additional features or free services; or
- changes that increase our obligations or introduce new rights for you.

An example of a change that will have a neutral impact on you is if we change the access number for message retrieval.

Changes that have minor detrimental impact on you

2.3 If we reasonably consider that a change to any term of Our Customer Terms is likely to have a minor detrimental impact on you, we do not need to tell you individually beforehand. However, if we do not give you individual prior notice, we will publish a notice in a national newspaper at least 3 business days before the change takes place.

Some examples of changes that we consider have minor detrimental impact on you:

- a small increase in the price of an STD call; or
- withdrawing a minor feature of the service.

Urgent changes

2.4 We consider changes that are:

- (a) required by law; or
- (b) necessary for security reasons, to prevent fraud or for technical reasons, to be urgent changes.

We will try to tell affected customers three days before an urgent change to Our Customer Terms by any method we consider reasonable in the circumstances, including text message, voice recordings or public notice. Sometimes, due to the nature of the change, we may not be able to tell affected customers three days beforehand but we will give as much warning as we reasonably can.

Changing or imposing tax-based charges

2.5 We can change any term of Our Customer Terms that applies to your service to increase an existing charge or to introduce a new charge where that charge is a tax

Part B – Pricing Plans – Pre Paid Pricing Plans

imposed by law, and do not need to tell you individually beforehand. If you are an affected customer, but we do not give you individual prior notice, we will notify you of the change by placing a public notice in a national newspaper at least 3 business days before the change takes place.

Changing charges for international services or international roaming services

- 2.6 We can change the charges for international services and international roaming services and do not need to tell you individually beforehand. The current charges for international calls, international SMS can be found at <http://www.telstra.com.au/mobile/mobiles/prices/plans.htm#5> and <http://www.telstra.com.au/mobile/products/overseas/roamingoutbound.cfm> respectively. If you are an affected customer in relation to an increase in our charges for international calls or international SMS, but we do not give you individual prior notice, we will publish a notice in a national newspaper at least 3 business days before the change takes place.

Changing or imposing charges for ancillary services

- 2.7 If we increase or introduce charges for an ancillary service, and it is a type of ancillary service for which we do not offer a reasonable alternative at the same or reduced cost, and we do not give you individual prior notice, we will publish a notice in a national newspaper at least 3 business days before the change takes place.

Changing prices for content or premium services

- 2.8 We can change the charges for content and premium services provided by us to you where those content and premium services:
- (a) are acquired by us from a third party for resale; or
 - (b) incorporate or rely upon content and premium services provided to us by third parties,

and the change is a direct result of an increase in the price from our third party supplier. If we increase these charges, we will tell affected customers at least 10 days beforehand via a text message. You will be able to elect not to use the content or premium service without attracting additional charges.

Examples of content or premium services that are provided by us to you in which we resell or incorporate content and services provided to us by third parties:

- BlueSkyFrog for Telstra;

Part B – Pricing Plans – Pre Paid Pricing Plans

- BigPond Mobile Services (previously known as Telstra Active or WAP).

Note: Some services provided to customers are provided under a “credit provider” model, where the third party content provider actually supplies the content directly to customers and Telstra bills the customer. In these cases the content provider sets the charges for the content.

All other changes

- 2.9 If we make a change to Our Customer Terms and the change is not of a type described in clauses 2.2 to 2.8 above, we will tell all affected customers a reasonable period (but at least 30 days) before the change, so affected customers who still have credit in their service will have a reasonable opportunity to use up any pre-paid credits before the change.

Who we consider to be affected customers

- 2.10 For the purpose of this clause 2, we consider a customer to be affected by a change of a term in Our Customer Terms if that customer still has credit in the service affected by the change or is in a recharge only period in relation to that service, and we reasonably consider that the change will have more than a minor detrimental impact on the customer.

How we can tell you about the changes

- 2.11 We can tell you about changes to Our Customer Terms in relation to a pre-paid service, unless specified otherwise in this clause, by sending you a text message or providing a recorded voice announcement at the number you use to access your pre-paid service or otherwise in writing, directing you to further information about the changes (such as on telstra.com or at a Telstra Shop). In addition to this notice, we may also publish a notice in a national newspaper.

You must also tell us of any change to your name or address within 14 days of such change by contacting our Customer Service on 125 8880 (call charges apply). We may request further identification or information from you after you have registered, provided that our request is reasonable.

3.5 We will activate your service once you have registered it. Period for using the service

3.8 You can find out your credit expiry date at any time by any of the methods set out in

Part B – Pricing Plans – Pre Paid Pricing Plans

your User Guide, calling the Telstra Pre-Paid Information and Recharge line on 125 8888 (a free call from your service within Australia) or by sending a text message to 125 8888 with the word "Menu" in the body of the text message (a free text message from your service within Australia) and following the instructions. If you have a Telstra Pre-Paid Service on the GSM, 3G or Next G networks, you can also access this information by dialling #100# or #125# from your mobile. You will also receive an SMS 8 days and then 2 days before your credit expiry date is reached to remind you that your credit expiry date is about to end.

- 3.9 Your service enters a recharge only period after the credit expiry date.
- 3.10 You can change your credit expiry date by recharging your service. The way in which your credit expiry date will change upon recharge depends on the particular pre-paid promotional offer you have selected.

Credit expiry date for new activations and transfers on and from 4 November 2008

- 3.11 If you activated your Telstra Pre-Paid service from 4 November 2008 or transferred your service to our post 3 November 2008 pre-paid offers, and you recharge your service before your credit expiry date, your new credit expiry date will be the later of either:
- (a) the expiry date for your existing balance (before you recharged); or
 - (b) the expiry date for your new recharge amount.
- 3.12 The expiry date for your recharge amount will vary depending on which Pre-paid offer you have selected and how much recharge credit you have purchased. Any benefit associated with a recharge amount will expire after a set amount of time (depending on your offer and recharge amount), no matter whether you recharge again before the expiry date. Expiry periods are as follows:

		Recharge					
	< \$5	\$5 - \$20	\$20 - \$29.99	\$30 - \$39.99	\$40 - \$49.99	\$50 - \$99.99	\$100 +
Talk and Text +	14 days	14 days	30 days	30 days	30 days	30 days	30 days
1c Text +	14 days	14 days	30 days	30 days	30 days	30 days	30 days
Talk Time	14 days	14 days	60 days	60 days	60 days	60 days	60 days
Telstra Long Life	14 days	14 days	60 days	6 months	6 months	12 months	12 months

Part B – Pricing Plans – Pre Paid Pricing Plans

See [Part C - Special Promotions of the Telstra Mobile Section](#) of Our Customer Terms for details on each offer.

- 3.13 Any credit that remains on your account from a previous recharge will remain in your account when you recharge. The expiry date for your entire account balance (excluding any offer bonus) will be re-set to the new expiry date applicable to your recharge amount. You may use this credit to purchase any product or service available to your pre-paid account. Any old recharge will expire once its expiry period has elapsed if you do not recharge your account before the credit expiry period has elapsed.

Credit expiry date for new activations and transfers prior to 4 November 2008

- 3.14 If you activated your Telstra Pre-Paid service prior to 4 November 2008 and have not transferred your service to our post-4 November 2008 pre-paid offers, and you recharge your service before your credit expiry date, your credit expiry date is extended by adding the access period applicable to your recharge amount to the current credit expiry date. This provides you with your new credit expiry date. The credit expiry date can only be extended to a maximum of 24 months from the date on which you last recharged your service.
- 3.15 You can extend your credit expiry date by the amount that you pay to recharge as follows:

Recharge amount:	Access period:
\$1 to \$10 (Credit Me2U recharges only)	Please see paragraphs 3.59 and 3.60 for details
\$20	1 month
\$30	2 months
\$50	3 months
\$60	3 months
\$100	6 months

For example, if you buy a Telstra Pre-Paid handset pack with 6 months network access, and you recharge after 1 month by purchasing and activating a \$30 recharge card, your credit expiry date will be 7 months from the date of recharge.

If you select the Long Life offer, the Telstra Pre-Paid Friends offer or the Talk & Text More offer, the network access period for recharges is different. Full details of these offers are available at [Telstra Mobile Section Part C Special Promotions](#).

5 Telstra Mobile Link

On and from 20 March 2008, Telstra Mobile Link will no longer be available for new requests for a Telstra Pre-Paid mobile service to be linked to a post-paid mobile service. Customers who have an existing Telstra Mobile Link set up before this date can continue to receive the service.

Linking to a Telstra Pre-Paid service

- 5.1 If you are on a GSM, 3G or Next G post-paid mobile plan we can arrange for a Telstra Pre-Paid mobile service to be linked to your post-paid mobile plan account so that each month a chosen amount is credited to the pre-paid service. The chosen amount will be charged to your account and will appear on your bill.
- 5.2 You can credit up to 20 pre-paid services per month.
- 5.3 Telstra Pre-Paid customers are eligible to have only one credit amount applied to their service as a Telstra Mobile link payment per month.

Amounts credited to the pre-paid service (for pre-paid services activated prior to 4 November 2008 and not transferred to our post-3 November 2008 pre-paid offers)

- 5.4 The chosen amount to be credited to the Telstra Pre-Paid service (where the Pre-Paid service was activated prior to 4 November 2008 and has not been transferred to our post 3 November 2008 pre-paid offers) for the relevant network access period must be one of the following amounts:

- 5.5 The Telstra Pre-Paid customer must use their credits within the network access period. Any unused credits are forfeited at the end of the network access period.
- 5.6 The Telstra Pre-Paid customer's network access period can be extended to a maximum of 24 months (regardless of the amount added by you under Telstra Mobile Link or by the Telstra Pre-Paid customer using Telstra Pre-Paid recharge methods). If the Telstra Pre-Paid customer already has an access period of 24 months and you add further credit to the service, the service will be credited, but your network access period will not be extended.
