Home and Mobile Cap & Office and Mobile Cap section

Certain words are used with the specific meanings set out below and in the General Terms of Our Customer Terms.

1 About the Telstra Home and Mobile Cap & Office and Mobile Cap section

Our Customer Terms

- 1.1 This is the Telstra Home and Mobile Cap & Office and Mobile Cap section of Our Customer Terms.
- 1.2 The General Terms of Our Customer Terms apply (to see these terms – home and family customers [click here](#); business and government customers [click here](#)).

Inconsistencies

- 1.3 If the General Terms of Our Customer Terms are inconsistent with something in this section, then this section applies instead of the General Terms to the extent of the inconsistency.
- 1.4 If a provision of this section gives us the right to suspend or cancel your service, that right is in addition to our rights to suspend or cancel your service under the General Terms of Our Customer Terms.

Service terms

- 1.5 The Home and Mobile Cap and Office and Mobile Cap section involve special package pricing for certain of our fixed telephone services and mobile services. Where you take up one of these offers, the terms and conditions that apply to those other services (whether under another section of Our Customer Terms or otherwise agreed with you) continue to apply, except where different terms are set out in these terms.
- 1.6 Except where we clearly say so, nothing in this section is intended to affect any contract you have for any equipment or other services relating to your eligible services.

Single Bill terms apply

- 1.7 Our Single Bill terms and conditions apply to offers under this Home and Mobile Cap and Office and Mobile Cap section.

2 Home and Mobile Cap

- 2.1 The Home and Mobile Cap (“Cap”) is available from 15 March 2006 until 31 March 2007.

Home and Mobile Cap & Office and Mobile Cap section

2.2 The Cap is available to you if:

- (a) you are an existing Telstra customer and receive an individual invitation from us to take up the Cap (“existing customer”); or
- (b) you currently have either a fixed, mobile or internet service with a competitor of Telstra and agree to transfer that fixed, mobile or internet service to Telstra and connect to the Cap (“new customer”).

Eligibility

2.3 To be and remain eligible for the Cap you must:

- (a) have:
 - (i) one eligible Basic Telephone Service; and
 - (ii) a minimum of one and a maximum of three eligible mobile services on a \$20 Package Mobile Plan for 12 or 24 months; and
- (b) apply to have your eligible Basic Telephone Service and mobile services billed monthly on a Single Bill.

Eligible Basic Telephone Services are services on a HomeLine Plus or HomeLine Advanced plan, ISDN 2 Enhanced BusinessLine Complete plan (for consumer customers) or a Centel Plus service

Activation

2.4 Your Cap will not be activated unless you satisfy the eligibility criteria set out above.

Availability

2.5 You can only have one Cap on your account or Single Bill.

Determining your Cap

2.6 The number of eligible mobile services on your account when you apply for the Cap determines your initial cap start and cap end.

2.7 If you are a new customer, you can also increase the amount of the relevant cap end by \$40 if you have one Eligible Internet Service.

Eligible Internet Services are internet services on a \$20 or above BigPond Dial Up internet service, Broadband Satellite or ISDN service or a \$39.95 or above BigPond Broadband Cable or ADSL service.

Home and Mobile Cap & Office and Mobile Cap section

Adding fixed telephone services to your Cap

- 2.8 You can apply to add up to two more fixed telephone services to your Cap account at any time, provided that they are not connected to an eligible Basic Telephone Service. Additional fixed telephone services do not contribute to the cap start or share the cap end.
- 2.9 If you try to add more than one eligible Basic Telephone Service to your Cap, you must transfer the additional service to either a HomeLine Budget or HomeLine Complete Plan and it will not contribute to the cap start or share the cap end.
- 2.10 Some fixed telephone services are incompatible and cannot be added to a Cap account, including BusinessLine Plans, Incontact services, HomeLine Part, any wholesale services, Telstra staff discounts and ported exchange lines.

Adding mobile services to your Cap

- 2.11 You can apply to have up to three eligible mobile services on your Cap at any time.
- 2.12 All eligible mobile services must be connected to a \$20 Package Mobile Plan for 12 or 24 months.
- 2.13 If you add another eligible mobile service to your Cap, you will be automatically moved to the Cap which applies to that number of services (described under “Charges” below) and your cap start and cap end will be adjusted. There may be a delay in upgrading your Cap, so if you require this change to take effect sooner, please contact us.

If you are no longer eligible

- 2.14 If you no longer meet the eligibility requirements of the Cap we will cancel your Cap and tell you in a bill message that this has happened.
- 2.15 Your mobile service will remain on the \$20 Package Mobile Plan unless you contact us. At the end of your mobile fixed contract term, we may roll your mobile service(s) to any other current mobile plan that is reasonably comparable. We will tell you before this happens.

After your mobile contract term

- 2.16 We reserve the right not to offer the Cap to you after the end of your mobile fixed contract term. At that time:
- (a) the cap benefits will be removed from your account;
 - (b) your fixed telephone services will remain on your selected Basic Telephone Service plan;

Home and Mobile Cap & Office and Mobile Cap section

- (c) we may move your mobile service(s) to any other current mobile plan that is reasonably comparable or require you to move to any other current plan. We will tell you before this happens.

Minimum monthly commitment

2.17 Each month on the Cap you must pay:

- (a) the monthly line rental charge for your fixed telephone service(s);
- (b) the minimum monthly commitment (which includes up to \$20 eligible included calls) for each mobile service. Unused included calls expire each month;
- (c) charges for all eligible calls up to the cap start;
- (d) charges for all eligible calls made over the cap end;
- (e) charges for all non-eligible calls and other services you use, based on your standard Basic Telephone Service charges and \$20 Package Mobile Plan call charges;
- (f) monthly access fees and usage charges for your Eligible Internet Service, if applicable; and
- (g) all other charges for your services.

You must pay the minimum monthly commitment for each of your mobile services, even if you do not make \$20 of calls from that service in a month and even if calls you make from other Cap services reach the cap start.

Cap benefits

2.18 Once the value of the eligible fixed and mobile calls you make in a month reaches your cap start, you do not have to pay for eligible calls made from your Cap services until the value of such calls reaches the cap end (“**cap benefit**”).
