Part B – Plans

Certain words are used with the specific meanings set out in Part A – General of the Basic Telephone Service section, or in [the General Terms of Our Customer Terms](#).

1 About this Part

- 1.1 This is part of the Basic Telephone Service section of Our Customer Terms. Provisions in other parts of the Basic Telephone Service section, as well as in the General Terms of Our Customer Terms, may apply.

2 Telstra Home Phone and Telstra Voice services

Choosing your plan

- 2.1 You can choose a Telstra Home Phone plan for each of your Basic Telephone Services. You can choose a different Telstra Home Phone plan for each service, even if they are on the same account.
- 2.2 Telstra Voice Plans are available to be applied to your Basic Telephone Services if you are a new customer or an existing customer seeking to move to other Telstra Voice Plans. This excludes Telstra Voice Part which remains available to you if you meet the eligibility criteria set out in clause 6 below. If you are moving your existing Basic Telephone Services to other premises, you may continue to subscribe to any Telstra Voice plans currently applied to those services. We may invite you to take up particular Telstra Voice plans from time to time.
- 2.3 If we are unable to discuss pricing options with you, we will put you on the Telstra Ultimate Voice plan or the Telstra Voice Part plan (if you do not preselect us for your long distance calls, international calls and calls to mobile numbers).

Changing or cancelling your Telstra Home Phone plan or Telstra Voice plan

- 2.4 If you choose a Telstra Home Phone plan or Telstra Voice plan, or change your Telstra Home Phone Plan or Telstra Voice plan or cancel it, this does not take effect until we process your request. We will tell you of the likely timeframe when we receive your request or tell you when your request has been actioned.

Availability

- 2.5 You can apply a Telstra Home Phone plan or Telstra Voice plan to your Basic Telephone Service if it is a home service.
- 2.6 You can choose a Telstra Home Phone plan or an available Telstra Voice plan for services using our public switched network (except private payphones, services with Call Diversion Number Only, Number Redirection and Corporate Virtual Network).
- 2.7 Each time you acquire a home service, you:
- (a) are promising us that you are not a business customer; and

Part B – Plans

- (b) are repeating this promise every month and every time a call is made from your service; and
- (c) agree to tell us immediately if you become a business customer.

2.8 If we are providing your service to you mainly for your personal use and we reasonably believe that you are using the service mainly for business purposes, we can tell you of this and ask you to move to a suitable business service within 30 days. If you do not agree to move to a business service, or do not change your usage to a level we reasonably consider to be consistent with using your service for personal use within 30 days of our notice, we can then cancel your service and charge you any applicable early termination fee.

Wholesale customers

2.9 Telstra Voice plans and Telstra Home Phone plans are not available to wholesale customers.

Calls from Norfolk Island

2.10 If your Basic Telephone Service is in Norfolk Island, see [Part F – Other Call Types of the Basic Telephone Service section of Our Customer Terms](#).

3 Current Plans

The plans referred to in this section are in market.

Basic Telephone Service Section

Part B – Plans

Basic Telephone Service conversion

- 8.3 If you have an existing ISDN Home, ISDN 2 or ISDN 2 Enhanced service, and you ask us to connect a Broadband ADSL service instead, you will need to connect a new Basic Telephone Service. We will tell you if a network extension charge is payable and obtain your approval before we start work.
- 8.4 We will not charge you the connection charge above to connect the new Basic Telephone Service if:
- (a) you get your ISDN service directly from us; and
 - (b) we professionally install your Broadband ADSL service.
- 8.5 When you connected your ISDN service you may have chosen to take advantage of a discounted connection price and committed to a fixed term for the ISDN connection. As you will be cancelling your ISDN service when you connect to the Broadband ADSL service, you must pay an early termination charge if you are within an existing ISDN fixed term contract. The amount of this early termination charge is disclosed to you when you entered into that contract. You can also find out the amount of this early termination charge by calling us on 132 000.
- 8.6 We charge you installation charges for the Broadband ADSL service as set out in the Home Broadband Plans section of Our Customer Terms.

Additional charges

- 8.7 We can charge you a network extension charge if the Basic Telephone Service will be supplied by cable and the property entry point to be used to connect your service is more than 500 metres from the nearest part of our existing network. The network extension charge will cover all work necessary to extend our existing network to the property entry point. We will tell you if such a network extension charge is payable and obtain your approval before any work is started.

Where we are supplying the Basic Telephone Service in fulfilment of our Universal Service Obligation, we will cap the network extension charge as set out below

Capped Network Extension Charge (cable) (applied where service supplied in fulfilment of Universal Service Obligation)	GST excl.	GST incl.
For each 500 metres of cable (or part thereof) beyond the first 500 metres	\$26	\$28.60
Capped Network Extension Charge	\$1,400	\$1,540

- 8.8 We can charge you a network extension charge where your new Basic Telephone Service will be supplied by radio and we have to install:
- (a) a new network radio tower;
 - (b) new network radio equipment on an existing network structure;
 - (c) a repeater section; or

Part B – Plans

- (d) a non-standard supporting structure on your premises

The network extension charge will cover all work necessary to install the network radio tower, network radio equipment, repeater section or non-standard supporting structure. We will tell you if such a network extension charge is payable and obtain your approval before any work is started.

Where we are supplying the Basic Telephone Service in fulfilment of our Universal Service Obligation, we will cap the network extension charge as set out below.

Capped Network Extension Charge (radio) (applied where service supplied in fulfilment of Universal Service Obligation)	GST excl.	GST incl.
Capped Network Extension Charge	\$1,400	\$1,540

- 8.9 Where your Basic Telephone Service will be supplied to your building by a cable that enters the building, you have to:

- (a) arrange and pay for suitable trenching to house underground cabling between your Property Entry Point and your building entry point; or
- (b) pay for the erection of our poles including clearing, digging and reinstatement of land and pole holes at your property if we reasonably decide it is not feasible to have underground cables. We will supply the pole(s) and cable.

Where our plant (eg mast, antenna or dish) exists on your property, the property entry point is located at the base of our plant.

- 8.10 If the network boundary point at your premises is more than 20 metres (radial distance) from the building entry point, we can charge you our fee-for-service charges, as set out in the Fee-for-Service (Other work we do for you) section of Our Customer Terms - for home and family customers [click here](#); business and government customers [click here](#), for installing extra cabling beyond this distance. We will tell you if such a cable extension charge is payable and obtain your approval before we start work.

MDF buildings

- 8.11 Where you occupy premises in which our network boundary point is a main distribution frame, or in which a main distribution frame is required, your cabling (including the main distribution frame and the building cabling) is usually provided by the building owner and remains a building asset.
- 8.12 Where you request that we install cabling between the main distribution frame and the point where you have requested that we supply the Basic Telephone Service we will charge you the fee-for-service charges, as set out in the Fee-for-Service (Other work we do for you) section of Our Customer Terms - for home and family customers [click here](#); business and government customers [click here](#), for any work undertaken beyond the main distribution frame.
- 8.13 We may charge you our fee-for-service charges, as set out in the Fee-for-Service

Our Customer Terms

Basic Telephone Service Section

Part B – Plans

(Other work we do for you) section of Our Customer Terms - for home and family customers [click here](#); business and government customers [click here](#), for installing alternative cabling where you occupy premises for which the network boundary point is a main distribution frame and your new Basic Telephone Service will be:

- (a) a business service and there is no suitable spare capacity in the cabling system at the premises to extend cabling from the main distribution frame to the location you request; or
- (b) a business or home service and you do not want your Basic Telephone Service to be connected through the main distribution frame.

What is not included

8.14 We do not have to supply any of the following when we connect your new Basic Telephone Service:

- (a) cable from a fixed termination point to a moveable structure (such as a mobile home, a caravan, a vessel or a lift);
- (b) cabling across, through or under a body of water or tidal land to an isolated mooring structure, a buoy, a bollard or a vessel;
- (c) clearing, digging and reinstatement of land required to install or repair the lead-in cable along the chosen or existing route on your property; or
- (d) any additional cabling or equipment required to reduce, eliminate or avoid a site hazard (such as a high-voltage substation, a hazardous area or explosive atmosphere).

Reconnecting your Basic Telephone Service

8.15 Where your Basic Telephone Service is disconnected other than due to our error, you must pay us the appropriate connection charge to reconnect it.

8.16 You must pay a reconnection charge where you ask us to reconnect any Basic Telephone Service (including Basic Telephone Services that are on a Single Bill) that we have suspended because you did not pay what you owe us in full by its due date (and where you are not in genuine dispute with Telstra over that owed amount). The amount of the reconnection charge is set out in the table below.

Reconnection Charge	GST excl.	GST incl.
Reconnection fee following final disconnection for non-payment (for all customers)	\$53.64	\$59.00

Relocating your Basic Telephone Service

8.17 If you ask us to relocate the network boundary point for your Basic Telephone Service to another location at your premises, we will charge you our fee-for-service charges, as set out in the Fee-for-Service (Other work we do for you) section of Our Customer Terms - for home and family customers [click here](#); business and

government customers [click here](#), or we may arrange for a contractor to charge you directly to do this work.

- 8.18 If you ask us to relocate your Basic Telephone Service to other premises, we treat this as a disconnection and reconnection. We charge you a connection charge and other connection-related charges as appropriate to your premises.

9 International calls from Telstra Home Phone services and Telstra Voice services

- 9.1 For 0011, we charge you the connection fee plus the per-minute rate (calculated per 60 second block) set out in the International Rates Table set out in these terms and conditions or on telstra.com/international-rates for plans that include International Plus Rates.

9.2 International Rates Table

- (a) You may not be able to call every number in a particular destination. We can withdraw services to particular numbers in any destination, but will try to tell you before this happens, in accordance with the General Terms of Our Customer Terms. In some circumstances we may need to withdraw services to particular numbers in a destination immediately without telling you beforehand due to third party activities such as internet dumping.
- (b) The Standard International Rates apply to the following services:
- (i) Telstra Voice Complete
 - (ii) Telstra Voice Plus
 - (iii) Telstra Voice Advanced
 - (iv) Telstra Voice Reach
 - (v) Telstra Voice Together
 - (vi) Telstra Home Phone Basic
 - (vii) Telstra Home Phone Casual
- (c) International Saver rates apply to Telstra Home Phone Pinnacle, Telstra Voice Ultimate, Telstra Home Phone Local, Telstra Home Phone National and Telstra Home Phone Australia Ultimate services. If a country is not listed as having an International Saver Rate, Standard International Rates will apply to calls made to that country.
- (d) International Plus Rates apply to the Ultimate Voice and Telstra Home Phone Essential Plan. Please visit telstra.com/international-rates to see our International Plus Rates. The call rates included in the International Plus Rates are lower than or the same as the call rates for some countries included in the International Ultimate. If your plan includes International Plus Rates and you add International Ultimate,
