

Rewarding solutions for your business

All-4-Biz combines your
business telecommunication
services for great value.

More services. More rewards.

Our All-4-Biz offer rewards you for combining your services with us—and the more services you include, the more you could get in rewards.

Extra benefits

There's a Loyalty Bonus fund, which is available upfront on 24- or 36-month plans; or, if you take up a 48- or 60-month plan, you'll receive an upfront Loyalty Bonus plus another top up at the start of your fourth year, when you stay connected for your contract term. You can use your Loyalty Bonus fund to offset charges via a credit for eligible Telstra products you purchase or for eligible charges you pay.

You'll have the freedom to add more services as your needs change, plus the flexibility to share your monthly included value across eligible fixed, mobile, broadband, Data & IP and other business services on your All-4-Biz account.

Simply choose the All-4-Biz Plan that suits your business, then experience the rewards and convenience of a flexible communications plan.

A simpler way to manage

All-4-Biz plans give you a simpler, more flexible way to manage your communications. Just follow these four steps to find the All-4-Biz plan that's best for your business.

01

Choose your services

Identify the communications services your business needs and combine them on one All-4-Biz account. The more eligible services you include, the higher the minimum monthly commitment you can choose. The higher the minimum monthly commitment, bigger the Loyalty Bonus.

You **can** include most of your Telstra services on your All-4-Biz account including:

- Fixed voice services as per current in-market offers
- Mobile voice services on all All-4-Biz Mobile Service Plan
- Telstra's various fixed internet services as per our current in-market offers
- Inbound services such as 1800, 13 and 1300 services
- Telstra Apps Marketplace services
- TBS office phone systems
- Data & IP services

You **can't** include the following services on your All-4-Biz account:

- Mobile services on any plan other than an All-4-Biz Mobile Service Plan
- Any fixed service (PSTN/ISDN/TIPT) connected to BusinessLine® Choice Whole of Business, Business Builder or BusinessLine Part or any other plan that isn't a BusinessLine Plan or an All-4-Biz Fixed Voice Plan.
- Small business bundles like DOT, T-Biz voice, Biz Essentials, Homeline and BusinessLine plans, Business Connect and Business Rewards plans

02

Choose a minimum monthly amount

Once you know your business needs, you can choose your All-4-Biz minimum monthly commitment — from \$500 to \$60,000 per month for a set term ranging from 24 to 60 months.

Your Telstra Account Manager or Partner can assist you in selecting the right plan level and, if you want to know more about any of the plans, they'll be happy to help.

Your minimum monthly commitment is the minimum amount you pay us each month. Each month, you'll get included value that equals your monthly commitment, which can be used to pay for the services on your All-4-Biz account. Any included value that you don't use expires monthly.

You can always add more eligible services later, increase your minimum monthly amount, and a bigger Loyalty Bonus.

03

Choose your contract term

Our All-4-Biz Plans are available with a minimum term of 24, 36, 48 or 60 months. Take up All-4-Biz and we'll give you a Loyalty Bonus to spend on new eligible equipment and selected Telstra charges. The longer the term and the bigger your monthly commitment, the bigger your Loyalty Bonus. If you take a four or five year plan, we'll reward you with a top up to your Loyalty Bonus at the start of the fourth year.

04

Choose how to spend your loyalty bonus

Your Loyalty Bonus is your reward for keeping your business with us. The bigger your plan and the longer the term, the more we'll reward you. From day one or anytime while you stay connected during the plan term, you'll be able to redeem your Loyalty Bonus for credits on purchases of eligible telecommunications equipment from Telstra, once off charges for services on your All-4-Biz account, and to offset selected Telstra charges. Get what you need, when you need it.

Things you need to know

Loyalty Bonus

You can't use the Loyalty Bonus to pay your Minimum Monthly Commitment, the charges for the services you include on your All-4-Biz account, mobile repayment option, fixed repayment option or rental payment amounts (including Telstra Business System rental or lease payments) or for any products or equipment that aren't used in connection with a service on your All-4-Biz account. Contact us for more details. Unused Loyalty Bonus expires if your plan ends. If you change to a lower plan, reduce your minimum term, or your plan ends early, you may have to repay any Loyalty Bonus that you've used on a pro rata basis, and pay us an early termination charge.

Intra Account Voice Calls

Some All-4-Biz plans may offer free or discounted calling within your All-4-Biz account. Free Intra Account calls do not apply to inbound service provider and usage charges (calls made from their services to their 13/1300 services, ie calls to 13/1300 are excluded), video calls, international calls, premium services, Telecard, 1900 calls or international roaming calls. If you have more than one Telstra Business All-4-Biz Account, free Intra Account calls do not apply between Accounts. Our FairPlay Policy applies.

Minimum Monthly Commitment

Your minimum monthly commitment (MMC) is the minimum amount you must pay us each month. If you don't use all of your monthly included value in a month, you still need to pay us your MMC. If you use more than your monthly included value in a month, you need to pay us for the extra usage.

Adding services to your All-4-Biz account

Minimum contract terms may apply to the services you choose to add to your All-4-Biz account (such as new, broadband or mobile services).
