What do you get?

Security Monitoring	Incident Response Retainer
The Telstra Security Monitoring service provides visibility through detection and notification of security incidents, allowing the incidents to be responded to quickly, minimising damage and operational outage time.	Telstra Incident Response provides a quick response and expert advice to deal with threats including unauthorised or compromised system access, data loss or theft, intentional or accidental introduction of a virus, unauthorised money transfers or payments, suspicious network activity, unauthorised hardware, and ransomware.

Limited time offer

24/7 Proactive Security for your Business

Minimise business disruption from common cyber security incidents including:

- Denial of service attacks
- User account brute force attack
- Malware accessing malicious websites
- Ransomware outbreaks
- Risky internal & external user behaviour
- Validation ensuring devices with vulnerabilities are not compromised

In addition to advanced security incidents:

- Behaviour detection that appears unusual or anomalous
- Slow exfiltration of sensitive data to malicious destinations
- Suspicious time / location accesses pointing to stolen credentials

Importantly, this service is open to any organisation regardless of whether they are an existing Telstra customer or not.

Things to Know

- Offer is available from 1 July 2020 – 30 June 2021. The contract to which the offer is applied must be signed within this period.
- Customers that take up Telstra Security Monitoring for one year (minimum) receive one year complimentary Incident Response Retainer. The financial benefit to the customer is approx. \$27,000 in the first year.
- If the customer wishes to continue with Incident Response after the first year the standard price applies.
- Telstra Purple Professional Services are available at an additional cost based on customer requirements.

Eligibility

- Offer is not available for contract extensions.
- Security Monitoring contract must be 1 year (minimum).

- Available to Domestic Australian customers only with 350+ FTE.
- The customer can leverage TIF funds for this offer.
- The offer must be transacted directly (not available via indirect or partner channel).
- If the customer cancels the Security Monitoring contract mid-term, the Incident Response retainer is also discontinued at this point. Early contract termination results in a one-off charge of the annual Incident Response value in addition to whatever the OCT states.
- Beyond the initial 12 months, both the Incident Response and Security Monitoring services will continue as a monthly charge, unless the service is cancelled by the customer.
- If the Incident Response retainer is unused it is not rolled into Telstra Purple Professional Services hours.
- Please refer to the Application Form and Our Customer Terms for more details.

Contact your Telstra Account Representative for more details.
