

PROSPECTUS

Telstra Corporation Limited

(ABN 33 051 775 556)

(incorporated with limited liability in the Commonwealth of Australia)

Debt Issuance Program

Telstra Corporation Limited ("**Issuer**" or "**Telstra**") may offer from time to time bonds, notes and other debt instruments (together the "**Notes**") under the Debt Issuance Program ("**Program**") described in this Prospectus. This Prospectus supersedes the Prospectus dated 23 September 2009 and any previous prospectuses, offering circulars or supplements to it. Any Notes issued on or after the date of this Prospectus are subject to the provisions set out in it. This Prospectus does not affect any Notes already issued.

Subject to applicable laws, regulations and directives, the Issuer may issue Notes under the Program in any country including Australia and, subject to certain restrictions referred to in this Prospectus, the United States. There is no limit on the amount of Notes that may be issued under the Program.

The Financial Services Authority in its capacity as competent authority under Part VI of the Financial Services and Markets Act 2000 ("**FSMA**") ("**UK Listing Authority**") has approved this document (excluding the documents described under the heading "Provision of other documents" on page 8 of this Prospectus) as a base prospectus issued in compliance with Directive 2003/71/EC ("**Prospectus Directive**") and the relevant implementing measures in the United Kingdom. Application has also been made for Notes issued under the Program during the period of 12 months from the date of this Prospectus to be admitted to the official list maintained by the UK Listing Authority ("**Official List**") and to the London Stock Exchange plc ("**London Stock Exchange**") and for such Notes to be admitted to trading on the London Stock Exchange's Regulated Market ("**Market**"). The Market is a regulated market for the purposes of Article 4.1(14) of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments and references in this Prospectus to the Notes having been "listed" means that those Notes have been admitted to trading on the Market and have been admitted to the Official List.

In relation to any Tranche (as defined under "Overview of the Program"), the aggregate nominal amount of the Notes of such Tranche, the interest (if any) payable on the Notes of the Tranche, the issue price and any other terms and conditions applicable to such Tranche which are not contained in the standard terms and conditions set out in this Prospectus will be set out in a final terms document ("**Final Terms**") substantially in the form set out on pages 95 to 108 inclusive of this Prospectus. The Final Terms for each Tranche of Notes to be admitted to the Official List and to the London Stock Exchange will be delivered to the UK Listing Authority and the London Stock Exchange on or before the date of issue of such Tranche of Notes and is expected to be published via the Regulatory News Service of the London Stock Exchange.

Application may also be made for Notes issued under the Program to be listed on any other stock exchange (including the Australian securities exchange operated by ASX Limited (ABN 98 008 624 691) ("**ASX**") and the debt market operated by NZX Limited) on which Notes may be listed from time to time as specified in the relevant Final Terms. However, unlisted Notes may also be issued under the Program. The relevant Final Terms in respect of the issue of any Notes will specify whether or not those Notes will be listed on a stock exchange and on which stock exchange, if any, the Notes are to be listed.

Prospective investors should consider the risks outlined in this Prospectus under "Risk factors" before making any investment decision in relation to the Notes.

Prospectus

This Prospectus has not been, nor will be, lodged with the Australian Securities and Investments Commissions (“ASIC”) and is not a ‘prospectus’ or other ‘disclosure document’ for the purposes of the Corporations Act 2001 of Australia (“Corporations Act”). In addition, see the selling restrictions in “Sale and subscription” on pages 89 to 94 inclusive of this Prospectus.

This Prospectus (excluding the documents described under the heading “Provision of other documents” on page 8 of this Prospectus) is a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and is provided for the purpose of giving information with regard to the Issuer and its subsidiaries (taken as a whole) and the Notes for a period of 12 months from the date of this Prospectus which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

Any person (an “Investor”) intending to acquire or acquiring any Notes from any person (an “Offeror”) should be aware that, in the context of an offer to the public as defined in section 102B of the FSMA, Telstra may be responsible to the Investor for this Prospectus under section 90 of the FSMA, only if it has authorised that Offeror to make the offer to the Investor. Each Investor should therefore enquire whether the Offeror is authorised by Telstra. If the Offeror is not authorised by Telstra, the Investor should check with the Offeror whether anyone is responsible for this Prospectus for the purposes of section 90 of the FSMA in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Prospectus, and/or who is responsible for its contents, it should seek legal advice.

An Investor intending to acquire or acquiring any Notes from an Offeror will do so, and offers and sales of the Notes to an Investor by an Offeror will be made, in accordance with any terms and other arrangements in place between such Offeror and such Investor including as to price, allocations and settlement arrangements. Telstra will not be a party to any such arrangements with Investors (other than one or more Dealers (as defined in the “Overview of the Program”)) in connection with the offer or sale of the Notes and, accordingly, this Prospectus and any Final Terms will not contain such information. The Investor must look to the Offeror at the time of such offer for the provision of such information.

This Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each a “Relevant Member State”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly, any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Prospectus as completed by Final Terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer, the Arranger (as defined in the “Overview of the Program”), or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such an offer. None of the Issuer, the Arranger and any Dealer has authorised, nor do any of them authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer, the Arranger or any Dealer to publish or supplement a Prospectus for such offer.

Responsibility

To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of that information. References in this Prospectus to the “Prospectus” are to this document and any supplements or replacement of it, any other documents incorporated in it by reference (see “Documents incorporated by reference” on pages 6 to 8 inclusive of this Prospectus) (excluding the documents described under the heading “Provision of other documents” on page 8 of this Prospectus) and, in relation to any Series of Notes, the relevant Final Terms for that Series and this Prospectus should be read and construed accordingly.

The only role of the Arranger, the Fiscal Agent, the Australian Registrar and the New Zealand Registrar (each as defined in the “Overview of the Program”) in the preparation of this Prospectus has been to confirm to the Issuer that the information as to their identity described below and their respective descriptions under the heading “Overview of the Program” are accurate as at the date of this Prospectus. BNP Paribas has given and not withdrawn its consent to be named in this Prospectus as the Arranger. The Fiscal Agent, the Australian Registrar and the New Zealand Registrar have given and not withdrawn their consent to be named in this Prospectus as the Fiscal Agent, the Australian Registrar and the New Zealand Registrar respectively. Apart from these matters, the

Arranger and the Dealers make no representation or warranty, express or implied as to and assume no responsibility or liability for the authenticity, origin, validity, accuracy or completeness of, or any errors or omissions in, any information, statement, opinion or forecast contained in this Prospectus. The Arranger and the Dealers have not caused or authorised the issue of this Prospectus.

The Issuer having made all reasonable enquiries, confirms that the Prospectus contains all information with respect to the Issuer and its subsidiaries (taken as a whole) and the Notes that are material in the context of the issue and offering of the Notes, the statements contained in it relating to the Issuer are in every material particular true and accurate and not misleading, the opinions and intentions expressed in this Prospectus with regard to the Issuer are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions, there are no other facts in relation to the Issuer or its subsidiaries or the Notes the omission of which would, in the context of the issue and offering of the Notes, make any statement in this Prospectus misleading in any material respect and all reasonable enquiries have been made by the Issuer to ascertain such facts and verify the accuracy of all such information and statements.

No independent verification

The Arranger and the Dealers have not independently verified the information contained in this Prospectus. Neither this Prospectus, nor any other information provided in connection with the Program or the Notes, nor any other financial statement is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation or a statement of opinion (or a report of either of those things) by the Issuer, the Arranger or the Dealers that any recipient of this Prospectus or any other financial statements should purchase any Notes or any rights in respect of any Notes nor does it constitute an offer or an invitation to subscribe for Notes. Each potential purchaser of Notes should determine (and will be deemed to have done so) for itself the relevance of the information contained in this Prospectus and make its own independent investigation of the financial condition and affairs of and its own appraisals of the creditworthiness of Telstra and its purchase of Notes should be based upon such investigation as it considers necessary. Each potential investor should also have regard to the factors described under the section headed "Risk factors" on pages 14 to 23 inclusive of this Prospectus. The Arranger and the Dealers do not undertake to review the financial condition or affairs of the Issuer during the life of the Program nor to advise any investor or potential investor in the Notes of any information coming to the attention of the Arranger or the Dealers relating to the Issuer. No advice is given in respect of taxation treatment of investors in connection with investment in any Notes and each investor is advised to consult its own professional adviser on the tax implications of an investment in any Notes in their particular circumstances.

Currency of information

Neither the delivery of this Prospectus nor any sale of Notes made in connection with this Prospectus at any time implies or should be relied upon as a representation or warranty that the information contained in this Prospectus concerning the Issuer and its subsidiaries is correct at any time subsequent to the date of the Prospectus or that any other information supplied in connection with the Program is correct as of any time subsequent to the date indicated.

Without limiting this general statement, the Issuer has given an undertaking to the Arranger and the Dealers to prepare a supplementary prospectus in certain circumstances as detailed in the section headed "Supplementary Prospectus" on page 4 of this Prospectus.

No authorisation

No person has been authorised to give any information or make any representations not contained in this Prospectus in connection with the Issuer, its subsidiaries, the Program or the issue or sale of the Notes and, if given or made, that information or representation must not be relied upon as having been authorised by the Issuer or its subsidiaries or the Arranger or the Dealers.

Distribution

THIS PROSPECTUS IS NOT FOR DISTRIBUTION OR RELEASE IN THE UNITED STATES.

The distribution of this Prospectus and any Final Terms and the offer or sale of Notes may be restricted in certain jurisdictions. The Issuer, its subsidiaries, the Arranger and the Dealers do not represent that this document may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction where action for that purpose is required, or pursuant to an exemption available in that jurisdiction, nor do they assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, its subsidiaries, the Arranger and the Dealers (except as provided in the next sentence) which would permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws

and regulations and, as more particularly set out under the section headed "Sale and subscription - Summary of Dealer Agreement" on page 89 of this Prospectus, the Dealers have represented to the Issuer that all offers and sales by them will be made on the same terms. Persons into whose possession this Prospectus or any Notes come must inform themselves about, and observe, all applicable restrictions. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus see "Sale and subscription" on pages 89 to 94 inclusive of this Prospectus.

No registration

The Notes have not been and will not be registered under the Securities Act of 1933 of the United States (as amended) ("**Securities Act**") and include Notes in bearer form that are subject to U.S. tax law requirements. The Notes may not be offered, sold, delivered or transferred within the United States or to, or for the account of, U.S. persons (as defined in Regulation S under the Securities Act), except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act, including, without limitation, in accordance with Regulation S under the Securities Act. For more information see "Sale and subscription - Selling Restrictions - United States of America" on pages 89 to 91 inclusive of this Prospectus.

No offer

Neither this Prospectus, nor any other information provided in connection with the Program or the Notes, is intended to (nor does it), constitute an offer or invitation by or on behalf of the Issuer, its subsidiaries, the Arranger or the Dealers to any person to subscribe for, purchase or otherwise deal in any Notes nor is it intended to be used for the purpose of or in connection with offers or invitations to subscribe for, purchase or otherwise deal in any Notes.

In addition, this Prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, any other securities in the United States or to, or for the account or benefit of, any U.S. person (as defined in Regulation S under the Securities Act). Such securities may not be offered or sold in the United States or to U.S. persons unless such securities have been registered under the Securities Act or an exemption from registration is available.

This Prospectus contains and incorporates by reference statements that constitute forward-looking statements. All statements other than statements of historical facts included in this Prospectus, including, without limitation, those regarding Telstra's financial position, business strategy, plans and objectives of management for future operations, are forward-looking statements. Examples of these forward-looking statements include, but are not limited to (i) statements regarding future results of operations and financial condition, (ii) statements of plans, objectives or goals, including those related to products or services, and (iii) statements of assumptions underlying those statements. Words such as "may," "will," "expect," "intend," "plan," "estimate," "anticipate," "believe," "continue," "probability," "risk," and other similar words are intended to identify forward-looking statements, but are not the exclusive means of identifying those statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Telstra, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the present and future business strategies of Telstra and the environment in which it will operate in the future. These forward-looking statements speak only as of the date of this Prospectus. Telstra expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained in this Prospectus, or incorporated herein by reference, to reflect any change in the expectations of Telstra with regard to such forward-looking statements or any change in events, conditions or circumstances on which any such forward-looking statement is based.

Drawdown prospectus

Supplementary Prospectus

In the event of any significant new factor, material mistake or inaccuracy relating to the information included in this Prospectus which is capable of affecting the assessment of any Notes, the Issuer will prepare a supplement to this Prospectus or publish a new prospectus in accordance with the Prospectus Directive for use in connection with any subsequent issue of Notes. The Issuer has undertaken with the Dealers in the Dealer Agreement (as defined

in “Sale and subscription” on pages 89 to 94 inclusive of this Prospectus) that it will comply with section 87G of the FSMA.

Stabilisation

In connection with the issue of any Tranche (as defined in “Overview of the Program” on pages 9 to 13 inclusive of this Prospectus), the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) in the applicable Final Terms may, outside Australia and New Zealand and on a market operated outside Australia and New Zealand, over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Risk factors

Investors should consider the risks set out in this section entitled "Risk factors" together with all other information contained in this Prospectus (including any documents incorporated by reference in this Prospectus). Each investor should also conduct its own research, and consult its own financial, tax and legal advisers, as to the risks and investment considerations arising from an investment in the Notes, the appropriate tools to analyse such an investment and its suitability in the particular circumstances of such investor.

This section contains a description of what the Issuer considers to be principal risk factors that are material to an investment in the Notes. They are not the only risks which the Issuer faces, but are risks the Issuer considers may affect its ability to fulfil its obligations under the Notes. It is possible that the Issuer is not aware of something that may present a risk or that a risk that it does not consider material is or becomes material and, in either case, prevents the Issuer from fulfilling those obligations. The Issuer accepts no liability for any loss suffered in relation to a risk not contained in this section.

These risk factors may not occur and the Issuer is not in a position to express any view on the likelihood of any one of these risks materialising. However, if any of these risks (or any other event not described below) were to occur, it is possible it could result in an investor losing the value of its entire investment in the Notes or part of it.

In this section, we, us, our, Telstra, Company and Telstra Group all mean Telstra Corporation Limited, an Australian corporation, and its controlled entities taken as a whole.

NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS

Investors should have (either alone or with the help of a financial adviser) sufficient knowledge and experience in financial and business matters to meaningfully evaluate the merits and risks of investing in the Notes and the information contained, or incorporated by reference, in this Prospectus and any applicable supplement or Final Terms as well as access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their particular circumstances.

Each investor (either alone or with the help of a financial adviser) should also:

- (a) understand thoroughly the terms and conditions of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (b) be able to evaluate possible scenarios for economic, interest rate and other factors that may affect an investment in the relevant Notes and its ability to bear the applicable risks; and
- (c) have the expertise to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact on the investor's overall investment portfolio.

In addition, each investor should have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes.

In addition, particular issues of Notes may not be an appropriate investment for investors who are inexperienced with respect to:

- (i) the applicable interest rate indices, currencies, other indices or formulas, or redemption or other rights or options;
- (ii) investments where the amount of principal and/or interest payable (if any) is based on the price, value, performance or some other factor and/or the creditworthiness of one or more entities; or
- (iii) investments where a currency of payment and the investor's currency are different.

RISK ASSOCIATED WITH OUR BUSINESS

Risks associated with our business are relevant to investors because they may adversely affect the value of the Notes and our ability to fulfill our obligations under the Notes.

The Issuer is currently the ultimate holding company for all other companies and entities within the Telstra Group. The Issuer is not a subsidiary of, nor controlled by, any other company. The Telstra Group's business activities are dependent on the level of products and services required by its customers.

Market conditions are also subject to periods of volatility which can have the effect of reducing activity in a range of industry sectors which can adversely impact our financial performance. Volatility may also impact our ability to

fund our business in a similar manner, and at a similar cost, to the funding raised in the past. Other risks associated with funding that we may face are over reliance on a particular funding source or a simultaneous increase in funding costs across a broad range of sources. Since the second half of 2007, global credit markets, particularly in the United States and Europe, have experienced difficult conditions and volatility. These challenging market conditions generate increased risks from decreased liquidity, reduced availability of borrowings, greater volatility, widening of credit spreads and lack of price transparency in credit markets. Changes in investment markets, including changes in interest rates, exchange rates and returns from equity, property and other investments will affect our financial performance.

Our financial performance could be adversely affected by a worsening of general economic conditions in the markets in which we operate, as well as by Australian and offshore trading market conditions and/or related factors, including government and regulatory intervention, the success of our business strategy and competition from other telecommunications companies. Other risks faced by the Telstra Group include risks involved in our day to day operations, credit risk and market risk.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that either the Issuer or the Telstra Group will be unable to comply with its obligations as a company with securities admitted to the Official List.

Government and regulatory intervention

We operate in a highly regulated environment that negatively affects our business and its profitability. In particular, we believe that regulation limits our ability to pursue certain business opportunities and activities affecting the returns we can generate on our assets.

Telstra believes that regulation is the most significant ongoing risk to the company. There can be no assurances as to future policies, ministerial decisions or regulatory outcomes. These may be significantly adverse to our business.

We face substantial regulatory risks that we believe have, and will continue to have, substantial adverse effects on our operations, competitiveness and financial performance. The key risks include:

- **access pricing:** we are required to provide certain services to our competitors using our networks at a price based on the ACCC's calculation of the efficient costs of providing these services. In many cases we believe that the ACCC proposes prices that are below our efficient cost of supply. The reforms set out in the section titled "Regulatory Reform" on page 17 of this Prospectus may also affect our access pricing;
- **mandated access to Telstra networks:** a key part of our strategy involves deploying next-generation networks and services, including our Telstra Next G™ wireless network. Regulatory change may require us to allow competitor access to our next-generation networks and services which could materially adversely affect our investment returns, earnings and financial performance;
- **conduct regulation:** the ACCC is empowered to regulate conduct in, amongst others, the telecommunications sector and may in the future regard our conduct to be a breach of applicable law. For example, a refusal by us to supply services to our competitors for what we believe to be normal commercial reasons may, in the ACCC's view be a breach of law, and it may rely upon the potential for very large fines in an endeavour to have us modify what we believe to be normal commercial behaviour;
- **wide government and regulatory discretion:** Commonwealth government ministers and regulatory agencies have broad and, in some instances, discretionary powers to impose and vary licence conditions and other obligations on us;
- **further separation:** there is a risk that Telstra will be subjected to a more intrusive form of separation, for example, of its wholesale, fixed network and retail business, as set out under the section titled "Regulatory Reform" on page 17 of this Prospectus;
- **regulation constraining investment decisions:** our ability to invest in new technologies will be constrained unless legislation is enacted to protect the investment from the risk of regulated access at prices which do not afford a competitive return on the investment;
- **information disclosure:** regulation or regulators may require the disclosure of information in a manner which does not protect confidentiality and which will be damaging to Telstra's commercial interests and the security of Telstra's networks; and

- ***potential increased consumer protection regulation:*** the ACMA is conducting a wide-ranging inquiry into customer service in the telecommunications industry. The Minister has expressed dissatisfaction with current levels of customer service, indicating that the Government could impose additional consumer regulations if the industry does not improve its performance. The ACMA inquiry is due to report in mid-2011, after which the Government is likely to consider whether additional consumer regulations will be imposed.

Because of these regulatory factors, there is a risk that we are, and could be, exposed to significant limitations, uncommercial imposts, penalties and compensation payments in relation to our current and future activities and assets. This may make it prudent on some occasions for us to cease, or choose not to engage in, business activities in which we might otherwise engage; or avoid, defer or abandon certain capital projects. These regulatory risks could therefore have an adverse effect on our ability to pursue certain business opportunities and activities and the returns we can generate on our assets, and could benefit our competitors. This may in turn adversely affect our operations, competitiveness and financial performance.

Further, changes in governmental policy and regulation may also have an impact on us. In addition to changes in laws and regulations, the policies and practices of the government and regulators may change and political and diplomatic developments may have an unexpected or adverse impact on market conditions generally or specifically affect our activities, business or practices.

National Broadband Network

In April 2009 the Government announced it would establish a new company, NBN Co. Limited ("**NBN Co.**") to build and operate a National Broadband Network ("**NBN**") which was originally intended to connect 90 percent of Australian premises using fibre to the premises technology, with the remaining 10 percent to be connected using a combination of wireless and satellite technologies. NBN Co has subsequently announced that it will connect 93 percent of Australian premises with fibre based services and the remaining 7 percent with wireless (4 percent) and satellite technologies (3 percent) subject to final design.

Until February 2010 the Government had maintained that the NBN would be a national, wholesale-only and open access network, which the Government envisages will take up to eight years to build. In late February 2010 the Government released exposure drafts of legislation detailing the line of business restrictions, governance and sale process arrangements for NBN Co and how NBN Co will be regulated. The explanatory materials for the exposure draft raise the possibility of NBN Co engaging in retail operations. In addition, the proposed bespoke nature of the access arrangements for NBN Co also raises the possibility of future asymmetric, and possibly more favourable regulation of NBN Co's wholesale and retail operations when compared to regulation of our operations. These risks may be heightened due to the intended future sell down of the Government's majority ownership of NBN Co after the NBN is built and fully operational and the incentives this may create for preferential Government treatment of NBN Co. The Government called for submissions on the exposure drafts of the NBN Co Bills to be lodged by 15 March 2010 and has indicated that it may amend the drafts before presenting them to Parliament. An amended Bill is yet to be released.

The Government has published an implementation study on the NBN (conducted by McKinsey & Company and KPMG) to determine the operating arrangements, detailed network design and ways to attract private sector investment. The Government has yet to publish its formal response to the implementation study.

On 18 December 2009 Telstra announced it had formalised Terms of Engagement with NBN Co to facilitate negotiation of Telstra's potential participation in the roll out of the NBN. On 20 June 2010 Telstra announced that it had reached a non-binding financial heads of agreement ("**FHoA**") with NBN Co on the key aspects of such participation, including the progressive decommissioning of our copper network and cable broadband service on our HFC network and the provision of various passive and active services to NBN Co for the rollout of the NBN. The transaction, if completed, would deliver Telstra a post-tax net present value of approximately \$11 billion. This includes approximately \$9 billion from NBN Co in payment for the decommissioning of Telstra's copper network and cable broadband service and use of Telstra's infrastructure. Payments would be made progressively to Telstra of the A\$9 billion NBN Co value, approximately 40 to 50 percent would be for leasing our duct, exchange space, dark fibre and managed back haul. The A\$2 billion Government contribution includes the value to Telstra of avoiding costs, including certain Universal Service Obligation ("**USO**") costs.

The transaction would see Telstra progressively migrate its voice and broadband traffic from its copper and cable networks to NBN Co's network as it is rolled out. Telstra would continue to use its cable network to meet its pay TV contract with FOXTEL.

The detail of the proposed arrangements in the FHoA remain to be worked out before final definitive agreements are entered into and put to relevant stakeholders and the regulator for approval. These issues are as diverse as migration processes, taxation, the future legacy regulations applying to Telstra and the consequences of any major changes to the NBN rollout schedule.

In addition to requiring shareholder approval, the FHoA has a range of conditions, including the passage of necessary enabling legislation and ACCC approval. Accordingly, there can be no guarantee at this time that the transaction will occur.

The FHoA provides the framework for definitive agreements to be negotiated over the coming months. Should those agreements be finalised Telstra expects they would be put to shareholders in the first half of calendar 2011.

On 7 September 2010, the Government announced, as part of its commitments to form minority government, that the NBN fibre will be built in regional areas as a priority, that NBN Co will bring forward the introduction of wireless and satellite services and that the NBN would offer a uniform national wholesale price. We have not determined whether these policy measures would have any impact on the proposed arrangements in the FHoA and they will be assessed together with the factors noted above in working on the detail of those arrangements.

We are committed to working constructively with the Government to find the best possible solution for Australia and for Telstra's investors, customers and employees. We welcome the NBN as an important nation building initiative, however, there is a risk that the NBN may negatively impact on our business over the long term. The exact extent of that impact and of our participation in the NBN is unlikely to become clear before the conclusion of those negotiations. Telstra has made it clear that any deal with the Government in relation to Telstra's participation in the NBN must be in the best interests of the company and its investors.

Regulatory Reform

On 15 September 2009, the Government introduced into Parliament the Telecommunications Legislation Amendment (Competition and Consumer Safeguards) Bill 2009 (the CCS Bill).

The CCS Bill proposes significant changes to existing telecommunications regulation, including:

- steps to separate Telstra, giving Telstra the option of voluntarily structurally separating, or having the Government impose a strong functional separation framework on Telstra and deny Telstra access to spectrum required for the next generation of wireless services;
- reform of the access and anti-competitive conduct regimes by abolishing the current negotiate/arbitrate model of resolving access disputes, and providing the ACCC with significantly increased new upfront price setting powers by making "access determinations" of price and non-price terms of access for regulated services; and
- reform of the current consumer safeguard framework impacting Telstra's Universal Service Obligation, Payphone services, the Customer Service Guarantee and Priority Assist services, including giving new powers to the Minister to introduce new minimum performance benchmarks for wholesale and retail telecommunications suppliers, and to the Australian Communications and Media Authority (ACMA) to issue infringement notices for certain breaches of telecommunications legislation.

The CCS Bill also seeks to force Telstra to divest its HFC cable and its interest in FOXTEL (along with structural separation) in order to avoid being excluded from spectrum for future generation mobile services unless these requirements are waived in the Minister's discretion. In late June 2010 the Government introduced amendments to the CCS Bill, the most significant of which is to provide for Telstra to be able to lodge a structural separation undertaking with the ACCC which is conditional upon the subsequent waiver by the Minister of certain divestiture requirements and on shareholder approval. This provides a mechanism by which key preconditions to any agreement on the NBN to can be completed before Telstra's shareholders are asked to approve any overall agreement on Telstra's participation in the NBN rollout.

The CCS Bill follows the Government's April 2009 discussion paper on regulatory reform. The CCS Bill is awaiting further parliamentary consideration and may pass into law in late 2010 or early 2011.

A successful resolution of the negotiations with NBN Co and the Government of definitive agreements on Telstra's participation in the NBN rollout, if approved by relevant stakeholders and the regulator, may ameliorate some of the risks identified above. While the Government is not a party to the FHoA described above, at the time of the FHoA it confirmed that, should the transaction be completed (and assuming the CCS Bill is passed into law), Telstra would be able to bid for Long Term Evolution (LTE) wireless spectrum and indicated that it will provide sufficient regulatory certainty on a range of matters for NBN Co and Telstra to enable the transaction to proceed.

Structural change and transition investment program

During the year our transformation program was closed and we moved into a business as usual state. This program involved the development, streamlining and modernisation of our networks and systems and a complex and fundamental change to our business, operations, networks and systems. The transformation provides the foundation for ongoing product and service differentiation and improvements in operations.

The telecommunications industry is at an inflection point which will require Telstra to undergo significant change over the next three years. This industry change is driven by accelerated decline in PSTN revenues, fixed to mobile calling substitution, product mix change, mobile internet developing faster than fixed internet, the explosion of the volume of data and video being carried by our networks, increasing price competitiveness for broadband and voice and the proposed National Broadband Network open access fibre network described above. This is both shifting our revenue mix towards lower margins and also makes the development of new revenue streams an imperative.

To deliver long-term outcomes requires us to urgently re-position the company for bottom line growth by growing market share, increasing customer satisfaction and increasing productivity. The key elements of this are:

- Improving customer service and satisfaction;
- Competing aggressively and growing market share through improved marketing, customer care and investing in technology leadership;
- Investing in the simplification of our business; and
- Investing for long term growth.

Taking advantage of these opportunities will be complex. We need to make some necessary investments to regain market share, simplify our business and improve customer service. We have put in place an extensive three year program of work to redefine and simplify key processes in the company to deliver less complexity, reduce expenditure, and provide more predictable and consistent outcomes that will also improve customer service. This is a significant project that will re-define the structures of the company and drive greater alignment across the business. Telstra is making investments to take advantage of new revenue streams, and utilise our upgraded IT systems and networks to further improve customer service and satisfaction.

We may not be successful in completing this work and deriving the benefits of our strategy. In particular, there are risks that:

- extended delays and other execution problems in implementing our strategy may develop;
- customer take-up of our new products and services may be significantly less than planned;
- competitors may offer similar services and capabilities and price lower than expected;
- our actual capital and operating costs may turn out to be substantially greater than those budgeted; and
- loss of key personnel may impact implementation or benefit realisation.

Competition

The telecommunications industry in Australia and internationally is competitive and subject to significant change. We face significant competition from local and international competitors, which compete vigorously for customers in the various markets and sectors in which we operate. The effect of competitive market conditions may adversely impact on our earnings and assets.

In particular:

- if we are not successful in addressing the decline in revenues from our traditional high-margin fixed line (Public Switched Telephone Network or PSTN) products and services and in increasing the revenues and profitability of our emerging products and services, our overall financial performance will decline;

- rapid technological changes and the convergence of traditional telecommunications markets with data, internet and media markets expose us to significant operational, competitive and technological risks;
- competition in the Australian telecommunications market and advertising market could cause us to continue to lose market share and reduce our prices and profits from current products and services;
- The NBN and the possible implementation of the proposed Bill may, in the longer term, further accelerate the existing price and network based competition; and
- network and system failures could damage our reputation and earnings.

Other operational risks

Concerns have been expressed by some that the emission of electromagnetic energy by mobile telephone handsets and transmission equipment may pose health risks at exposure levels below existing guideline levels. Actual or perceived health risks could lead to decreased mobile communications usage, future legal claims and calls for increased regulatory restrictions in relation to mobile handsets and transmission equipment. Telstra relies on the expert advice of national and international health authorities such as the World Health Organisation (WHO) and the Australian Radiation Protection and Nuclear Safety Agency (ARPANSA) - an agency of the Commonwealth Department of Health and Ageing - for overall assessments of health and safety impacts.

We could also experience difficulty in retaining and attracting skilled and experienced people. Employment and workplace relations law changes may impact labour costs.

The occurrence of any or all of these risks may have a material adverse impact on our operations, competitiveness and financial performance.

Subsidiaries, joint venture entities and other equity investments

Some of our domestic and international activities are conducted through subsidiaries, joint venture entities and other equity investments and, under the governing documents for some of these entities, certain key matters such as the approval of business plans and decisions as to capital invested and the timing and amount of cash distributions require the agreement of our co-participants. Our co-participants may have different approaches with respect to the investment and the markets in which they operate and on occasions we may be unable to reach agreement with them. Any dispute or disagreement from time to time with our partners may negatively affect our ability to pursue our business strategies.

In some cases, strategic or venture participants may choose not to continue their participation. In addition, our arrangements with our co-participants may expose us to additional investment, capital expenditure or financing requirements. There are also circumstances where we do not participate in the control of, or do not own a controlling interest in an investment, and our co-participants may have the right to make decisions on certain key business matters with which we do not agree.

Where we have made equity investments or entered into ventures in countries other than Australia we may also be affected by the political, economic, regulatory and legal environments operating in those countries which are different from those in Australia. As a result, our international operations may be subject to numerous unique risks, including multiple and conflicting regulations, changes in regulatory requirements, foreign investment regulations, regulatory compliance interpretations and enforcement practices and changes in political and economic stability and fluctuations in exchange rates. These factors could materially and adversely affect our future revenues, operating results and financial condition.

All of these factors could negatively affect our ability to pursue our business strategies with respect to the concerned entities or business objectives and the markets in which they operate.

Telstra has limited exposure to the equity markets through the defined benefit component of its superannuation fund as described in Note 24 of the financial statements in our 2010 Annual Results. During the 2009 financial year, Telstra recommenced making cash contributions to the Telstra Superannuation Scheme (Telstra Super). This occurred due to the reduction in the market values of investments triggering the funding deed we have with Telstra Super. This funding deed requires contributions to be made when the average vested benefits index (VBI) in respect of the defined benefit membership (the ratio of defined benefit plan assets to defined benefit members' vested benefits) of a calendar quarter falls to 103 percent or below. For the quarter ended 30 June 2010, the VBI was 86 percent (30 June 2009: 82 percent). In accordance with the funding deed we have paid contributions totalling \$460 million for the year ended 30 June 2010. The current contribution rate for the defined benefit divisions of Telstra Super, effective June 2010, is 27 percent. We expect to contribute approximately \$460 million for the 2011 financial year. The performance of the fund is subject to the prevailing conditions in the financial

markets. We will continue to monitor the performance of Telstra Super and at the end of each calendar quarter we will reassess the VBI and our requirement to make employer contributions in light of actuarial recommendations.

Shares held by the Future Fund

As at the date of this Prospectus, approximately 10.9 percent of Telstra's shares are held by the Future Fund, an investment fund set up by the Commonwealth of Australia to provide for its unfunded superannuation liabilities. In August 2009, the Future Fund decreased its holding by approximately 5.5 percent from approximately 16.4 percent, in line with its investment strategies. At the time that it announced the sale of the 5.5 percent, the Future Fund stated that it would commit not to sell any additional Telstra shares for 180 days, other than through any opportunity under the Dividend Reinvestment Plan framework agreed with Telstra. That escrow period expired on 23 February 2010.

The Future Fund Board of Guardians ("**Future Fund Board**") has previously noted that it expects to reduce its Telstra holding over the medium term, however, care would be taken to meet the requirements to maximise long term value with acceptable risk while avoiding causing abnormal volatility in the market. Future disposals by the Future Fund of our shares (or a perception that such disposals could occur) could reduce our share price and adversely affect the timing and effectiveness of capital raisings and could adversely impact our cost of capital.

The Commonwealth Government may give the Future Fund Board directions as to how disposals, voting and other rights relating to the shares may be exercised. On 25 November 2009, the Government announced that it was considering measures aimed at reinforcing the independence of the Future Fund Board from the Government. In particular, it stated that it would not be directing the Future Fund Board in relation to its Telstra shareholdings, including the exercising of its voting rights in relation to any shareholder vote on structural separation (please refer to the paragraphs headed "Regulatory Reform" in this Part III-4) and would not discuss with the Board its intention in relation to the use of its voting rights. While this is the current Government's stated policy in relation to the Future Fund, this policy may change in the future. Further, if a new Government is elected, that new Government may have a different policy to the current Government.

There is the risk that the interests of the Future Fund and/or a Government may not be aligned with the interests of other shareholders and the Future Fund could take actions that we may not regard as being in the best interests of us or our other shareholders.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAM

In this section "Risk factors - Factors which are material for the purpose of assessing risks associated with Notes issued under the Program", we, us, our and Telstra all mean the Issuer.

Risk factors associated with the terms of the Notes

The risks of a particular Note will depend on the terms of the relevant Note, but may include, without limitation, the possibility of significant changes in:

- (a) the values of the applicable currencies, commodities, interest rates or other indices or formulae;
- (b) the price, value, performance or any other applicable factor relating to one or more securities, assets or other property; or
- (c) the creditworthiness of entities other than Telstra.

Such risks generally depend on factors over which we have no control and which cannot readily be foreseen, such as economic and political events and the supply of and demand for the relevant currencies, commodities, securities, assets or other property. Neither the current nor the historical price, value or performance of:

- (i) the relevant currencies, commodities, interest rates or other indices or formulae;
- (ii) the relevant classes of securities, assets or other property; or
- (iii) the relevant entities,

should be taken as an indication of future price, value or performance during the term of any Note.

Notes may be issued with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "**Relevant Factor**"). Potential investors should be aware that:

- the market price of such Notes may be volatile;
- they may receive no interest;
- payment of principal or interest may occur at a different time or in a different currency than expected;
- the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;
- a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Market and related risks

The value of an investment in the Notes may fluctuate due to various factors, including investor perceptions, worldwide economic conditions, interest rates, movements in the market price of other securities, debt market conditions and factors that may affect our financial performance and position. Notes may trade at a market price below their issue price.

In particular, the following risks may affect an investment in the Notes:

- our financial performance and rating:** a change in the financial condition or rating of the Issuer may impact on the market value and the transferability of the Notes;
- default risk:** if an event of default occurs under the Notes, or we (or any of our agents) fail to perform any obligation in relation to the Notes, such event or failure may impact on the value of an investment in the Notes, the transferability of the Notes and the ability of a holder to recover amounts due under the Notes;
- unsecured investment:** Notes issued under the Program are unsecured and, in making an investment in the Notes, an investor is relying on our general ability to repay principal and pay interest at the time it is due and fulfil our other obligations in connection with the Notes, without recourse to any particular asset or security;
- insolvency risk:** in the event that we become insolvent, insolvency proceedings will be governed by, or another jurisdiction determined in accordance with, Australian law. The insolvency laws of Australia or that other jurisdiction, and the treatment and ranking of Noteholders, other creditors and shareholders under those laws, may be different from the position if we were subject to the insolvency laws of an investor's home jurisdiction;
- market and liquidity risks:** Notes may have no established trading market when issued, and one may never develop (and, if a market does develop, it may not be liquid). There is no obligation on the Dealers to effect secondary sales of the Notes and investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of the Notes;
- interest rate risks:** an investment in fixed rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of such fixed rate Notes. Increases in relevant interest rates may adversely affect the market value of the Notes;

In addition, the market values of Notes issued at a substantial discount or premium to their nominal amount may fluctuate more in relation to general changes in interest rates than to prices for conventional interest-bearing securities;

- currency risk:** we will pay principal and interest on the Notes in the currency in which the Notes are denominated which may present risks if an investor's financial activities are denominated principally in another currency, as exchange rates may significantly change over the tenor of the Notes. In addition,

government and monetary authorities may impose exchange controls or devalue or change currencies (as some have done in the past) in a manner that could adversely affect the market value of the Notes;

- (h) **non-payment of instalments:** Notes may be issued where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment;
- (i) **optional redemption risks:** an optional redemption feature is likely to limit the market value of Notes. During any period when we may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. We may be expected to redeem the Notes when our cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate;
- (j) **stub amounts:** In relation to Notes which have a denomination consisting of the minimum Specified Denomination (as defined in the Terms and Conditions of the Notes) plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €50,000 (or its equivalent) that are not integral multiples of €50,000 (or its equivalent). In such a case an investor who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of the Notes such that its holding amounts to a Specified Denomination;
- (k) **stabilisation:** Notes may be subject to price stabilisation activities by the Stabilisation Manager(s) as detailed under the heading “Important notice - Stabilisation” above. There is no guarantee that price stabilisation activities will occur, or that if they do, that they will be successful; and
- (l) **clearing system risk:** as one or more Series of Notes will be held by, or on behalf of, Euroclear, Clearstream, Luxembourg, Austraclear or another clearing system, investors will have to rely on their procedures for transfer, payment and communication with us.

Legal considerations relating to an investment in Notes

Legal considerations may restrict certain investments. The investment activities of certain investors are or may be subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult their legal advisers to determine whether and to what extent:

- (a) Notes are legal investments for it;
- (b) Notes can be used as collateral for various types of borrowing; and
- (c) other restrictions apply to its purchase or pledge of any Notes.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Changes in law and modifications to the terms and conditions of Notes

Changes in law, including a change to the Issuer's legal status, control or tax residence and changes to the law governing the Notes, may alter the rights of investors from those at the time of the issue and may impact on the ability of an investor to enforce its rights as they existed at the date of issue.

Further, changes in governmental policy and regulation may also have an impact on us. In addition to changes in laws and regulations, the policies and practices of government regulators may change and political and diplomatic developments may have an unexpected or adverse impact on the terms and conditions of the Notes.

The Notes also contain provisions for calling meetings of investors to consider matters affecting their interests generally. These provisions permit defined majorities to bind all investors including such investors who did not attend and vote at the relevant meeting and investors who voted in a manner contrary to the majority.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person, an individual resident in that other Member State.

However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to impose a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). In addition, a number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland) in certain circumstances on a reciprocal basis.

If a payment were to be made or collected through a Member State which has imposed a withholding system and tax, or in respect of tax, were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. However, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Credit Ratings

One or more independent credit rating agencies may assign credit ratings to the Notes to be issued by us under the Program. The rating(s) (if any) of the Notes will be specified in the applicable Final Terms. The rating(s) may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the market value of the Notes. (See also the information on credit ratings in “Overview of the Program” above).

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, cancellation, reduction or withdrawal at any time by the assigning rating agency. Each rating should be evaluated independently of any other rating. Credit ratings are for distribution only to a person (a) who is not a “retail client” within the meaning of section 761G of the Corporations Act 2001 of Australia and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Part 6D.2 or 7.9 of the Corporations Act 2001 of Australia, and (b) who is otherwise permitted to receive credit ratings in accordance with applicable law in any jurisdiction in which the person may be located.

An issue may not proceed

The Issuer may decide not to proceed with an issue of Notes under the Program. Where this is the case, the investor will have no rights against the Issuer in relation to any expense incurred or loss suffered.

Corporate profile

In this section “Corporate profile”, **we, us, our, Telstra, Company** and **Telstra Group** all mean Telstra Corporation Limited, an Australian corporation, and its controlled entities taken as a whole. Other terms used in this section which are not specifically defined can be found in the Glossary at the end of this section.

Our fiscal year ends on 30 June. Unless we state differently, the following applies:

- **year** or a **fiscal year** means the year ended 30 June; and
- **2010** means **fiscal 2010** and similarly for other fiscal years.

All amounts are expressed in Australian dollars (**A\$**), unless otherwise stated.

Introduction

We are Australia’s leading telecommunications and information services company offering a full range of services in these markets. We also operate in a number of overseas countries.

Our origins date back to 1901, when the Postmaster-General’s Department was established by the Australian government to manage all domestic telephone, telegraph and postal services, and to 1946, when the Overseas Telecommunications Commission was established by the Australian government to manage international telecommunications services.

Since then, we have undergone many changes and were incorporated as an Australian public limited liability company in November 1991. Telstra Corporation Limited is now a company limited by shares, incorporated and operating under the Corporations Act. Following the opening of Australia’s telecommunications markets to full competition in July 1997, the Australian government progressively reduced its holding in us from 100 percent to 16.9 percent and in February 2007 transferred its remaining shares in us into the Future Fund (an Australian Government investment fund set up to strengthen the Australian government’s long-term finances by providing for its unfunded superannuation liabilities). In August 2009, the Future Fund decreased this holding to 10.9 percent.

As at 30 June 2010 Telstra Corporation Limited had on issue 12,443 million full paid ordinary shares. At the date of this Prospectus we are not, directly or indirectly, controlled by any of our shareholders.

Our shares are quoted on the Australian Stock Exchange and on the New Zealand Stock Exchange. We comply with the ASX Corporate Governance Council’s Principles of Good Corporate Governance and Best Practice Recommendations.

The Telstra Group consists of a significant number of Australian and foreign subsidiaries. A list of Telstra’s controlled entities is provided in note 25, and our jointly controlled and associated entities are listed in note 26 of the financial statements in our 2010 Annual Results which are incorporated into this Prospectus by reference (see “Documents incorporated by reference” on pages 6 to 8 inclusive of this Prospectus).

Telecommunications and information services

Our main activities include the provision of:

- **basic access services to most homes and businesses in Australia** - our basic access service includes installing and maintaining connections between customers’ premises and our national fixed network for delivering basic and enhanced telephone services (or Public Switched Telephone Network or **PSTN**) and providing basic voice, facsimile and Internet services. Along with basic access services, we provide handsets and other devices (such as the Telstra T-Hub[®]) for sale and rental to help customers use our services more effectively;

- **enhanced products and value added services** - in addition to basic access services, we provide enhanced products like Integrated Services Digital Network (“**ISDN**”) access to voice, data and video and Asymmetric Digital Subscriber Line (“**ADSL**”) services and value added services such as voicemail, call waiting, call forwarding, call conferencing and call return;
- **long distance telephone calls in Australia and international calls to and from Australia** - we offer long distance telephone calls throughout Australia and international telephone services to more than 230 countries and territories. We also provide a comprehensive range of inbound calling products and services;
- **mobile telecommunications services** - we offer a full range of second generation (2G) and third generation (3G including the Telstra Next G™ 3GSM 850 MHz national wireless broadband network) mobile services to our customers, including voice calling, video calling, text and multimedia messaging, mobile broadband and a range of information, entertainment and connectivity services;
- **broadband access and content** - we offer a range of Internet products and packages under our BigPond® brand, Australia’s leading internet service provider. Telstra BigPond® Broadband provides broadband Internet services to consumer and small and medium business customers via hybrid fibre coaxial cable, satellite, ADSL and wireless technologies. Telstra BigPond® Dial-Up offers dial-up modem services to residential and small and medium business customers across Australia;
- **a comprehensive range of data and IP services** including a broad range of up-to-date information and entertainment through Telstra BigPond®, a suite of business grade internet solutions and a number of specialised services, including IP networking for enterprises, digital data or Ethernet services, transaction / electronic funds transfer at point of sale (“**EFTPOS**”) services and video services, and value added services such as security and hosting;
- **supply of equipment** - we are the leading provider of payphones in Australia and, as part of our customer voice, data, mobile and service solutions, we provide equipment for rental or sale to our customers;
- **management of business/government customers network services;**
- **wholesale services** to other carriers, carriage service providers and internet service providers;
- **advertising, search and information services through Sensis®** - these include popular information services such as Yellow™, White Pages®, CitySearch® and Whereis® ; and
- **cable distribution services** for FOXTEL’s cable subscription television services.

One of our strengths in providing integrated telecommunications services is our extensive geographical coverage through both our fixed and mobile network infrastructure. This underpins the carriage and termination of the majority of Australia’s domestic and international voice and data traffic.

In relation to the Australian Government’s NBN proposals, we are committed to working constructively with the Government to find the best possible solution for Australia, and for Telstra’s investors, customers and employees.

On 20 June 2010, Telstra signed a non-binding Financial Heads of Agreement with NBN Co to participate in the rollout of the NBN. The transaction, if completed, would involve the decommissioning of Telstra’s copper network and cable broadband service and the use by NBN Co of certain types of Telstra infrastructure. The transaction would see Telstra progressively migrate its voice and broadband traffic from its copper and cable networks to NBN Co’s network as it is rolled out. Telstra would continue to use its cable network to meet its pay TV contract with FOXTEL. Telstra would use the NBN and other network assets, to offer a full array of products and services to customers.

In addition to requiring shareholder approval, the Financial Heads of Agreement has a range of conditions, including the passage of necessary enabling legislation and ACCC approval. Accordingly, there can be no guarantee at this time that the transaction will progress to completion.

See the “Risk Factors – National Broadband Network” section on pages 16 to 17 of this Prospectus for more information.

Subscription television

We own 50 percent of FOXTEL, with Consolidated Media Holdings Ltd (formerly named Publishing & Broadcasting Ltd) and The News Corporation Limited each owning 25 percent. FOXTEL is Australia's leading provider of subscription television services.

International investments

Our major international investments include:

- **CSL New World Mobility Group** - Hong Kong's leading mobile operator of which we own 76.4 percent;
- **TelstraClear** - our wholly owned subsidiary, is a full service carrier in New Zealand. TelstraClear provides innovative voice, data, Internet, mobile resale, managed services and cable television products and services to the New Zealand market;
- **REACH** - a 50/50 joint venture with PCCW Limited ("**PCCW**"), which provides outsourcing services in support of Telstra's and PCCW's international voice and data services. REACH is also one of the world's top carriers of international voice traffic. REACH operates and maintains or uses voice and data switching platforms, satellite earth stations and a network of over forty submarine cable and international satellite systems, together with associated landing rights, backhaul, operating licences and bilateral agreements in most international markets;
- **SouFun** - a leading real estate and home furnishing website in China, in which we purchased a 55 percent holding (on an undiluted basis) in 2006 as part of our growth strategy for Sensis.

On 1 December 2009, we announced that the shareholders of SouFun had agreed to commence a process to prepare SouFun for an initial public offering ("**IPO**") in 2010. On 13 August 2010, we announced that two private equity firms and two existing shareholders of SouFun agreed to purchase any shares of SouFun held by us that are not sold in an IPO at the IPO price up to an agreed maximum price or, alternatively, in the event an IPO of SouFun is not completed within a specified period of time, purchase our entire shareholding in SouFun at a price based on a valuation of 100 percent of SouFun at US\$810 million. These transactions are subject to certain closing conditions. On 3 September 2010 we announced that SouFun had filed with the U.S. Securities and Exchange Commission a Registration Statement on Form F-1 (including a preliminary prospectus) for an IPO of American Depositary Shares (ADS) representing the Class A ordinary shares of SouFun. The announcement stated that it is currently anticipated that the IPO will be completed by 30 September 2010, subject to a final decision to proceed with the IPO. Amongst other things, the registration statement contains an indicative price range per ADS of US\$40.50 to US\$42.50. This price range would value 100 percent of SouFun at approximately US\$810m to US\$850m, immediately prior to the IPO. Telstra intends to sell down its 50.5 percent shareholding in SouFun as described in its announcement of 13 August 2010;

- **Norstar Media, Autohome and PCPop** - three internet businesses which operate leading auto and digital device websites in China, in which we purchased a 55 percent holding in 2008; and
- **China M and Sharp Point** - Telstra acquired a 67 percent interest in these businesses in February 2009. China M is a supplier of consumer mobile content in China, while Sharp Point provides technical services for a major Chinese carrier's rapidly growing central music platform. (Further information regarding China M is provided in Note 21 (Impairment) to the financial statements in our 2010 Annual Results which are incorporated into this Prospectus by reference (see "Documents incorporated by reference" on pages 6 to 8 inclusive of this Prospectus))
- **Dotad** - The Telstra group acquired a majority interest in Dotad Media Holdings Limited ("**Dotad**") on 23 February 2010. The subsidiaries of Dotad are engaged in the mobile advertising and related businesses in China.

We also have a 46.9 percent equity interest in Australia-Japan Cable Holdings Limited, a network cable provider which owns and operates a fibre optic cable between Australia and Japan.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Program.

Part 1 Introduction

1 Introduction

1.1 Program

Telstra Corporation Limited (ABN 33 051 775 556) (“**Issuer**”) has established a debt issuance program for the issuance of an unlimited principal amount of Notes.

1.2 Final Terms

Notes issued under the Program are issued in Series. Each Series may comprise one or more Tranches having one or more issue dates and on terms otherwise identical (other than in respect of the first payment of interest). Each Tranche is the subject of the Final Terms which supplements, amends or replaces these Conditions. In the event of any inconsistency between these Conditions and the relevant Final Terms, the relevant Final Terms prevails.

1.3 Issue documentation

Subject to applicable Directives, the Issuer may issue Notes under the Program in any applicable country including Australia, New Zealand, Canada and countries in Europe and Asia (but not the United States). Notes issued in bearer form or registered form into capital markets outside Australia, New Zealand and the United States will be issued under the Euro Fiscal Agency Agreement or a Registry Services Agreement and have the benefit of the Deed of Covenant. Notes issued in registered form into the Australian and New Zealand capital markets will be issued under the Australian Note Deed Poll and the New Zealand Note Deed Poll respectively. Notes issued in Canada and other jurisdictions outside the United States will be made pursuant to such other additional documentation as the Issuer considers appropriate and in agreement with the Program Documents and relevant Directives.

1.4 The Notes

All subsequent references in these Conditions to “Notes” are to the Notes which are the subject of the relevant Final Terms. Copies of the relevant Final Terms are available for inspection by Noteholders during normal business hours at the Specified Office of the Issuer or the relevant Agent.

1.5 Summaries

Certain provisions of these Conditions are summaries of the Euro Fiscal Agency Agreement, the Australian Registry Services Agreement, the New Zealand Registry Services Agreement and other Program Documents and are subject to their detailed provisions. The Noteholders and Couponholders are bound by, and are taken to have notice of, all the provisions of the relevant Agency Agreement applicable to them. A copy of the relevant Agency Agreement is available for inspection by Noteholders during normal business hours at the Specified Offices of each of the Issuer and the relevant Agents.

1.6 Interpretation

Defined terms and interpretation provisions are set out in Condition 35 (“Interpretation”). - (a) on each Interest Payment Date; or
- (b) if no Interest Payment Date is specified in the relevant Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date, or, in the case of the first Interest Payment Date, after the Interest Commencement Date, subject, in each case, as provided in Condition 18.4 ("Payments on business days").

13.3 Interest Rate

The Interest Rate payable in respect of a Floating Rate Note and Variable Interest Notes must be determined in the manner specified in the applicable Final Terms.

13.4 ISDA Determination

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate. For the purposes of this condition, "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is either:
 - (i) if the relevant Floating Rate Option is for a currency other than Sterling, the second Business Day before the first day of that Interest Period; or
 - (ii) in any other case, as specified in the relevant Final Terms.

For the purposes of this definition, "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity" and "Reset Date" have the meanings given to those terms in the ISDA Definitions.

13.5 Screen Rate Determination

If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate applicable to the Notes for each Interest Period will be the quotation offered for the Reference Rate appearing on the Relevant Screen Page at the Relevant Time. However:

- (a) if there is more than one offered quotation displayed on the Relevant Screen Page at the Relevant Time on the Interest Determination Date, the Screen Rate is the rate calculated by the Calculation Agent as the arithmetic mean of the offered quotations. If there are more than five offered quotations, the Calculation Agent must exclude the highest and lowest quotations (or, in the case of equality, one of the highest and one of the lowest quotations) from its calculation; or
- (b) if an offered quotation is not displayed by the Relevant Time on the Interest Determination Date or if it is displayed but there is an obvious error in that rate, Screen Rate means:
 - (i) the rate the Calculation Agent calculates as the arithmetic mean of the Reference Rates that each Reference Bank quoted to the leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date; or
 - (ii) where the Calculation Agent is unable to calculate a rate under sub-paragraph (b)(i) because it is unable to obtain the necessary number of quotes, the rate the Calculation Agent calculates is the arithmetic mean of the rates (being the nearest equivalent to the Reference Rate) in respect of an amount that is representative for a single transaction in that market at that time quoted by two or more institutions chosen by the Calculation Agent in the Relevant Financial Centre at the Relevant Time on the date on which those banks would customarily quote those rates for a period commencing on the first day of the Interest Period to which the relevant Interest Determination Date relates for a period equivalent to the relevant Interest Period to leading banks carrying on business in the Relevant Financial Centre in good faith at approximately 11:00am on that day and in an amount that is representative for a single transaction in the market at that time; or
- (c) if the relevant Final Terms specifies an alternate method for the determination of the Screen Rate Determination, then that alternate method will apply.

13.6 Index Linked Interest Notes

If the Index Linked Interest Note provisions are specified in the relevant Final Terms as being applicable, the Interest Rate(s) applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Final Terms.

13.7 Maximum or Minimum Interest Rate

If the relevant Final Terms specifies a Maximum Interest Rate or Minimum Interest Rate for any Interest Period, then the Interest Rate for that Interest Period must not be greater than the Maximum Interest Rate, or be less than the Minimum Interest Rate, so specified.

13.8 Calculation of Interest Rate and interest payable

The Calculation Agent must, as soon as practicable on or after determining the Interest Rate in relation to each Interest Period, calculate the amount of interest payable for the relevant Interest Period in respect of the outstanding principal amount of each Floating Rate Note and Variable Interest Note.

The Calculation Agent will calculate the amount of interest payable on the Floating Rate Notes and Variable Interest Notes for the relevant Interest Period by applying the Interest Rate to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or a Variable Interest Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

13.9 Calculation of other amounts

If the relevant Final Terms specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent must, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount must be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.

13.10 Notification of Interest Rate, interest payable and other items

The Calculation Agent must notify the Issuer, the relevant Registrar, the relevant Agent and the relevant Noteholders and any stock exchange or other relevant authority on which the relevant Floating Rate Notes or Variable Interest Notes are listed as soon as possible of:

- (a) each Interest Rate, the amount of interest payable and each other amount, item or date calculated or determined by it together with the relevant Interest Payment Date; and
- (b) any amendment to any amount, item or date referred to in paragraph (a) arising from any extension or reduction in any relevant Interest Period or calculation period.

The Calculation Agent must give notice under this Condition 13.10 as soon as practicable after such determination but (in the case of each Interest Rate, the amount of interest payable and Interest Payment Date) in any event not later than the fourth day of the relevant Interest Period. Notice must also be given promptly to Noteholders.

The Calculation Agent may amend any amount, item or date (or make appropriate alternative arrangements by way of adjustment) as a result of the extension or reduction of the Interest Period without prior notice but must notify each stock exchange or other relevant authority on which the relevant Floating Rate Notes or Variable Interest Notes are listed and the Noteholders after doing so.

13.11 Determination final

The determination by the Calculation Agent of all amounts, rates and dates falling to be determined by it under these Conditions (including the Interest Rate for any Interest Period and the amount of interest payable for any Interest Period in respect of any Note) is, in the absence of manifest error, final and binding on the Issuer, each Noteholder, the relevant Registrar, the relevant Agent and the Calculation Agent.

14 Dual Currency Notes

14.1 Application

This Condition 14 ("Dual Currency Notes") applies to the Notes only if the relevant Final Terms states that it applies.

14.2 Interest Rate

If the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable must be determined in the manner specified in the applicable Final Terms.

15 Partly Paid Notes

15.1 Application

This Condition 15 ("Partly Paid Notes") applies to the Notes only if the relevant Final Terms states that it applies.

15.2 Interest Rate

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest accrues on the paid up principal amount of those Notes as specified in the applicable Final Terms.

16 General provisions applicable to interest

16.1 Late payment of Notes (other than Zero Coupon Notes)

Interest ceases to accrue as from the due date for redemption of a Note (other than a Zero Coupon Note) unless upon due presentation (in the case of a Bearer Note), presentation and surrender (in the case of a Canadian Domestic Note) or demand (in the case of an Australian Domestic Note or a New Zealand Domestic Note) payment of the Redemption Amount is not made, in which case interest continues to accrue on it (both before and after any demand or judgment) at the rate then applicable to the outstanding principal amount of the Note or any other default rate specified in the relevant Final Terms until the date whichever is the earlier of:

- (a) the date on which the relevant payment is made to the relevant Noteholder; or
- (b) the seventh day after the date on which the relevant Paying Agent or Registrar has notified the Noteholders that it has received all sums due in respect of the Notes up to such day (except to the extent that there is any subsequent default in payment).

16.2 Late payment of Zero Coupon Notes

If the Redemption Amount payable in respect of any Zero Coupon Note is not paid when due, the Redemption Amount is an amount equal to the sum of:

- (a) the Reference Price; and
- (b) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) whichever is the earlier of:
 - (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder; and
 - (ii) the day on which the Principal Paying Agent or Registrar has notified the Noteholders that it has received all sums due in respect of the Notes up to such day (except to the extent that there is any subsequent default in payment).

16.3 Rounding

For the purposes of any calculations required under these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms):

- (a) all percentages resulting from the calculations must be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 percent being rounded up to 0.00001 percent);
- (b) all amounts denominated in any currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards (save in the case of Japanese Yen which will be rounded down to the nearest Yen);
- (c) all figures must be rounded to five significant figures (with halves being rounded up); and
- (d) all amounts that are due and payable must be rounded to the nearest sub-unit (with halves being rounded up).

16.4 Change of control

If the relevant Final Terms states that a change of control applies in respect of the Notes, the terms of that change of control provision will be as set out in such Final Terms.

Part 5 Redemption and purchase

17 Redemption

17.1 Scheduled redemption

Each Note is redeemable by the Issuer on the Maturity Date at its Final Redemption Amount unless:

- (a) the Note has been previously redeemed; or
- (b) the Note has been purchased and cancelled; or
- (c) the Final Terms states that the Note has no fixed maturity date.

17.2 Early redemption for taxation reasons

The Issuer may redeem the Notes in a Series in whole (but not in part) before their Maturity Date at their Early Redemption Amount (Tax) if the Issuer is required under Condition 23.2 ("Withholding tax") to increase the amount of a payment in respect of a Note.

However, the Issuer may only do so:

- (a) if the Issuer has given at least 30 days' (and no more than 60 days') notice to the Principal Paying Agent or the Registrar, as the case may be, and the Noteholders (which notice is irrevocable); and
- (b) if, before the Issuer gives the notice under paragraph (a), the Principal Paying Agent or the Registrar, as the case may be, has received:
 - (i) a certificate signed by two authorised officers of the Issuer; and
 - (ii) an opinion of independent legal advisers of recognised standing in the jurisdiction of incorporation of the Issuer,

that the Issuer would be required under Condition 23.2 ("Withholding tax") to increase the amount of the next payment due in respect of the Notes of that Series; and

- (c) if the Notes are Fixed Rate Notes, no notice of redemption may be given 90 days prior to the earliest date on which the Issuer would be obliged to pay the additional amounts of a payment in respect of the Notes then due; and
- (d) if the Notes to be redeemed are Floating Rate Notes or Variable Interest Notes:
 - (i) the proposed redemption date is an Interest Payment Date; and
 - (ii) no notice of redemption may be given more than 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay the additional amounts of a payment in respect of the Notes were then due.

17.3 Early redemption at the option of the Issuer (Issuer call)

If the Final Terms states that the Issuer may redeem all or some of the Notes before their Maturity Date under this Condition 17.3, the Issuer may redeem so many of the Notes specified in the Final Terms at their Early Redemption Amount (Call).

However, the Issuer may only do so if:

- (a) the Issuer has given at least 30 days' (and no more than 60 days') (or any other period specified in the relevant Final Terms) notice to the Principal Paying Agent or the Registrar, as the case may be, and the Noteholders; and
- (b) the proposed redemption date is an Early Redemption Date (Call).

Any such redemption must be of a nominal amount equal to the Minimum Redemption Amount or Maximum Redemption Amount, both as indicated in the applicable Final Terms. If only some of the Notes in the Series are to be redeemed, the Notes to be redeemed (“**Redeemed Notes**”) will be selected no later than 30 days before the date fixed for redemption (“**Selection Date**”):

- (i) in the case of Redeemed Notes represented by Definitive Bearer Notes or Canadian Domestic Notes in definitive form, individually by lot in such European or Canadian city respectively as the Euro Fiscal Agent or Registrar specifies or identified in such other manner or in such other place as the Euro Fiscal Agent or Registrar may approve and deem to be appropriate and fair;
- (ii) in the case of Redeemed Notes represented by a Global Note, in accordance with the rules of the relevant Clearing System; and
- (iii) in the case of Australian Domestic Notes and New Zealand Domestic Notes, in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices and the need to ensure that the prepaid amount of any redeemed Notes must be an integral multiple of the Specified Denomination,

subject always to compliance with applicable laws and the requirements of any relevant listing authority, stock exchange and/or quotation system.

In the case of Redeemed Notes represented by Definitive Bearer Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 31.1(a) (“Form”) not less than 15 days (or such shorter period as is specified in the applicable Final Terms) before the date fixed for redemption.

No exchange of the relevant Global Note is permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption under this Condition 17.3. The Issuer must notify the Noteholders of this restriction at least five days (or such shorter period as is specified in the relevant Final Terms) before the Selection Date.

17.4 Early redemption at the option of Noteholders (investor put)

If the relevant Final Terms states that the Noteholder may require the Issuer to redeem all or some of the Notes before their Maturity Date at their Early Redemption Amount (Put) under this Condition 17.4, the Issuer must do so if the following conditions are satisfied.

The conditions are:

- (a) the Noteholder has given at least 45 days’ notice to the Issuer;
- (b) if the Notes to be redeemed are Definitive Notes, they are to be redeemed in whole;
- (c) if the Notes to be redeemed are Registered Notes, the amount of Notes to be redeemed is any multiple of their lowest Specified Denomination;
- (d) the Noteholder has delivered, to the specified office of the Principal Paying Agent or the Registrar, as the case may be, during normal business hours:
 - (i) if the Notes are in Definitive Form, the Notes to be redeemed; and
 - (ii) for all Notes, a completed and signed redemption notice (in the form obtainable from the specified office of the Principal Paying Agent, any Paying Agent or the Registrar); and
- (e) the notice referred to in paragraph (d)(ii) specifies:
 - (i) a bank account to which the payment should be made or an address to where a cheque for payment should be sent; and
 - (ii) if the Notes to be redeemed are Registered Notes, the Early Redemption Amount (Put) at which those Notes are to be redeemed and, if the Registered Notes are Canadian Domestic Notes and less than the full nominal amount of Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of the Registered Notes is to be sent subject to and in

accordance with Condition 9 (“Transfers of Australian and New Zealand Domestic Notes”) or Condition 10 (“Transfer of Canadian Domestic Notes”) respectively.

A Noteholder may not exercise its option under this Condition 17.4 in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 17.2 (“Early redemption for taxation reasons”) or Condition 17.3 (“Early redemption for taxation reasons”).

17.5 Calculation of Early Redemption Amounts

Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption at any time before the Maturity Date of:

- (a) a Note (other than a Zero Coupon Note and a Variable Redemption Note but including any Instalment Note or Partly-Paid Note) is an amount equal to the sum of the outstanding principal amount and interest (if any) accrued on it;
- (b) a Zero Coupon Note is an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable; and
- (c) a Variable Redemption Note is an amount determined by the Calculation Agent that would on the due date for redemption have the effect of preserving for the Noteholder the economic equivalent of the obligations of the Issuer to make payment of the Final Redemption Amount on the Maturity Date.

Where the calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year must be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 17.5.

17.6 Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be determined under Condition 17.5 (“Calculation of Early Redemption Amounts”).

17.7 Partly Paid Notes

Partly Paid Notes will be redeemed at maturity in accordance with the provisions of the applicable Final Terms. In the case of Early Redemption, the Early Redemption Amount will be determined under Condition 17.5 (“Calculation of Early Redemption Amounts”).

17.8 Effect of notice of redemption

Any notice of redemption given under this Condition 17 (“Redemption”) is irrevocable and obliges the Issuer to redeem the Notes at the time and in the manner specified in the notice.

17.9 Purchase

The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, provided that all unmatured Coupons are purchased with those Notes. If purchases are made by tender, tenders must be available to all Noteholders alike.

17.10 Cancellation

All Notes so redeemed or purchased by the Issuer or any of its Subsidiaries under Condition 17.9 (“Purchase”) (and any unmatured Coupons attached to or surrendered with them) will be cancelled forthwith and may not be reissued or resold.

Part 6 Payments

18 Payments

18.1 Method of payment

Except to the extent these Conditions provide otherwise:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the Principal Financial Centre of the country of such Specified Currency; and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

18.2 Payments in U.S. dollars

Despite any Condition, if any amount of principal or interest in respect of Bearer Notes is payable in U.S. dollars, those U.S. dollar payments of principal or interest in respect of those Notes may be made at the Specified Office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with Specified Offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such Specified Offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (b) payment of the full amount of that principal and interest at all those Specified Offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) the payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

18.3 Payments subject to fiscal laws

Payments will be subject in all cases to all applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 23 ("Taxation").

18.4 Payments on business days

If the date for payment of any amount in respect of any Note is not a Payment Business Day, the Noteholder is not entitled to payment until the next following Payment Business Day in the relevant place and is not entitled to further interest or other payment in respect of such delay.

19 Payments in respect of Definitive Bearer Notes

19.1 Presentation of Definitive Bearer Notes, Receipts and Coupons

Payments of:

- (a) principal in respect of a Definitive Bearer Note will be made only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Definitive Bearer Note;
- (b) interest in respect of a Definitive Bearer Note will be made only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of a Coupon;
- (c) instalments of principal in respect of a Definitive Bearer Note, other than the final instalment, will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt and the presentation of the Definitive Bearer Note to which it appertains; and

- (d) the final instalment of principal in respect of a Definitive Bearer Note will be made only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Definitive Bearer Note.

Each Definitive Bearer Note, Receipt, and Coupon which is required to be presented under these Conditions must be presented at the Specified Office of any Paying Agent outside the United States.

19.2 Validity of Receipts

Receipts presented without the Definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer.

19.3 Unmatured Receipts

When a Definitive Bearer Note becomes due and repayable, all unmaturred Receipts relating to it (whether or not attached) are void and no payment is required to be made in respect of them.

19.4 Fixed Rate Notes and unmaturred Coupons

Fixed Rate Notes in definitive bearer form must be presented for payment together with all unmaturred Coupons appertaining to them (including Coupons falling to be issued on exchange of maturred Talons).

If any unmaturred Coupons are not presented for payment in accordance with this Condition 19.4:

- (a) the amount of any missing unmaturred Coupon (or, in the case of payment not being made in full, the same proportion of the amount of that missing unmaturred Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment; and
- (b) each amount of principal deducted under paragraph (a) will be paid against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not that Coupon would otherwise have become void under Condition 24 ("Time limit for claims")) or, if later, five years from the date on which that Coupon would otherwise have become due.

19.5 Fixed Rate Notes and unmaturred Talons

If a Fixed Rate Note in definitive bearer form becomes due and repayable before its Maturity Date, all unmaturred Talons appertaining to it are void and no further Coupons will be issued in respect of them.

19.6 Other Definitive Bearer Notes and unmaturred Coupons and Talons

When any Floating Rate Notes or Variable Note in definitive bearer form becomes due and repayable, all unmaturred Coupons and Talons relating to it (whether or not attached) are void and no payment or, as the case may be, exchange for further Coupons may be made in respect of them.

If the due date for redemption of any Definitive Bearer Note is not an Interest Payment Date, any interest accrued in respect of that Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date is payable only against presentation and surrender of the relevant Definitive Bearer Note.

20 Payments in respect of Global Notes

20.1 Presentation of Global Note

Payments of principal and any interest in respect of Notes represented by any Global Note will be made:

- (a) against presentation or surrender, as the case may be, of that Global Note at the Specified Office of any Paying Agent outside the United States; and
- (b) otherwise in the manner specified in the relevant Global Note.

20.2 Records of payments

A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made on that Global Note by the Paying Agent to which it was presented and that record is *prima facie* evidence that the payment in question has been made.

20.3 Holders of Global Notes entitled to payments

The holder of a Global Note is the only person entitled to receive payments in respect of Notes represented by that Global Note and:

- (a) the Issuer is discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid; and
- (b) each person shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular principal amount of Notes represented by a Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for that person's share of each payment so made by the Issuer, or to the order of, the holder of such Global Note.

20.4 Registered Notes

This Condition 20 does not apply to Global Notes that are Registered Notes. Payment in respect of Australian Domestic Notes and New Zealand Domestic Notes are covered in Condition 21 and Canadian Domestic Notes in Condition 22.

21 Payments in respect of Australian Domestic Notes and New Zealand Domestic Notes

21.1 Defined terms

In this Condition 21:

- (a) “**Note**” means an Australian Domestic Note or a New Zealand Domestic Note, as the case may be;
- (b) “**Registrar**” means the Australian Registrar or the New Zealand Registrar, as the case may be; and
- (c) “**Registry Services Agreement**” means the Australian Registry Services Agreement or the New Zealand Registry Services Agreement, as the case may be.

21.2 Registrar is principal paying agent

The Registrar will act as principal paying agent for Notes under the Registry Services Agreement.

21.3 Method of payment - Notes in a Clearing System

If Notes are held in the Austraclear System or the NZClear System, payments of:

- (a) interest will be made to the person registered at the close of business on the relevant Record Date as the holder of such Note;
- (b) principal in respect of Australian Domestic Notes will be made to the persons registered at 10.00am on the payment date as the holder of such Notes; and
- (c) principal in respect of New Zealand Domestic Notes will be made to the persons registered at the opening of business on the payment date as the holder of such Notes,

in each case by crediting on the relevant payment date the amount then due to the account of the Noteholder in accordance with the Austraclear Regulations or the NZClear Regulations, as the case may be.

21.4 Method of payment - Notes not in a Clearing System

If Notes are not held in the Austraclear System or the NZClear System, payments of:

- (a) interest will be made to the persons registered at the close of business on the relevant Record Date as the holders of such Notes; and
- (b) principal will be made to the persons registered at 10.00am on the payment date as the holder of such Notes,

in each case subject in all cases to normal banking practice and all applicable laws and regulations. Payment will be made:

- (c) by cheques despatched by post on the relevant payment date at the risk of the Noteholder; or
- (d) at the option of the Noteholder by the Registrar giving irrevocable instructions for the effecting of a transfer of the relevant funds to an account in Australia or New Zealand, as the case may be, specified by the Noteholder to the Registrar; or
- (e) in any other manner in which the Registrar and the Noteholder agree.

In the case of payments made by electronic transfer, payments will for all purposes be taken to be made when the Registrar gives irrevocable instructions for the making of the relevant payment by electronic transfer, being instructions which would be reasonably expected to result, in the ordinary course of banking business, in the funds transferred reaching the account of the Noteholder on the same day as the day on which the instructions are given.

If a cheque posted or an electronic transfer for which irrevocable instructions have been given by the Registrar is shown, to the satisfaction of the Registrar, not to have reached the Noteholder and the Registrar is able to recover the relevant funds, the Registrar may make such other arrangements as it thinks fit for the effecting of the payment.

22 Payments in respect of Canadian Domestic Notes

22.1 Defined terms

In this Condition 22:

- (a) **“Designated Account”** means the account maintained by a holder with a Designated Bank and identified as such in the Register;
- (b) **“Designated Bank”** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in euro) any bank which processes payments in euro;
- (c) **“Note”** means a Canadian Domestic Note;
- (d) **“Paying Agent”** means a Canadian paying agent appointed in respect of the Notes;
- (e) **“Register”** means the Canadian Register; and
- (f) **“Registrar”** means the Canadian Registrar.

22.2 Payment of Principal

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of that the applicable Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined above) of the holder (or the first named of joint holders) of that Note appearing in the Register at the close of business on the Record Date.

Notwithstanding the previous paragraph, if:

- (a) a Noteholder does not have a Designated Account; or

- (b) the nominal amount of the Canadian Domestic Notes held by a holder is less than C\$250,000 (or its approximate equivalent in any other Specified Currency),

payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below).

22.3 Payment of Interest and Instalments

- (a) Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the Business Day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three Business Days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment shall be made by transfer to the Designated Account on the due date in the manner provided in Condition 22.2 ("Payment of Principal") and all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application shall be made in the same manner until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each such Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal in respect of such Registered Note as provided in Condition 21.2.
- (b) Noteholders are not entitled to any interest or other payment for any delay in receiving any amount due in respect of any such Note as a result of a cheque posted in accordance with this Condition 22 arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of such Notes.

23 Taxation

23.1 No set-off, counterclaim or deductions

All payments in respect of the Notes must be made in full without set-off or counterclaim, and without any withholding or deduction in respect of Taxes, unless required by law.

23.2 Withholding tax

If a law requires the Issuer to withhold or deduct an amount in respect of Taxes from a payment in respect of the Notes such that the Noteholder would not actually receive on the due date the full amount provided for under the Notes, then:

- (a) the Issuer agrees to withhold or deduct the amount for the Taxes (and any further withholding or deduction applicable to any further payment due under paragraph (b) below and to pay an amount equal to the amount deducted to the relevant authority in accordance with applicable law); and

Taxation

Australian Taxation

*The following is a general summary of the taxation treatment under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, “**Australian Tax Act**”) and any relevant regulations, rulings or judicial or administrative pronouncements, at the date of this Prospectus, of payments of interest and certain other amounts on the Notes to be issued by the Issuer under the Program and certain other matters.*

This summary is not exhaustive and should be treated with appropriate caution. In particular, the summary does not deal with the position of certain classes of Noteholders (including dealers in securities, custodians or other third parties who hold Notes on behalf of any other persons). Prospective Noteholders should also be aware that particular terms of issue of any Series of Notes may affect the tax treatment of that and other Series of Notes.

This summary is not intended to be, nor should it be construed as legal or tax advice to any particular investor. Prospective Noteholders should consult their professional advisers on the tax implications of an investment in the Notes for their particular circumstances.

1 Interest withholding tax

Interest withholding tax (“**IWT**”) is payable at a rate of 10 percent of the gross amount of interest paid by the Issuer to a non-Australian resident (other than a non-Australian resident acting at or through a permanent establishment in Australia) or a resident acting at or through a permanent establishment outside Australia unless an exemption is available. For these purposes, interest is defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts.

The requirements for an exemption from IWT under section 128F of the Australia Tax Act in respect of the Notes are as follows:

- (a) the Issuer is a resident of Australia, or is a non-Australian resident carrying on business at or through a permanent establishment in Australia when it issues those Notes and when interest is paid;
- (b) the Notes are “debentures” (as defined for the purposes of section 128F) that are “debt interests” for the purposes of Division 974 of the Australian Tax Act;
- (c) those Notes are issued in a manner which satisfies the public offer test. In relation to the Notes, there are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the Issuer is offering those Notes for issue. In summary, the five methods are:
 - (i) offers to 10 or more unrelated financiers or securities dealers;
 - (ii) offers to 100 or more investors;
 - (iii) offers of listed Notes;
 - (iv) offers via publicly available information sources; and
 - (v) offers to a dealer, manager or underwriter who offers to sell those Notes within 30 days by one of the preceding methods.

The issue of any of those Notes (whether in global form or otherwise) and the offering of interests in any of those Notes by one of these methods should satisfy the public offer test, provided:

- (d) the Issuer does not know, or have reasonable grounds to suspect, at the time of issue, that those Notes or interests in those Notes were being, or would later be, acquired, directly or indirectly, by an “associate” of the Issuer, except as permitted by section 128F(5) of the Australian Tax Act; and
- (e) at the time of the payment of interest, the Issuer does not know, or have reasonable grounds to suspect, that the payee is an “associate” of the Issuer, except as permitted by section 128F(6) of the Australian Tax Act.

Associates

An “associate” of the Issuer for the purposes of section 128F, when the Issuer is not a trustee, includes (i) a person or entity which holds 50 percent or more of the voting shares of, or otherwise controls, the Issuer, (ii) an entity which is a subsidiary of, or otherwise controlled by, the Issuer, (iii) a trustee of a trust where the Issuer is capable of benefiting (whether directly or indirectly) under that trust, and (iv) a person or entity who is an “associate” of another person or company which is an “associate” of the Issuer under any of the foregoing.

However, for the purposes of sections 128F(5) and (6) of the Australian Tax Act (see paragraphs (d) and (e) above) an “associate” does not include:

- (A) an onshore associate (ie an Australian resident associate who does not hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia, or a non-Australian resident associate who holds the Notes in the course of carrying on business at or through a permanent establishment in Australia); or
- (B) an offshore associate (ie an Australian resident associate who holds the Notes in the course of carrying on business at or through a permanent establishment outside Australia, or a non-Australian resident associate who does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia) who is acting in the capacity of:
 - (i) in the case of section 128F(5) only, a dealer, manager or underwriter in relation to the placement of the relevant Notes; or
 - (ii) a clearing house, custodian, funds manager, responsible entity of a registered scheme and, in the case of section 128F(6) only, paying agent.

Compliance with section 128F of the Australian Tax Act

Unless otherwise specified in any relevant Final Terms (or another relevant supplement to this Prospectus), the Issuer intends to issue the Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act that are in effect at the date of the issue of the Notes. If Notes are issued which do not satisfy the requirements of section 128F, further information on the material Australian tax consequences of payments of interest and certain other amounts on those Notes will be specified in the relevant Final Terms (or another relevant supplement to this Prospectus).

Exemptions under tax treaties

The Australian government has signed or announced new or amended double tax conventions (“**New Treaties**”) with a number of countries (each a “**Specified Country**”) which contain certain exemptions from IWT.

In broad terms, once implemented the New Treaties effectively prevent IWT applying to interest derived by:

- (a) the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- (b) a “financial institution” which is a resident of a Specified Country and which is unrelated to and dealing wholly independently with the Issuer. The term “financial institution” refers to either a bank or any other enterprise which substantially derives its profits by carrying on a business of raising and providing finance. (However, interest under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption).

The Australian Federal Treasury maintains a listing of Australia’s double tax conventions which provides details of country, status, withholding tax rate limits and Australian domestic implementation. This listing is available to the public at the Federal Treasury’s Department’s website at:

<http://www.treasury.gov.au/contentitem.asp?pageld=&ContentID=625>.

Notes in bearer form - section 126 of the Australian Tax Act

Section 126 imposes a type of withholding tax at the rate of (currently) 45 percent on the payment of interest on Notes in bearer form if the Issuer fails to disclose the names and addresses of the holders to the Australian Taxation Office (“**ATO**”). Section 126 does not apply to the payment of interest on Notes in bearer form held by non-Australian residents who do not carry on business at or through a permanent establishment in Australia where the issue of those Notes has satisfied the requirements of section 128F or IWT is payable. In addition, the ATO has confirmed that for the purpose of section 126, the holder of debentures (such as the Notes in bearer

form) means the person in possession of the debentures. Section 126 is therefore limited in its application to persons in possession of Notes in bearer form who are residents of Australia or non-Australian residents who are engaged in carrying on business at or through a permanent establishment in Australia. Where interests in Notes in bearer form are held through Euroclear or Clearstream, Luxembourg, the Issuer intends to treat the operators of those clearing systems as the holders of those Notes for the purposes of section 126.

Payment of additional amounts

As set out in more detail in the relevant Terms and Conditions for the Notes and unless expressly provided to the contrary in the relevant Final Terms (or another relevant supplement to this Prospectus), if the Issuer is at any time required by law to deduct or withhold an amount in respect of Taxes imposed or levied by the Commonwealth of Australia or any political subdivision of it from a payment in respect of the Notes, the Issuer must, subject to certain exceptions, pay such additional amounts as may be necessary in order to ensure that the net amounts received by the holders of those Notes after such deduction or withholding are equal to the respective amounts which would have been received had no such deduction or withholding been required. If the Issuer is compelled by law in relation to any Notes to deduct or withhold an amount in respect of any withholding taxes, the Issuer will have the option to redeem those Notes in accordance with the relevant Terms and Conditions.

2 Other tax matters

Subject to paragraph 3, under Australian laws as presently in effect:

- (a) *income tax - offshore Noteholders* - assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, payment of principal and interest to a Noteholder who is a non-resident of Australia and who, during the taxable year, does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income taxes;
- (b) *income tax - Australian Noteholders* - Australian residents or non-Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia ("**Australian Holders**") will generally be assessable for Australian tax purposes on income either received or accrued due to them in respect of the Notes. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular Noteholder and the terms and conditions of the Notes. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia, which vary depending on the country in which that permanent establishment is located;
- (c) *gains on disposal or redemption of Notes - offshore Noteholders* - a Noteholder who is a non- Australian resident will not be subject to Australian income tax on gains realised during that year on the sale or redemption of the Notes; provided:
 - (i) if the non-Australian resident is not a resident of a country with which Australia has entered into a double tax treaty - such gains do not have an Australian source; or
 - (ii) if the non-Australian resident is a resident of a country with which Australia has entered into a double tax treaty - the non-Australian resident does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia.

A gain arising on the sale of Notes by a non-Australian resident holder to another non-Australian resident where the Notes are sold outside Australia and all negotiations are conducted, and documentation executed outside Australia would not generally be regarded as having an Australian source;

- (d) *gains on disposal or redemption of Notes - Australian Noteholders* - Australian Noteholders will generally be required to include any gain or loss on disposal or redemption of the Notes in their taxable income. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia, which vary depending on the country in which that permanent establishment is located;
- (e) *deemed interest* - there are specific rules that can apply to treat a portion of the purchase price of Notes as interest for IWT purposes when certain Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian resident (who does not acquire them in the course of carrying on trade or business at or through a permanent establishment outside Australia) or a non-resident of Australia who acquires them in the course of carrying on trade or business at or through a permanent establishment in Australia. These rules do not apply in circumstances where the deemed interest would have been exempt under section 128F if the Notes had been held to maturity by a non-resident of Australia;

- (f) *stamp duty and other taxes* - no *ad valorem* stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Notes;
- (g) *TFN withholding taxes on payments in respect of Notes* - section 12-140 of Schedule 1 to the Taxation Administration Act 1953 of Australia ("**Taxation Administration Act**") imposes a type of withholding tax at the rate of (currently) 46.5 percent on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number ("**TFN**"), (in certain circumstances) an Australian Business Number ("**ABN**") or proof of some other exception (as appropriate).

Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, then the requirements of section 12-140 do not apply to payments to a holder of Notes in registered form who is not a resident of Australia and not holding those Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of holders of Notes in registered form may be subject to a withholding where the holder of those Notes does not quote a TFN, ABN or provide proof of an appropriate exemption (as appropriate);

- (h) *goods and services tax (GST)* - neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest by the Issuer, nor the disposal or redemption of the Notes, would give rise to any GST liability in Australia;
- (i) *additional withholdings from certain payments to non-residents* - section 12-315 of Schedule 1 to the Taxation Administration Act gives the Governor-General power to make regulations requiring withholding from certain payments to non-residents of Australia. However, section 12-315 expressly provides that the regulations will not apply to interest and other payments which are already subject to the current IWT rules or specifically exempt from those rules. Further, regulations may only be made if the responsible Minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The regulations promulgated prior to the date of this Prospectus are not relevant to any payments in respect of the Notes. Any further regulations should also not apply to repayments of principal under the Notes as, in the absence of any issue discount, such amounts will generally not be reasonably related to assessable income. The possible application of any future regulations to the proceeds of any sale of the Notes will need to be monitored;
- (j) *taxation of foreign exchange gains and losses* - Divisions 775 and 960 of the Australian Tax Act contain rules to deal with the taxation consequences of foreign exchange transactions.

These rules are complex and may apply to any Noteholders who are Australian residents, or non-Australian residents that hold Notes in the course of carrying on business at or through a permanent establishment in Australia, in respect of Notes that are not denominated in Australian dollars. Any such Noteholders should consult their professional advisors for advice as to how to tax account for any foreign exchange gains or losses arising from their holding of those Notes; and

- (k) *garnishee notices* – the ATO has the power to issue notices requiring any person who owes, or who may later owe, money to a taxpayer who has a tax-related liability, to pay to the ATO the money owed to the taxpayer. If the Issuer is served with such a notice in respect of a Noteholder, then the Issuer will comply with that notice and is not required to pay any additional amount to the holder on account of the amount withheld and paid to the ATO.

3. Taxation of financial arrangements

The Australian Government has enacted a new regime for the taxation of financial arrangements (referred to as "**TOFA**") which can affect the taxation of financial instruments such as the Notes. The rules as to when the TOFA regime will be applicable are complex, but broadly the new TOFA regime applies to certain financial arrangements, such as the Notes, acquired by affected taxpayers on or after 1 July 2010 (or 1 July 2009, at the taxpayer's election) ("commencement date"), or that affected taxpayers hold as at the commencement date applicable to an affected taxpayer (at the taxpayer's election).

If the TOFA rules apply to a Noteholder they should not apply to a payment of interest to the Noteholder if they are a non-Australian resident who does not hold their Notes in the course of carrying on business at or through a permanent establishment in Australia, as such payments should be exempt from IWT.

However, any other gain or loss derived or incurred by a Noteholder to whom the TOFA rules apply in relation to Notes (e.g. a gain or loss on the disposal or redemption of Notes) may be dealt with in accordance with the new rules (assuming an election to apply the rules to the Notes has been made).

New Zealand Taxation

The following is a summary of the New Zealand taxation treatment at the date of the Prospectus of payments of interest on New Zealand Domestic Notes and certain other matters. It is not exhaustive and, in particular, does not deal with the position of certain classes of holders of New Zealand Domestic Notes. Prospective holders of New Zealand Domestic Notes who are in any doubt as to their tax position should consult their professional advisers.

Under the New Zealand Income Tax Act 2007 (“**New Zealand Tax Act**”), the resident withholding tax (“**RWT**”) rules potentially apply to all interest paid to New Zealand residents (or non-residents engaged in business in New Zealand through a fixed establishment, such as a branch, in New Zealand). Any payment of interest on New Zealand Domestic Notes to a New Zealand resident (or such non-resident with a fixed establishment in New Zealand) will be resident passive income which is subject to the RWT rules.

Under the New Zealand Tax Act, certain categories of persons can apply for certificates of exemption from RWT. Interest paid to holders of valid certificates of exemption is not subject to the RWT rules. For the Issuer to be satisfied that this exemption applies to the payment of interest on a New Zealand Domestic Note:

- (a) the Issuer must be satisfied that the holder of the New Zealand Domestic Note is a registered bank under the Reserve Bank of New Zealand Act 1989; or
- (b) the Issuer must have seen a copy of a certificate of exemption issued to the holder.

If the Issuer is not satisfied that the holder has a valid certificate of exemption, the Issuer will deduct RWT from the payment of interest on the New Zealand Domestic Notes. The rate of RWT deducted from the interest will normally be 30 percent if the holder is a company or unit trust. Holders must furnish their tax file numbers to the Issuer.

Whether or not RWT is deducted, such a holder will be subject to income tax pursuant to the financial arrangements rules in Part EW of the New Zealand Tax Act in respect of the investment in the New Zealand Domestic Note. Australian withholding tax deducted from interest paid to a holder (if any) can reduce the amount of tax payable on income recognised under the financial arrangements rules.

If the holder is not:

- (a) tax resident in New Zealand; nor
- (b) engaged in business in New Zealand through a fixed establishment in New Zealand; nor
- (c) a resident of one of the following countries (which have double taxation agreements (“**DTAs**”) in effect with New Zealand at the date of the Prospectus): Australia; Austria; Belgium; Chile; China; the Czech Republic; Denmark; Finland; France; Germany; India; Indonesia; Ireland; Mexico; Norway; Republic of Korea; Russia; Singapore; Switzerland; Taiwan; Thailand; The Netherlands; The Philippines; United Arab Emirates; the United Kingdom and the United States of America (“**Relevant DTA Countries**”),

the Issuer must deduct non-resident withholding tax (“**NRWT**”) from the interest paid on the New Zealand Domestic Notes. If the interest is non-resident passive income, it is excluded from resident passive income and RWT does not have to be deducted. Any such NRWT will be a final tax applied by New Zealand in respect of interest derived by such a holder. Such a holder may be, but is unlikely to be, subject to New Zealand income tax on any other gains derived from holding the Note, such as gains on sale.

A holder of a New Zealand Domestic Note who is neither tax resident in New Zealand nor engaged in business in New Zealand through a fixed establishment in New Zealand and who is resident in a Relevant DTA Country must provide the Issuer with such evidence of the holder’s residence in a Relevant DTA Country and entitlement to benefit under that DTA as the Issuer may require. If the Issuer is not satisfied accordingly, the Issuer will deduct NRWT from the payment of interest on the New Zealand Domestic Notes.

As set out in more detail in Condition 23 (“Taxation”) of the Notes, if the Issuer at any time is compelled by law to deduct or withhold an amount in respect of any withholding taxes, the Issuer will deduct the required withholding tax and there will be no grossing-up of the payment.

The Issuer has been advised that under New Zealand laws as presently in effect:

- (A) as New Zealand does not impose any stamp duty (or similar issue or registration tax) and does not impose death duties, no New Zealand stamp duty or death duty will apply to any New Zealand Domestic Note or any holder of a New Zealand Domestic Note; and

- (B) New Zealand goods and services tax will not apply in respect of any payments made on a New Zealand Domestic Note.

The NZClear System will only pay interest on securities lodged in the NZClear System in gross.

Clearing and settlement

Euroclear

The Euroclear System was created in 1968 to hold securities for participants in the Euroclear System (“**Euroclear Participants**”) and to effect transactions between Euroclear Participants through immobilisation of certificates and simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfer of securities and cash. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries. Indirect access to the Euroclear System is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly. The Euroclear System is operated by Euroclear.

Securities clearance accounts and cash accounts with Euroclear are governed by the terms and conditions governing use of Euroclear, the related operating procedures of the Euroclear System and applicable Belgian law (collectively, the “**Euroclear Terms and Conditions**”). The Euroclear Terms and Conditions govern transactions of securities and cash within Euroclear, withdrawal of securities and cash from the system and receipts of payments with respect to securities in the system. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. Euroclear acts under the Euroclear Terms and Conditions only with Euroclear Participants themselves, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to interests in Global Notes held through Euroclear will be credited to the Euroclear cash accounts of Euroclear Participants to the extent received by Euroclear’s depository, in accordance with the Euroclear Terms and Conditions. Euroclear will take any other action permitted to be taken by a holder of any Global Notes on behalf of a Euroclear Participant only in accordance with the Euroclear Terms and Conditions.

Clearstream, Luxembourg

Clearstream, Luxembourg is incorporated under the laws of Luxembourg as a professional depository and provides, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities. As a professional depository, Clearstream, Luxembourg is subject to regulation by the Luxembourg Monetary Institute. Clearstream, Luxembourg holds securities and provides clearing services for its participating organisations (“**Clearstream, Luxembourg Participants**”). Securities transfers are effected through book-entry changes in accounts of Clearstream, Luxembourg Participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg Participants are recognised financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to Clearstream, Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream, Luxembourg, Participant, either directly or indirectly.

Austraclear System (Australia)

Austraclear began operation of the Austraclear System in Australia in 1984. Austraclear is an unlisted public company owned by financial institutions and other market participants. It operates the national central securities depository to the Australian money market and registry for government, semi-government and private sector debt securities lodged with the Austraclear System. Through its proprietary Financial Transactions Recording and Clearance Systems (“**FINTRACS**”) software, the Austraclear System electronically clears and settles most debt securities traded in the Australian money market and capital market.

The rights and obligations of Austraclear and participants under the Austraclear System are created by contract, as evidenced through the Austraclear System Regulations and Operating Manual, User Guides and instructions and directions contained within the Austraclear System (“**Austraclear Rules**”).

Under the Austraclear System, a wide range of eligible debt instruments may be “lodged” with Austraclear and either immobilised in its vaults which are located in Austraclear’s branch offices in Sydney and Melbourne (if they are in physical form), or recorded on an electronic register. Through the Austraclear System, ownership of these “physical” or “discount” debt instruments (Paper Securities) and “non-physical” or “fixed interest” debt instruments (Non-Paper Securities) is transferred electronically via book-entry changes without the need for physical delivery. Real-time settlement of cash transactions is facilitated by a real-time gross settlement (“**RTGS**”) system, operated by the Reserve Bank of Australia (“**RBA**”) and linked to the Austraclear System.

The Austraclear System relies upon both parties to a transaction entering trade details into computer terminals that the System then matches before effecting settlement. As well as facilitating securities settlements the Austraclear System also provides members with the ability to make high-value funds transfers independent of the need for a corresponding securities transfer.

As transactions currently processed through the Austraclear System are made on a RTGS basis, the cash settlement of transactions in debt securities, will be settled individually on a real time gross basis through institutions' exchange settlement accounts (held at the RBA). A payment will be settled only if the paying institution has an adequate balance in the exchange settlement account. Once that payment is made, it is irrevocable in the sense it is protected from recall by the remitter or dishonour by the paying institution. This allows for true delivery versus payment to take place; that is, securities and cash transfers occur simultaneously, counterparties to the transaction will own either securities or cash and finality is immediate.

NZClear System (New Zealand)

Since 1990, the RBNZ has operated the NZClear System (previously called the Austraclear New Zealand system) in New Zealand out of its Financial Services Group. The NZClear System electronically clears and settles most debt and equity securities issued by the New Zealand Government, local authorities and other public and private sector issuers traded in the New Zealand money market and capital market.

The rights and obligations of the RBNZ as operator of the NZClear System and participants under the NZClear System are created by contract, as evidenced through the NZClear System Rules and the NZClear Operating Guidelines ("**NZClear Rules**").

Under the NZClear System, a wide range of eligible New Zealand dollar-denominated securities (debt instruments and equities) may be "lodged" with New Zealand Central Securities Depository Limited ("**NZCSD**"), a custodian that is wholly owned by the RBNZ, and recorded on an electronic register. Through the NZClear System, ownership of these debt instruments is transferred electronically via book-entry changes without the need for physical delivery. Real-time settlement of cash transactions is facilitated by a RTGS system, operated by the RBNZ.

The NZClear System relies upon both parties to a transaction entering trade details into computer terminals that the NZClear System then matches before effecting settlement. As well as facilitating securities settlements, the NZClear System also provides members with the ability to make high-value funds transfers independent of the need for a corresponding securities transfer.

As transactions currently processed through the NZClear System are made on a RTGS basis, all high-value and time critical inter-bank payments, including the cash settlement of transactions in debt securities, will be settled individually on a RTGS basis through the institutions' NZClear System cash account that clears through their respective banks' exchange settlement accounts. A payment will be settled only if the paying institution has an adequate balance in the exchange settlement account it maintains with the RBNZ. Once that payment is made, it is irrevocable in the sense it is protected from recall by the remitter or dishonour by the paying institution. This allows for true delivery versus payment to take place; that is, securities and cash transfers occur simultaneously, counterparties to the transaction will own either securities or cash and finality is immediate.

The NZClear System will only pay interest on securities lodged in the NZClear System in gross. As described in more detail above, under "New Zealand Taxation", interest paid to holders of valid certificates of exemption is not subject to the New Zealand RWT rules. In order for this exemption to apply to the payment of interest on a New Zealand Domestic Note, the New Zealand Registrar must have seen a copy of a certificate of exemption issued to the holder or, if the New Zealand Domestic Note is held through a nominee member of the NZClear System, to the nominee. However, the RBNZ will allow a member of the NZClear System that is non-resident in New Zealand and does not hold a certificate of exemption from RWT to hold only New Zealand government securities.

Accordingly, in practice:

- (i) a holder of a New Zealand Domestic Note lodged in the NZClear System must provide evidence to the RBNZ that it is the holder of a certificate of exemption from RWT; or
- (ii) the holder must hold the New Zealand Domestic Note through a nominee member of the NZClear System that has itself provided that evidence to the RBNZ; or
- (iii) (where a New Zealand Domestic Note is traded from the NZClear System to either Euroclear or Clearstream, Luxembourg, in which case the New Zealand Domestic Note remains within the NZClear System (see below)), The Hongkong and Shanghai Banking Corporation (acting through HSBC Nominees (New Zealand) Limited ("**HSBC Nominees**")), which acts as agent for Euroclear, and ANZ Nominees Limited ("**ANZ Nominees**"), which acts as agent for Clearstream, Luxembourg, manage any related interest withholding tax that is legally required in relation to the relevant payment; in this case, each of Euroclear and Clearstream, Luxembourg is responsible for advising HSBC Nominees or ANZ Nominees, as the case may be, of the tax status of its holder as the beneficial owner of the New Zealand Domestic Note.

As at the date of this Prospectus, ANZ Nominees is contracted to transfer its role as agent for Clearstream, Luxembourg to JPMorgan Chase Bank, N.A. (“**JPM**”). It is envisaged that JPM will formally take over this role on or about 1 October 2010.

Cross-market trading - Austraclear System

The Austraclear System in Australia is a participant in the Euroclear System and the Clearstream, Luxembourg (each a “**Clearance and Settlement System**”). The Austraclear Australian Rules provide for members of the Austraclear System to lodge, take out (“**uplift**”) and record transactions in respect of entitlements to certain bonds, notes, certificates of deposit and commercial paper issued in the Euromarkets (“**Eurosecurities**”). Members of the Austraclear System will acquire an equitable interest (a “**Euroentitlement**”) in the rights which the Austraclear System acquires to the relevant Eurosecurities. A Euroentitlement will be lodged in the Austraclear System by the member arranging for the transfer of the Eurosecurities to the account of Austraclear System with the relevant Clearance and Settlement System. It will not be possible for members to subscribe for a Eurosecurity through the Austraclear System. Once a Euroentitlement is lodged with the Austraclear System the member can deal with the Euroentitlement in much the same way as other securities lodged with the Austraclear System.

The Austraclear System will establish a separate account in Australia through which it will receive and disburse payments to members who hold Euroentitlements. Payments received by the Austraclear System in respect of Eurosecurities relating to Euroentitlements will be paid by the Austraclear System to the relevant member for value on the same day that payment is made by the issuer of the related Eurosecurities.

Euroentitlements will be able to be uplifted from the Austraclear System by the Austraclear System transferring the related Eurosecurity to the account of another participant in the relevant Clearance and Settlement System.

At present the provisions do not provide for a two-way link. The provisions will only apply to securities issued in the Euromarkets. Accordingly, the new arrangements will not apply to instruments issued in the Australian domestic markets.

Cross-market trading - NZClear System

HSBC Nominees acts in New Zealand as the agent for Euroclear, and ANZ Nominees as the agent for Clearstream, Luxembourg for New Zealand dollar-denominated fixed interest and registered discount securities issued in the New Zealand domestic markets and initially lodged with the NZClear System. As at the date of this Prospectus, ANZ Nominees is contracted to transfer its role as agent for Clearstream, Luxembourg to JPM. It is envisaged that JPM will formally take over this role on or about 1 October 2010.

Unlike the Austraclear System in Australia, the RBNZ is not a participant in Euroclear or Clearstream, Luxembourg. If a security is traded from the NZClear System into Euroclear or Clearstream, Luxembourg, the security is transferred from the account of the relevant member of the NZClear System into the pool account of Euroclear or Clearstream, Luxembourg, as the case may be, within the NZClear System. Legal ownership of the security remains with NZCSD and only the beneficial entitlements to the security changes. That is, the security always remains lodged within the NZClear System and is not “uplifted” into Euroclear or Clearstream, Luxembourg. The relevant participant in Euroclear or Clearstream, Luxembourg acquires an equitable interest in the rights which Euroclear or Clearstream, Luxembourg acquires to the relevant security.

On advice from Euroclear or Clearstream, Luxembourg, HSBC Nominees or ANZ Nominees, as the case may be, enters and settles transactions in the NZClear System with its New Zealand member, then advises Euroclear or Clearstream, Luxembourg electronically via SWIFT. Any payments of funds are cleared by Euroclear’s or Clearstream, Luxembourg’s New Zealand bank.

At present, the NZClear System does not provide for a two-way link with Euroclear and Clearstream, Luxembourg. The NZClear System enables New Zealand Domestic Notes initially lodged within the NZClear System to be traded to Euroclear and Clearstream, Luxembourg accounts through their respective New Zealand agents. It is not possible at present for New Zealand dollar-denominated Eurosecurities initially lodged within Euroclear and/or Clearstream, Luxembourg to be traded into the NZClear System or to be subscribed through the NZClear System.

CDS Clearing and Depository Services Inc. (“CDS**”) (Canada)**

CDS was formed in November 2006 pursuant to the restructuring of The Canadian Depository for Securities Limited (“**CDS Ltd.**”). After the restructuring, CDS Ltd., founded in 1970, remains the holding company for CDS and two other operating subsidiaries. CDS is Canada’s national securities clearing and depository services organisation. Functioning as a service utility for the Canadian financial community, CDS provides a variety of computer automated services for financial institutions and investment dealers active in domestic and international capital markets. CDS participants (“**CDS Participants**”) include banks (including the Canadian Subcustodians (defined below)), investment dealers and trust companies and may include certain of the Dealer(s) when appointed. Indirect access to CDS is available to other organisations that clear through or maintain a custodial

relationship with a CDS Participant. Transfers of ownership and other interests, including cash distributions, in Notes in CDS may only be processed through CDS Participants and will be completed in accordance with existing CDS rules and procedures. CDS operates in Montreal, Toronto, Calgary, Vancouver and Halifax to centralise securities clearing functions through a central securities depository.

CDS is wholly-owned by CDS Ltd. CDS Ltd. is a private corporation, owned one-third by investment dealers, one-third by banks and one-third by trust companies through their respective industry associations. CDS is the exclusive clearing house for equity trading on the Toronto Stock Exchange and also clears a substantial volume of over the counter trading in equities and bonds.

Global clearance and settlement procedures

Initial settlement for Notes settling and clearing in CDS will be made in immediately available Canadian dollar funds.

Beneficial interests in the Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in CDS. Investors may elect to hold interests in the Notes directly through any of CDS (in Canada), or (if so indicated in the applicable Final Terms) Clearstream, Luxembourg or Euroclear (in Europe) if they are participants of such systems, or indirectly through organisations which are participants in such systems. Clearstream, Luxembourg and Euroclear will hold interests on behalf of their participants through customers' securities accounts in their respective names on the books of their respective Canadian subcustodians, each of which is a Canadian schedule I chartered bank ("**Canadian Subcustodians**"), which in turn will hold such interests in customers' securities accounts in the names of the Canadian Subcustodians on the books of CDS.

Secondary market trading between CDS Participants will be in accordance with market conventions applicable to transactions in book-based Canadian domestic bonds. Secondary market trading between Clearstream, Luxembourg Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream, Luxembourg and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Transfers between CDS and Clearstream, Luxembourg or Euroclear

Links have been established among CDS, Clearstream, Luxembourg and Euroclear to facilitate the initial issuance of Notes and cross-market transfers of Notes associated with secondary market trading. CDS will be directly linked to Clearstream, Luxembourg and Euroclear through the CDS accounts of the respective Canadian Subcustodians of Clearstream, Luxembourg and Euroclear.

Cross-market transfers between persons holding directly or indirectly through CDS Participants, on the one hand, and directly or indirectly through Clearstream, Luxembourg Participants or Euroclear Participants, on the other, will be effected in CDS in accordance with CDS rules; however, such cross-market transactions will require delivery of instructions to the relevant clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines. The relevant clearing system will, if the transaction meets its settlement requirements, deliver instructions to CDS directly or through its Canadian Subcustodian to take action to effect final settlement on its behalf by delivering or receiving Notes in CDS, and making or receiving payment in accordance with normal procedures for settlement in CDS. Clearstream, Luxembourg Participants and Euroclear Participants may not deliver instructions directly to CDS or the Canadian Subcustodians.

Because of time-zone differences, credits of Notes received in Clearstream, Luxembourg or Euroclear as a result of a transaction with a CDS Participant will be made during subsequent securities settlement processing and dated the business day following the CDS settlement date. Such credits or any transactions in such Notes settled during such processing will be reported to the relevant Clearstream, Luxembourg Participants or Euroclear Participants on such business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of Notes by or through a Clearstream, Luxembourg Participant or a Euroclear Participant to a CDS Participant will be received with value on the CDS settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash account only as of the business day following settlement in CDS.

Summary of provisions relating to Euro Notes and Canadian Domestic Notes while in Global Form

This summary relates to the issue by the Issuer of Notes in bearer form (“Euro Notes”) pursuant to the Euro Fiscal Agency Agreement dated 31 October 2001 as amended and restated on 15 October 2002 as amended and restated or supplemented from time to time between the Issuer and the Fiscal Agent and Canadian Domestic Notes in registered form pursuant to a Canadian Registry Services Agreement and having the benefit of the Deed of Covenant dated 12 October 2006 executed by the Issuer. All capitalised terms that are not defined in this summary have the meaning given to them in the “Terms and Conditions of the Notes”.

1 Initial Issue of Notes

Upon the initial deposit of a Temporary Global Note or a Permanent Global Note with a common depository for Euroclear and Clearstream, Luxembourg (“Common Depository”), or the initial deposit of a Global Registered Note with CDS Clearing and Depository Services Inc. and the initial registration of such Global Registered Note in the name of CDS & CO. as nominee of CDS or in the name of a nominee for any other agreed clearing system, or a common nominee, and delivery of the relevant Global Note(s) to the appropriate depository, or a Common Depository, Euroclear, Clearstream, Luxembourg, CDS or such other agreed clearing system will credit each subscriber with a principal amount of Notes equal to the principal amount for which it has subscribed and paid.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system (including CDS) may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Notes issued in bearer form will initially be issued in the form of a Temporary Global Note or a Permanent Global Note as indicated in the applicable Final Terms, which in either case, will be deposited on or prior to the original issue date to a Common Depository.

Canadian Domestic Notes and other Notes issued in registered form which are held in CDS or any other agreed clearing system, will be registered in the name of a nominee for such system and the relevant Global Registered Note will be delivered to the appropriate depository or a Common Depository, as the case may be.

2 Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, CDS or any other clearing system as the holder of a Note represented by a Global Note must look solely to Euroclear, Clearstream, Luxembourg, CDS or such clearing system (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, CDS or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer on the registered holder (as the case may be) of such Global Note in respect of each amount so paid.

None of the Issuer, the Registrar or the Agents have any responsibility or liability for any aspect of the records of CDS or any other relevant clearing system relating to, or payments made on account of, beneficial ownership interests in the Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

3 Payments

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date will be made against presentation of the Temporary Global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interest in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, have given a like certification (based on the certifications it has received) to the Fiscal Agent.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Global Note without any requirement for certification.

Payments of principal, interest (if any) or any other amounts on Canadian Domestic Notes in global form will be made through CDS in accordance with its rules and procedures.

4 Exchange

4.1 Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Euro Fiscal Agency Agreement for interests in a Permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Bearer Notes.

If:

- (a) a Permanent Global Note has not been delivered or its principal amount increased by 5.00 p.m. (London time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Bearer Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligations to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such thirtieth day (in the case of (b) above) or at 5.00 p.m. (London time) on such due date (in the case of (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under a deed of covenant dated 12 October 2006 (“**Deed of Covenant**”) executed by the Issuer). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Bearer Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

4.2 Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “Partial Exchange of Permanent Global Notes”, in part for Definitive Bearer Notes (i) if the Permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (ii) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

If:

- (a) Definitive Bearer Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Bearer Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all

accrued interest has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights under it (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

4.3 Partial exchange of Permanent Global Notes

For so long as a Permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note will be exchangeable in part on one or more occasions for Definitive Bearer Notes (a) if principal in respect of any Notes is not paid when due or (b) if so provided in, and in accordance with, the Conditions (which will be set out in the relevant Final Terms) relating to Partly Paid Notes.

4.4 Exchange of Registered Global Notes

Registered Global Notes will be exchangeable in whole (or in part if the Registered Global Note is held by or on behalf of CDS or any other agreed clearing system and the rules of such clearing system then permit) for definitive Registered Notes only in the limited circumstances set out in the Registered Global Note, at the cost and expense of the Issuer.

A beneficial interest in a Canadian Domestic Note will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Registered Notes in definitive form or for a beneficial interest in another Canadian Domestic Note only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of the CDS and in accordance with the terms and conditions specified in the Canadian Registry Services Agreement.

4.5 Delivery of Notes

On or after any due date for exchange the holder of a Global Note in bearer form may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for any such Global Note, or the part of it to be exchanged, the Issuer will deliver, or procure the delivery of, a Permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange.

In this Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Bearer Notes or the definitive Registered Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the schedules to the Euro Fiscal Agency Agreement or the Canadian Registry Services Agreement, as the case may be. On exchange in full of each Permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

4.6 Exchange Date

“Exchange Date” means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

5 Transfers

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, CDS or any other agreed clearing system as the case may be.

Interests in Global Notes will be transferable in multiples of €50,000 (or its equivalent in other currencies) unless otherwise specified in the Final Terms.

Transfers of beneficial interests in Canadian Domestic Notes will be effected by CDS and, in turn, by participants and, if appropriate, indirect participants in CDS acting on behalf of beneficial transferors and transferees of such interests.

6 Conditions applicable to Global Notes

Each Global Note contains provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

- (a) *Meetings:* The holder of a Permanent Global Note or Registered Global Note shall (unless such Permanent Global Note or Registered Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of holders and, at any such meeting, the holder of a Permanent Global Note or Registered Global Note shall be treated as having one vote in respect of each minimum Specified Denomination of Notes for which such Global Note may be exchanged.
- (b) *Cancellation:* Cancellation of any Note represented by a Permanent Global Note or Registered Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Permanent Global Note or Registered Global Note.
- (c) *Purchase:* Notes represented by a Permanent Global Note or Registered Global Note may be purchased by the Issuer or any of its Subsidiaries at any time in the open market or otherwise and at any price.
- (d) *Issuer's call options:* Any option of the Issuer provided for in the Conditions of the Notes while such Notes are represented by a Global Note shall be exercised by the Issuer giving notice to the holders within the time limits set out in and containing the information required by the Conditions, except that the notice is not required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes is required. If any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of account holders with a clearing system in respect of the Notes are governed by the standard procedures of Euroclear, Clearstream, Luxembourg, CDS or any other clearing system (as the case may be).
- (e) *Investors' put option:* Any option of the holders provided for in the Conditions of any Notes while such Notes are represented by a Global Note may be exercised by the holder of such Global Note, giving notice to the Principal Paying Agent or Registrar, as the case may be, within the time limits relating to the deposit of Notes with the Principal Paying Agent or Registrar, as the case may be, substantially in the form of the notice available from the Principal Paying Agent or any Paying Agent or Registrar, as the case may be, except that the notice is not required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the principal amount of Notes in respect of which the option is exercised and at the same time presenting for notation the Global Note to the Fiscal Agent or Registrar, as the case may be.

7 Partly Paid Notes

The provisions relating to Partly Paid Notes are not set out in this Prospectus, but will be contained in the relevant Final Terms and accordingly in the Global Notes. While any instalments of the subscription moneys due from the holder of Partly Paid Notes are overdue, no interest in a Temporary Global Note representing such Notes may be exchanged for any interest in a Permanent Global Note or for Definitive Notes (as the case may be). If any Noteholder fails to pay any instalment due on any Partly Paid Notes within the time specified, the Issuer may forfeit such Notes and shall have no further obligation to their holder in respect of them.

Sale and subscription

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in a Dealer Agreement dated 31 October 2001 as amended and/or restated from time to time ("**Dealer Agreement**") between the Issuer, the Arranger and the financial institutions party thereto as Dealers, the Notes will be offered by the Issuer to the Dealers. The Notes may be resold at prevailing market prices, or at related prices, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that may be jointly and severally underwritten by two or more Dealers.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes and to pay the Dealers certain fees and commissions. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe for Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required. In accordance with the above, any Notes purchased by any person which it wishes to offer for sale or resale may not be offered in any jurisdiction in circumstances which would result in the Issuer being obliged to register any further prospectus or corresponding document relating to the Notes in such jurisdiction.

Each Dealer appointed under the Program will be required to agree with the Issuer that it will observe all applicable laws and regulations in any jurisdiction in which it may offer, sell or deliver Notes and that it will not, directly or indirectly, offer, sell or deliver Notes or distribute or publish this document, any prospectus, circular, advertisement or other offering material (including, without limitation, any supplement to this document) in relation to the Notes in or from any country of jurisdiction except under circumstances that will to the best of its knowledge and belief result in compliance with any applicable laws and regulations, and all offers, sales and deliveries of Notes by it will be made on the foregoing terms.

In addition and unless the Final Terms otherwise provides, each Dealer appointed under the Program will be required to agree with the Issuer that, in connection with the primary distribution of the Notes which are specified in the relevant Final Terms as being Public Offer Test Compliant, it will not (directly or indirectly) sell Notes to any person in circumstances where employees of the Dealer directly involved in the sale, know or have reasonable grounds to suspect, the Notes (or an interest in or right in respect of the Notes) were being or would later be, acquired either directly or indirectly by an Offshore Associate (as defined in the Dealer Agreement) of the Issuer other than one acting in the capacity of a dealer, manager or underwriter in relation to the placement of those Notes or a clearing house, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act.

Republic of Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed that, save as set out below, it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation.

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, Article 100-*bis* of Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with "qualified investors" and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under Decree No. 58 applies.
