Important Dealer Instructions

Do **NOT** use MNC to connect either new service or Call Select – please call Rapidlink.

Telstra Mobile Call Select Terms and Conditions

Telstra's Standard Form of Agreement ("SFOA") (as amended from time to time) applies to Telstra's provision of the Telstra Mobile Call Select offer. This form sets out the relevant terms in Telstra's SFOA as at 15/03/2002. For the most up to date version of the relevant terms You should consult Telstra's SFOA which is available from your Telstra Representative or www.telstra.com

- 1 Under the **Telstra Mobile Call Select** offer, two eligible Telstra Mobile Services ("First Service" and "Second Service") can be attached on one SIM and used from one handset. There is a One Bill and a Two Bill Call Select option.
- 2 Under the One Bill option, the First Service and the Second Service must have the same Account Holder. Telstra will send one bill to that Account Holder, which includes the charges for the First Service and Second Service.
- 3 Under the Two Bill option, Telstra will send separate bills to the First Service Account Holder and to the Second Service Account Holder. The First Service Account Holder and the Second Service Account Holder must both apply for the **Telstra Mobile Call Select** offer.
- 4 Pre-paid or CDMA Mobile Services may not be a First or Second Service.
- 5 The Second Service must be a new Telstra Mobile Service which is connected to an Eligible Plan at the time the **Telstra Mobile Call Select** application is made. An application form for a new Telstra Mobile Service must accompany the **Telstra Mobile Call Select** application form.
- 6 The Eligible Plans for the Second Service are a Corporate Staff Plan, the more4you offers and the more4business offers (except for the more 4 business group offer).
- 7 The First Service Account Holder acknowledges that Telstra may not accept the Second Service Account Holder's application for a Telstra Mobile Service without notice to the First Service Account Holder and that in such circumstances the Call Select offer will not be activated. The Second Service Account Holder agrees to notify the First Service Account Holder if Telstra does not accept its application for a Mobile Service.
- 8 Telstra's Standard Form of Agreement (as amended from time to time) applies to Telstra's provision of the **Telstra Mobile Call Select** offer. The terms under which the First and Second Service are connected will continue to apply, except where those terms are inconsistent with the terms of the **Telstra Mobile Call Select** offer.
- 9 The Second Service will not be able to:
 - receive calls;
 - set up a Messagebank or make calls to the First Service's Messagebank;
 - display a name and number when calls are made.
- 10 Subject to clause 13, all calls will be charged to the Second Service, if an asterisk ["*"] is dialled at the end of a number being called. All other calls, all calls made from overseas and all SMS, WAP and GPRS will be charged to the First Service, regardless of whether an asterisk is dialled.
- 11 Both Account Holders acknowledge that Telstra cannot determine if a charge should be attributed to the Second Service if an asterisk is not dialled at the end of a number being called. Both Account Holders acknowledge that Telstra will not transfer call charges between the First and Second Service on the grounds that the charges have been incorrectly attributed.
- 12 The First Service may be temporarily suspended. The Second Service may not be temporarily suspended. If the First Service is temporarily suspended, the Second Service may not be used, but the Second Service Account Holder must continue to pay the Minimum Monthly Spend Level/FlexiPlan Monthly Access Fees for the Second Service.
- 13 If the Second Service is cancelled, deactivated or ported out of Telstra, all calls made with an asterisk dialled at the end of a number being called will be charged to the First Service. Telstra will not notify the First Service Account Holder that the Second Service is permanently disconnected or ported. The Second Service Account Holder agrees to notify the First Service Account Holder if the Second Service is permanently disconnected or ported. The First Service Account Holder agrees to pay to Telstra all charges attributed to the First Service even if the Second Service Account Holder does not provide such notice.
- 14 If the First Service is cancelled, deactivated or is ported out of Telstra, Telstra will notify the Second Service Account Holder by letter. From the time the First Service is permanently disconnected or is ported, the Second Service may not be used until the Second Service Account Holder notifies Telstra that it elects to:
 - use the Second Service as an individual service independent of the First Service (which may mean that certain costs will be incurred, including for the purchase of a SIM card);
 - attach the Second Service to another First Service under the Call Select offer; or
 - port out the Second Service; or
 - terminate the Second Service (in which case early termination charges may apply).The Second Service Account Holder must continue to pay the Minimum Monthly Spend Level/FlexiPlan Monthly Access Fee for the Second Service until it notifies Telstra of its election under this clause.
- 15 For Telstra Account Managed customers, Telstra will endeavour to activate the Call Select product within 5 days of an application being lodged. A customer may confirm whether the product has been activated by ringing their Account Representative.
