

# TELSTRA CLOUD SIGHT PRICING GUIDE

# Welcome to the Telstra Cloud Sight pricing guide

Telstra Cloud Sight allows you to simplify the management of your public cloud's security, compliance, cost optimisation, resource visibility and monitoring.

On Telstra Cloud Sight, you can:

- Create new cloud accounts that are compliant with industry standards and security best practices
- Keep track of your cloud costs and be alerted as you hit budget limits
- Continuously monitor compliance against a chosen blueprint and view compliance remediation recommendations
- Create and maintain role-based user access to Telstra Cloud Sight across your organisation

For more details on how to use Telstra Cloud Sight, see the [Telstra Cloud Sight user guide](#).

All fees are based on US dollar figures but you will be charged in your billing currency. Fees are exclusive of taxes. Any applicable taxes will be added to the price and appear on your Telstra bill.

## Australian account holders

For sales, account set-up enquiries and technical support, contact your Telstra representative or visit the [Telstra Cloud Sight page](#) on our website where you'll find all our contact details, a pricing guide, user guide, feature descriptions, FAQs and Our Customer Terms.

## Telstra Global account holders

For sales and account set-up enquiries, contact your Telstra Global representative or visit the [Telstra Global Cloud Sight page](#).

# Telstra Cloud Sight pricing

Telstra Cloud Sight currently offers two tiers of features:

1. Essential – the essential features cover budget, resource scheduling and tagging
2. Compliance – this includes the compliance feature in addition to all of the features offered in the essential tier.

Fees for both these tiers will be calculated monthly, based on a percentage of what you've spent on your cloud accounts. Fees will also depend on whether you've purchased your cloud account through Telstra or another provider.

## Monthly fees

Tier	Fees	
	Cloud account purchased through Telstra	Cloud account purchased through other provider
Essential	0% of cloud spend	2% of cloud spend
Compliance	5% of cloud spend	5% of spend

Please note there are some Telstra Cloud Sight features that need additional set up on eligible cloud services. For this reason you may incur additional charges on your eligible cloud service when you add the following features on Telstra Cloud Sight:

- Deploy a compliance blueprint
- Compliance alarming
- Resource scheduling
- Resource tagging

## Calculation of cloud spend

We calculate "cloud spend" using monthly cost figures reported by the Telstra Cloud Management Platform (CMP). See our [CMP page](#) for more details.

The cloud spend may differ from the charges on your bill for the following reasons:

- AWS passes estimated charges to the Cloud Management Platform before providing confirmed charges
- AWS Enterprise Discounts are not yet supported; and
- Certain types of refunds/discounts are not reflected in AWS data in certain cases.

As noted above, pricing is modular and applied to each cloud account based on the tier selected.
