

Do your thing with time-saving apps from Telstra

Deputy lets you take control of your rostering with seamless ways to assign, monitor and communicate with employees.

Your managers and employees will start working in unison, enhancing overall productivity. Deputy works via an easy-touse desktop interface and smartphone app. With Deputy you can quickly and easily:

- Match the right person to the right shift to reduce your scheduling changes and double-ups.
- Use one platform for all your rostering to monitor attendance, allocate shifts and communicate with staff.
- Minimise any downtime by finding alternative staff to replace 'no shows' and sick employees.
- Create an accurate audit trail to capture times when staff members start and stop their shifts.

Deputy is easy to use, and ideal for:

High volume staff rotations	Short-term campaigns	Field services	Teams on the go
Manage casuals and shift workers for cafes, restaurants, gaming, fun parks, hospitality, retail, entertainment and events.	Schedule and track volunteers and staff for political, environmental, education and not-for-profit activities.	Strategically plan contractors or consultants for construction projects and professional services assignments.	Identify where people are, and where they need to be next.

Enhances your decision-making capabilities

You can look forward to less guesswork, because with Deputy the numbers are at your fingertips.

Deputy can integrate with well known Payroll and Point of Sale (POS) software systems to help give you greater financial control over your business with:

- knowing your weekly labour costs before they're entered on the payroll
- being able to schedule your staff based on expected sales revenue
- · being aware of your peak trade times
- keeping tabs on your sales data with updates every 15 minutes.

Integration charges may apply and functionality may vary, depending on your chosen Payroll/POS system.

Mobilise your business with Telstra

Telstra can bring all your mobile services together, including apps, on one bill, which includes your hardware, plan costs and professional services costs. That means one provider and one point of contact.

Telstra has invested in more mobile coverage sites across city and country than any other Australian mobile network so you can enjoy greater and more reliable mobile coverage with fewer dead spots.

So get ready to become productive fast and feel confident that you're unlocking the full benefits of mobility by helping to make your workflow simpler and smarter.
