HTC 10

Features	Benefits
Key features <ul style="list-style-type: none">• Studio quality 24-bit Hi-Res audio• 12MP Ultra Pixel™ Camera with OIS and laser focus• Front facing 5MP Ultra Pixel™ Camera with OIS• 5.2" WQHD (Wide Quad HD) Display• Qualcomm®Snapdragon™820 Quad Core Processor• 32GB internal memory and 4GB RAM• LTE Cat.9 (450Mbps) with VoLTE support	Premium sound experience <p>24-bit Hi-Res audio capabilities take smartphone audio to the next level. The dual speakers and dedicated amplifier give a premium acoustic experience so you can kick back and enjoy brilliant quality sound.</p> Innovations in imaging <p>The 12MP Ultra Pixels sensor with superfast laser focus lets you capture brilliant vivid detail as well as record incredible 4K Ultra HD video and with Optical Image Stabilisation now featuring on the 5MP Ultra Pixel front facing camera you'll get more shutter speeds with less blur, so even your selfies look epic.</p> More performance <p>HTC's innovative PowerBotics system optimises the 3000mAh battery performance, providing greater efficiency so you can power through your day and with Quick Charging technology you can get up to a 50% charge in just 30 mins.</p> Exquisite screen <p>The HTC M10's 5.2" WQHD (Wide Quad HD) display gives true to life cinema display performance while the ground-breaking Qualcomm Snapdragon 820 processor helps deliver immersive visual graphics for console-quality gaming and next generation applications.</p>

Telstra Signature Premium, engineered by HTC

Features	Benefits
Key features <ul style="list-style-type: none">• 5" full HD 1080p AMOLED screen for brilliant life-like resolution• 13MP camera with Optical Image Stabilization• 24-bit Hi-resolution sound with Dolby Audio Surround• Octa-core processor for power and efficiency• Fingerprint scanner for added security• Android Marshmallow so you can connect to your everyday faster	A better view <p>The Telstra Signature Premium features an edge-to-edge full high definition, 1080p energy efficient screen. You'll experience life-like images – even in direct sunlight.</p> Point, shoot, show-off <p>Lasting memories can be created with confidence thanks to the 13MP camera with Optical Image Stabilization. You can also turn videos into epic and exciting stories, speed up, slow down and edit with Hyperlapse mode.</p> Wake up your music <p>Breathe new life into your music with studio grade audio with 24-bit high-resolution sound support for richness and depth. Dolby Audio Surround and an all-new enhanced, high-output amplifier also help to deliver outstanding sound quality.</p> Feel more secure <p>Keep your information secure whilst still having it at your fingertips. One touch will unlock your phone with the fingerprint security scanner that doubles as a home button.</p>

HTC Desire 626

Features	Benefits
<p>Key features</p> <ul style="list-style-type: none">• Sleek and stylish dual-tone unibody with vivid 5" 720p display• 13MP main camera with 1080p video recording and 5MP front camera for high detailed selfies• Android Lollipop with HTC Sense 7 for deep customisation• 16GB onboard memory with expandable storage (up to 128GB) and 100GB cloud storage (via Google Drive)• 1.2GHz Quad-core processor for seamless multi-tasking	<p>Incredible photos from both sides</p> <p>Enjoy an entirely new level of camera performance. The 13MP main camera with auto focus technology delivers crisp shots every time, and the 5MP front-facing camera features a built-in countdown mode so you'll know when you pose for your selfie.</p> <p>High-performance portability</p> <p>Driven by a quad-core processor, the HTC Desire 626 has the power to handle multiple apps at once, provide smooth videos, fast gaming and rapid online browsing. Have the freedom to store all your personal content on expandable storage (micro SD card support up to 128GB, sold separately).</p> <p>Designed to stand-out</p> <p>Immerse yourself in content that virtually comes alive with lifelike graphics on the 5" high-resolution display. The dual-tone design with detailed craftsmanship gives you a stand-apart style all your own.</p> <p>Personalisation – make your move</p> <p>The HTC Desire 626 features a wide range of customisable options. The combination of BlinkFeed, HTC Themes and the Sense Home widget helps to create a fully customisable and deeply personal experience. Dynamic apps and content appear automatically based on previous use. The Themes app makes it easy to create a custom look and feel in just a few steps. And over time, HTC Sense Home becomes smarter as you use it.</p>

Great for rural and regional areas with the option to connect a patch antenna via an external RF port. Connecting you with Australia's largest, fastest and most reliable mobile network.</p>

ZTE Telstra Tough 3 (T55)

Features	Benefits
Key features <ul style="list-style-type: none">• Built to Last: IP67 rated for water and dust resistance to last in tough conditions• Scratch Resistant Screen: Scratch resistant screen that's viewable in direct sunlight• Blue Tick: Highest coverage rating for optimal performance, plus, comes with an external antenna• Long Life Battery: Up to 8 hours of talk time• Supported Services• HD Voice	For work and play <p>Designed for tough workplaces and your adventures away, the Telstra Tough™ 3 is shock proof as well as water and dust resistant (IP 67 certified), so you can use it in any environment without worrying about spills or mishaps</p> Screen that's made for the outdoors <p>With a 2.4" scratch resistant display that's viewable in direct sunlight, you can easily read your screen to see who's calling or take a photo while out in the sun.</p> Blue Tick so you get more coverage <p>Being Blue Tick, the Tough 3 is given Telstra's highest coverage rating for optimal handheld device performance particularly in rural and remote coverage areas.</p> Get more out of your phone <p>With a battery life giving you up to 8 hours of talk time, there's one less thing to worry about whether you're at work or off having an adventure.</p> <p>IP67 rated for waterproof and dust resistance (waterproof for up to 1 metre for up to 30 minutes).</p>

Iridium 9575 Satellite Phone (Extreme)

Features	Benefits
Key features <ul style="list-style-type: none">• Iridium's most compact handset to date, Iridium Extreme is enhanced with more features than ever.• Compact physical footprint for streamlined portability• Intuitive user interface for out-of-the-box ease of use• Jet-water, shock and dust resistance for unparalleled durability• Enhanced SMS and email messaging capability• Integrated speakerphone• Headset and hands-free capability• Internally stowed antenna• Mini-USB data port• Accessories to create instant Wi-Fi hotspots anywhere• Reliable two-way global coverage	<ul style="list-style-type: none">• More reliable and durable than previous models (and is IP65 rated for the first time), which will give customers added peace of mind when they're in more isolated areas.• Has online Google mapping and GPS location based services that'll track location and an SOS button for emergencies.• There's reliable two-way global coverage to help keep in touch. It's water, shock and dust resistant – so less likely to break when needed most. Coverage on the Iridium network <p>Telstra Mobile Satellite delivers mobile voice, SMS and data services over the Iridium satellite network, giving access to customers when they are in rural or remote areas. With 66 low orbiting satellites, the Iridium network provides satellite phone coverage virtually worldwide.</p> <p>Coverage is available where there is a clear, wide direct line of sight between your handset and the sky. The quality of service may be affected by things such as the atmosphere, environment and surrounds, including where there is a narrow view of the sky due to things such as thick canopy cover, being in a narrow gorge or between dense tall buildings. 'Australia' includes up to 200 nautical miles out to sea and all Australian external territories except Antarctica.</p>
