

BUSINESS APPLICATIONS CANVAS

INFORMATION ABOUT THE SERVICE

Canvas is a Business App. Business Apps are a range of applications designed to increase business productivity and can be accessed on compatible tablet and mobile devices with an internet connection (Compatible Devices). You can purchase Business App licences from the Telstra Apps Marketplace marketplace.telstra.com

Canvas is a subscription service that converts paper based forms into digital forms and integrates with existing processes to improve productivity and streamline the flow of information. Subscribers can choose from thousands of ready-made templates – or build their own.

Telstra Apps Marketplace

You need an internet connection to access the Telstra Apps Marketplace. To start using the Telstra Apps Marketplace, visit marketplace.telstra.com and create an account.

You need to meet minimum system requirements to use certain applications available on the marketplace, which will be set out on marketplace.telstra.com and Our Customer Terms.

You're responsible for ensuring that you meet these requirements.

Compatibility

A list of all current supported browsers and operating systems can be found on telstra.com/businessapps

What's included

Canvas allows users to:

- convert paper based forms into digital forms
- access a library of ready built Industry based forms
- convert two paper forms that do not exceed three pages of input fields, plus any associated terms and conditions pages into a digital form for no additional charge. Charges apply for conversion of any additional forms after your first two
- if you have chosen the Canvas Professional Plan you will receive one additional paper form (not exceeding 3 pages of input text plus applicable terms and conditions) converted to a digital form for no additional charge
- integration ready options with other apps as detailed on telstra.com/businessapps

What's not

To access Canvas, each user will need to download the applicable Canvas app from their Compatible Device's application store. Data download charges may apply.

In order to integrate Canvas with back-end systems, your system environment must be properly configured and you may need to make changes to your system set-up. You are responsible for the configuration of your system environment and this is not included in your monthly licence fee. If you require system integration, before purchasing licences for Canvas, please contact us to discuss your specific business needs.

Other important information

Each licence can be used on one Compatible Device. If a user wants to access Canvas on several Compatible Devices, additional licences will be required.

INFORMATION ABOUT PRICING
