Telstra is working to manage the significant impact to Telstra services that has occurred as a result of a series of extreme weather events in the Greater Perth region of WA on or about Thursday 7 June 2012 and the Greater Perth, Lower West, Central Wheat Belt, South West, Great Southern and South Coastal Districts of WA on or about Sunday 10 June 2012.

Due to the effect of damage to the Telstra telecommunications network by severe thunderstorms, destructive winds and heavy rainfall there has been a significant increase in the number of Telstra services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities.

Telstra apologises to any affected customers.

Information as to the nature of these severe weather events can be sourced from the Bureau of Meteorology (BOM). Heavy rainfall and destructive winds are referred to in the BOM Severe Weather Warning issued for 7 June 2012 initially at 12:55 pm on Thursday, 7 June 2012 and also heavy rainfall and destructive winds are referred to in the BOM Severe Weather Warning issued for 10 June 2012 initially at 1:05 am on Sunday 10 June 2012; all of which were widely reported in the news media after the events.

Telstra has identified that the effect of these circumstances may apply to approximately 8000 services. Some of these services may not be installed or repaired within Telstra's standard time frames. The number of possibly affected services may increase or decrease as Telstra assesses the full effect of the extreme weather conditions. Based on current information, the expected resumption date of Telstra's normal service operations is 29 June 2012. This date is indicative only, however, and may be subject to change once the full impact of the extreme weather conditions has been assessed.

Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

- Telstra services encompassed in this exemption are in the area bounded by and including, but are not limited to the area starting at Lancelin on the WA coast head east north east through Danadaranag, Wathero to Maya. From Maya head east to the Goodlands Nature Reserve then go southeast to Bonnie Rock. From Bonnie Rock head east southeast to Kooyaaromboon then south to Marvel. Loch then southwest to King Rocks then south east through Holt Rock, Varley and Lake King. From Lake King head west through Newdegate and Lake Grace then south to Pingrup through to Ongerup. From Ongerup go southeast through Gairdner, Bremmer Bay to Hood Point on the West Australian coastline. From Hood Point follow the coastline west past Cape Knob, Cape Richie, Cheyne Beach, Albany, Ciffy Head, Augusta, Cape Naturaliste, Busselton, Bunbury, Mandurah, Fremantle, Perth, Two Rocks back to Lancelin. All suburbs and towns including metropolitan Perth, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

As these circumstances were outside of Telstra's control, Telstra is claiming an exemption from compliance with time frames and performance standards required under the Telecommunications (Customer Service Guarantee) Standard 2011. Therefore Telstra is notifying customers that normal installation and repair time frames may not be met during the period from 11 June 2012 to 29 June 2012 inclusive (based on Telstra’s estimated recovery schedule correct at the time of publication of this notice) and, under section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011, Telstra will be exempt from complying with performance standards during this period.
