

Customer Service Advice from Telstra

Extreme Weather events impact service in Darling Downs and Granite Belt District of Queensland.

As previously notified by Telstra on Wednesday 17 December 2014 and Monday 12 January 2015, Telstra's normal operations in the Darling Downs and Granite Belt region of Queensland have been affected by ongoing extreme weather events on or about Thursday 11 December 2014 continuing to date.

Telstra's telecommunications network in these areas have experienced high levels of damage that has resulted in delays to installation and repair activities on a significant number of Telstra services. Due to the extent of damage to the Telstra network, the impact in the affected region has been greater than initially estimated, and as a consequence of the ongoing weather effects, the expected recovery date has now been further extended to 22 February 2015.

Information as to the nature of these severe weather events can be sourced from the Bureau of Meteorology (BOM). Large hailstones, damaging wind and heavy rainfall are referred to in the BOM Severe Weather Warning issued for 11 December 2014 initially at 10:50 am Thursday, 11 December 2014; all of which were widely reported in the news media after the events.

Telstra has identified that the effect of these circumstances may apply to an additional 650 services bringing the total number of potential services impacted to approximately 2,450 services. This number may increase as Telstra assesses the full affect of the ongoing extreme weather conditions.

Based on current information, the resumption date of normal service operations is expected to be 22 February 2015. This date is indicative only; Telstra customers should anticipate that some further delays may occur.

Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but not limited to, the area starting at Cooyar heading southeast towards Toogoolawah, southwest past Grantham to Pilton and then southeast to Aratula. From Aratula the area turns south to the QLD/NSW border and following the border westerly past Texas and Goondiwindi to Mungindi. The area heads northeast to Teelba, southeast to Irongate, northeast past Biddeston to Kingsthorpe, and then north back to Cooyar. All suburbs and towns serviced by Telstra within these boundaries are encompassed in this exemption.
