Extreme Weather events impact service in the North Tropical Coast and Tablelands

As previously notified by Telstra on Friday 23 January 2015, Telstra's normal operations in the North Tropical Coast and Tablelands region of Queensland were affected by a series of extreme weather events on or about Friday 16 January 2015. Telstra's telecommunications network in these areas have experienced high levels of damage that resulted in delays to installation and repair activities on a significant number of Telstra services. Due to the extent of damage to the Telstra network, the impact in the affected region has been greater than initially estimated, and as a consequence of the continued weather effects, the expected recovery date has now been extended to 29 March 2015.

Telstra has identified that the effect of these circumstances applies to an additional 1,600 services bringing the total number of services impacted to approximately 4,100 services. This number may increase as Telstra assesses the full affect of the extreme weather conditions. Based on current information, the resumption date of normal service operations is expected to be 29 March 2015. This date is indicative only; Telstra customers should anticipate that some further delays may occur. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but is not limited to the area starting at Cape Tribulation following the coastline south past Port Douglas, Cairns, Innisfail and Ingham to Bluewater. The area then heads northwest past Mount Fox to Mount Garnet, north past Dimbulah to Lakeland, then southeast back to Cape Tribulation. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

07 4030 0000	To	07 4099 9999	07 4720 3000	To	07 4720 3999
07 4213 2000	To	07 4213 9999	07 4752 7000	To	07 4780 9999
07 4232 1000	To	07 4232 9999	07 4791 8000	To	07 4798 9999

As these circumstances were outside of Telstra's control, Telstra is claiming an extension to time frames applying under the *Telecommunications (Customer Service Guarantee) Standard 2011*. This means that Telstra is notifying customers that normal service time frames may not be met during the period of **21 January 2015 to 29 March 2015** inclusive (based on Telstra's estimated recovery schedule correct at the time of publication of this notice).
