

# Customer Service Advice from Telstra

## **Severe Weather events impact service in Perth and Lower West Districts and parts of the Central Wheat Belt, Great Southern and South West Districts of Western Australia.**

Telstra is working to manage the significant impact to Telstra services that has occurred as a result of a series of extreme weather events in the Perth and Lower West Districts and parts of the Central Wheat Belt, Great Southern and South West Districts of Western Australia on or about Thursday 9 April 2015.

Due to the effect of damage to the Telstra telecommunications network by severe weather, there has been a significant increase in the number of Telstra services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities.

Telstra apologises to any affected customers.

Information as to the nature of these severe weather events can be sourced from the Bureau of Meteorology (BOM). Heavy rainfall and damaging winds are referred to in the BOM Severe Weather Warning issued for 9 April 2015 initially at 1:15 pm WST on Thursday 9 April 2015; all of which were widely reported in the news media after the events.

Telstra has identified that the effect of these circumstances may apply to approximately 10,500 services. Some of these services may not be installed or repaired within Telstra's standard time frames. The number of possibly affected services may increase or decrease as Telstra assesses the full effect of the extreme weather conditions. Based on current information, the resumption date of Telstra's normal service operations is expected to be 10 May 2015. This date is indicative only, however, and may be subject to change once the full impact of the extreme weather conditions has been assessed. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but not limited to, the area starting at Two Rocks on the WA coast heading southeast to Muchea, north to Marchagee and northeast to Maya then east to the Goodlands Nature Reserve. The area turns southeast to Beacon then south past Bencubbin, Kellerberrin to Bulyee then northwest to The Lakes. From The Lakes the area heads southeast to Cordering, southwest to Balingup then northwest past Capel to the coast. The area then follows the WA coastline northeast past Bunbury, Mandurah, Fremantle and Perth back to Two Rocks. All suburbs and towns including metropolitan Perth, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:
