

# Customer Service Advice from Telstra

## **Extreme Weather events impact service in Canberra and the surrounding Australian Capital Territory District.**

As previously notified by Telstra on Wednesday 24 June 2015, Telstra's normal operations in Canberra and the surrounding Australian Capital Territory District were affected by a series of extreme weather events on or about Tuesday 16 June 2015 through to Thursday 18 June 2015. Telstra's telecommunications network in these areas have experienced high levels of damage that resulted in delays to installation and repair activities on a significant number of Telstra services. Due to the extent of damage to the Telstra network, the impact in the affected region has been greater than initially estimated, and as a consequence of the continued weather effects, the expected recovery date has now been extended to 26 July 2015.

Telstra has identified that the effect of these circumstances applies to an additional 1,200 services bringing the total number of services impacted to approximately 2,400 services. This number may increase as Telstra assesses the full affect of the extreme weather conditions. Based on current information, the resumption date of normal service operations is expected to be 26 July 2015. This date is indicative only; Telstra customers should anticipate that some further delays may occur. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but not limited to, the area starting at Bungendore heading south to Anembo, northwest to Batlow then northeast past Brindabella to Murrumbateman then southeast back to Bungendore. All suburbs and towns serviced by Telstra within these boundaries are encompassed in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

02 6119 3000      **To**    02 6155 9999      02 6200 0000      **To**    02 6299 9999

As these circumstances were outside of Telstra's control, Telstra is claiming an extension to time frames applying under the *Telecommunications (Customer Service Guarantee) Standard 2011*. This means that Telstra is notifying customers that normal service time frames may not be met during the period of **19 June 2015 to 26 July 2015** inclusive (based on Telstra's estimated recovery schedule correct at the time of publication of this notice).
