## Severe Weather events impact service in South East Queensland

Telstra is working to manage the significant impact to Telstra services that has occurred as a result of a series of severe weather events across the Hunter District of New South Wales on or about Saturday 4 June through to Monday 6 June and Adelaide Metropolitan region of South Australia on or about Thursday 23 June through to Friday 24 June.

Due to the effect of damage to the Telstra telecommunications network by destructive winds and heavy rainfall in those places, there has been a significant increase in the number of Telstra services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities in the directly affected areas, and across the Northeast Brisbane region due to the need to redeploy Telstra staff to the affected areas.

The details of effect of the extreme weather events were previously advised to affected customers in the Sydney Daily Telegraph on 10 June 2016 (reference 20160606-NSW-E-C-P-HUNTER AND CENTRAL TABLELANDS) and in the Adelaide Advertiser on 29 June 2016 (reference 20160624-SA-S-C-P-GREATER ADELAIDE), Telstra has claimed an exemption from compliance with time frames and performance standards in these areas required under the *Telecommunications (Customer Service Guarantee) Standard 2011*. Relevant notices are available on <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>

Telstra apologises to any affected customers.

Telstra has identified that the effect of these circumstances may apply to approximately 1,050 services. Some of these services may not be installed or repaired within Telstra's standard time frames. The number of possibly affected services may increase or decrease as Telstra assesses the full effect of the severe weather conditions. Based on current information, the resumption date of Telstra's normal service operations is expected to be 17 July 2016. This date is indicative only, however, and may be subject to change once the full impact of the extreme weather conditions has been assessed. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but is not limited to, the area starting at Shorncliffe, heading south past Brisbane Airport to the Brisbane River. Following the Brisbane River the area turns south west towards the Brisbane CBD and then north west past Ashgrove to Everton Hills. The area then heads north to Albany Creek. From Albany Creek the area heads south west past Ferny Grove to Mt Nebo then north to Mt Glorious. From Mt Glorious the area heads north to Dayboro and then east to Oakey Flats and then south east past Dakabin returning to Shorncliffe. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

07 3000 0800	<b>To</b>	07 3035 9999	07 3421 2500	<b>To</b>	07 3435 5399
