

Customer Service Advice from Telstra

Severe Weather events impact service in parts of the Adelaide Metropolitan and Mount Lofty Ranges Districts of South Australia.

Telstra is working to manage the significant impact to Telstra services that has occurred as a result of a series of severe weather events in parts of the Adelaide Metropolitan and Mount Lofty Ranges Districts of South Australia on or about Friday 11 November 2016.

Due to the effect of damage to the Telstra telecommunications network by severe thunderstorms, there has been a significant increase in the number of Telstra services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities.

Telstra apologises to any affected customers.

Information as to the nature of these severe weather events can be sourced from the Bureau of Meteorology (BOM). Destructive wind, heavy rainfall and large hailstones are referred to in the BOM Severe Weather Warning issued for 11 November 2016 initially at 7:14 pm Friday, 11 November 2016, reference number IDS65502; all of which were widely reported in the news media after the events.

Telstra has identified that the effect of these circumstances may apply to approximately 3,550 services. Some of these services may not be installed or repaired within Telstra's standard time frames. The number of possibly affected services may increase or decrease as Telstra assesses the full effect of the severe weather conditions. Based on current information, the resumption date of Telstra's normal service operations is expected to be 11 December 2016. This date is indicative only, however, and may be subject to change once the full impact of the severe weather conditions has been assessed. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but not limited to, the area starting at St Kilda Beach heading northeast to One Tree Hill, southeast to Mt Torrens then southwest to Flaxley. From Flaxley the area turns west to Christies Beach and following the coastline north past Glenelg and Port Adelaide back to St Kilda Beach. All suburbs and towns including metropolitan Adelaide, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

08 8100 0700	To	08 8116 6499	08 8266 8700	To	08 8279 9999
08 8130 0600	To	08 8139 9999	08 8290 0000	To	08 8314 7999
08 8150 0000	To	08 8249 9999	08 8325 0000	To	08 8449 9999

As these circumstances were outside of Telstra's control, Telstra is claiming an exemption from compliance with time frames and performance standards required under the *Telecommunications (Customer Service Guarantee) Standard 2011*. Therefore Telstra is notifying customers that normal installation and repair time frames may not be met during the period from **14 November 2016** to **11 December 2016** inclusive (based on Telstra's estimated recovery schedule correct at the time of publication of this notice) and, under section 21 of the *Telecommunications (Customer Service Guarantee)*

Standard 2011, Telstra will be exempt from complying with performance standards during this period.

If you have any questions regarding your eligibility for a CSG payment under this notice, or would like us to reconsider whether the circumstances were a proper basis for claiming an exemption, you may contact us on the number displayed on your telephone account or alternatively on 132203 for service difficulties and faults or 132200 for sales, installations and billing- quoting CSG Exemption reference number **20161114-SA-S-C-P-ADELAIDE AND SURROUNDING DISTRICTS**.
