## **Severe Weather events impact service in the Illawarra District and parts of the Sydney Metropolitan and Central Tablelands Districts of New South Wales.**

Telstra is working to manage the significant impact to Telstra services that has occurred as a result of a series of severe weather events in the Illawarra District and parts of the Sydney Metropolitan and Central Tablelands Districts of New South Wales on or about Saturday 18 February 2017.

Due to the effect of damage to the Telstra telecommunications network by large hail, heavy rain and damaging winds, there has been a significant increase in the number of Telstra services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities.

Telstra apologises to any affected customers.

Information as to the nature of these severe weather events can be sourced from the Early Warning Network at <http://www.ewn.com.au/alerts/>. Large hail, heavy rain and damaging winds are referred to within this site for Saturday 18 February 2017; all of which were widely reported in the news media after the events.

Telstra has identified that the effect of these circumstances may apply to approximately 350 services. Some of these services may not be installed or repaired within Telstra's standard time frames. The number of possibly affected services may increase or decrease as Telstra assesses the full effect of the severe weather conditions. Based on current information, the resumption date of Telstra's normal service operations is expected to be 5 March 2017. This date is indicative only, however, and may be subject to change once the full impact of the severe weather conditions has been assessed. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but not limited to, the area starting at Warragamba, heading south east to Cobbity and continuing south to Camden Park and Douglas Park. From Douglas Park the area turns east to Appin and then heads south west to Wilton. The area then turns south west to Lake Nepean before heading further south to East Kangaloon and Robertson. From Robertson, the area turns south west to Penrose and then heads north west to Cayonleigh. The area then continues north to Wollondilly River. The area then heads north east to Nattai before continuing north east back to Warragamba. All suburbs and towns serviced by Telstra within these boundaries are encompassed in this exemption

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

02 4629 4500	<b>To</b>	02 4659 9999	02 4860 1000	<b>To</b>	02 4889 9999
02 4677 0000	<b>To</b>	02 4684 9999			

As these circumstances were outside of Telstra's control, Telstra is claiming an exemption from compliance with time frames and performance standards required under the *Telecommunications (Customer Service Guarantee) Standard 2011*. Therefore Telstra is notifying customers that normal installation and repair time frames may not be met during the period from **21 February 2017 to 5 March 2017** inclusive (based on Telstra's estimated recovery schedule correct at the time of publication of this notice)

and, under section 21 of the *Telecommunications (Customer Service Guarantee) Standard 2011*, Telstra will be exempt from complying with performance standards during this period.

If you have any questions regarding your eligibility for a CSG payment under this notice, or would like us to reconsider whether the circumstances were a proper basis for claiming an exemption, you may contact us on the number displayed on your telephone account or alternatively on 132203 for service difficulties and faults or 132200 for sales, installations and billing- quoting CSG Exemption reference number 20170221-NSW-E-C-P-ILLAWARRA DISTRICT.
