

Customer Service Advice from Telstra

Severe Weather events impact service in the Northern Rivers, Mid North Coast and Northern Tablelands and parts of the Upper Western and North West Slopes & Plains Districts of New South Wales and parts of the Southeast Coast and Darling Downs and Granite Belt Districts of Queensland.

Telstra is working to manage the significant impact to Telstra services that has occurred as a result of a series of severe weather events in the Northern Rivers, Mid North Coast and Northern Tablelands and parts of the Upper Western and North West Slopes & Plains Districts of New South Wales and parts of the Southeast Coast and Darling Downs and Granite Belt Districts of Queensland on or about Tuesday 14 March 2017 through to Wednesday 15 March 2017.

Due to the effect of damage to the Telstra telecommunications network by severe thunderstorms, there has been a significant increase in the number of Telstra services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities.

Telstra apologises to any affected customers.

Information as to the nature of these severe weather events can be sourced from the Early Warning Network at <http://www.ewn.com.au/alerts/>. Heavy rainfall, damaging winds and large hail are referred to within this site for Tuesday 14 March 2017 through to Wednesday 15 March 2017; all of which were widely reported in the news media after the events.

Telstra has identified that the effect of these circumstances may apply to approximately 4,950 services. Some of these services may not be installed or repaired within Telstra's standard time frames. The number of possibly affected services may increase or decrease as Telstra assesses the full effect of the severe weather conditions. Based on current information, the resumption date of Telstra's normal service operations is expected to be 23 April 2017. This date is indicative only, however, and may be subject to change once the full impact of the severe weather conditions has been assessed. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but not limited to, the area starting at Duranbah Beach on the QLD/NSW border following the coastline past Kingscliff, Byron Bay, Coffs Harbour and Port Macquarie to Crowdy Head, then northwest past Comboyne to Yarrowitch. From Yarrowitch the area turns north to Wards Mistake, west to Wandsworth, and southwest to Warrabah then southeast to Cells Creek. The area turns west to Wallabadah, northwest to Rangari, and west to Boggabri then northwest to Brewarrina. From Brewarrina the area heads north to the NSW/QLD border and follows the border easterly past Boggabilla and Donaldson back to Duranbah Beach. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:
