Customer Service Advice from Telstra

Delay due to extreme weather in parts of the Kimberley District of Western Australia.

As previously notified by Telstra on Tuesday 16 January 2018 parts of the Kimberley region of Western Australia were impacted by extreme weather caused by Tropical Cyclone Joyce on or about Thursday 11 January 2018 through to Saturday 13 January 2018.

This event resulted in extensive damage to Telstra’s telecommunications network. Due to the extent of damage to the Telstra network, the impact in the affected region has been greater than initially estimated, and as a consequence of the continued weather effects, the expected recovery date has now been extended to 25 February 2018.

The effect of these circumstances applies to an additional 100 services bringing the total number of services impacted to approximately 300 services. This number may increase as Telstra assesses the full effect of the extreme weather conditions. Based on current information, the resumption date of normal service operations is expected to be 25 February 2018. This date is indicative only; Telstra customers should anticipate that some further delays may occur.
