Delay due to severe weather events in the Daly, Arnhem and Carpentaria Districts, and part of the Gregory District of the Northern Territory.

The Daly, Arnhem and Carpentaria Districts, and part of the Gregory District of the Northern Territory were impacted by severe weather caused by a monsoonal low on or about Saturday 27 January 2018 through to Wednesday 31 January 2018.

An interruption to Telstra’s normal operations has occurred leading to delays in installation and repair activities. As many as 700 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at the Northern Territory/Western Australian border in the Joseph Boneparte Gulf, following the coastline east in a clockwise direction past Darwin, Nhulunbuy and Port Roper to the Northern Territory/Queensland border. From here following the border south to National Highway 1, heading west to Newcastle Waters, and south west to Tanami Road intersecting the Northern Territory/West Australian border. The area then heads north following the border back to the Joseph Boneparte Gulf. All suburbs, towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
