

Customer Service Advice from Telstra

Delay due to severe weather in the Southeast Coast District and part of the Wide Bay and Burnett District of Queensland and the Northern Rivers District of New South Wales.

The Southeast Coast District and part of the Wide Bay and Burnett District of Queensland and the Northern Rivers District of New South Wales were impacted by severe weather on or about Friday 23 February 2018 through to Tuesday 27 February 2018. This event resulted in extensive damage to Telstra's telecommunications network.

An interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 16,000 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Tin Can Bay and following the QLD coastline south past Noosa Heads, Brisbane, Gold Coast and crossing the QLD/NSW border past Byron Bay and Evans Head to Moonee Beach. From Moonee Beach the area turns west to the Mount Hyland Nature Reserve, north to Baryulgil, and northeast to Eden Creek then southwest to Paddys Flat. The area heads northwest past Cullendore to the NSW/QLD border and follows the border easterly to the Koreelah National Park then turns northeast to Tarome. From Tarome the area heads northwest past Junction View to Rockmount, northeast to Biarra, and northwest to Taromeo then north to Bullcamp. The area turns northeast to Manumbar, north Woolooga, and northeast to Gundiah then southeast back to Tin Can Bay. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
