Customer Service Advice from Telstra

Delay due to extreme weather events in Darwin and the Daly, Tiwi and parts of the Arnhem Districts of the Northern Territory.

Darwin and the Daly, Tiwi and parts of the Arnhem Districts of the Northern Territory, was impacted by extreme weather caused by Tropical Cyclone Marcus on or about Saturday 17 March 2018 through to Sunday 18 March 2018.

An interruption to Telstra’s normal operations has occurred leading to delays in installation and repair activities. As many as 350 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Gunn Point and from there following the coast east around the Cobourg Peninsula and Goulburn Islands to Milingimbi. From Milingimbi, the area’s boundary proceeds southward through Ramingining, Emu Springs, and Mt Catt. From Mt Catt, the boundary turns west through Mary River Roadhouse to Hayes Creek, then southwest to Ooloo Crossing, then west to the coast at Wadeye. From Wadeye, the area’s boundary follows the coast northeast around Cox Peninsula and past the city of Darwin back to Gunn Point. All suburbs, towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
