Delay due to severe weather in the South Coastal District of Western Australia.

The South Coastal District of Western Australia was impacted by severe weather on or about 1 August 2018. This event resulted in extensive damage to Telstra's telecommunications network.

An interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 200 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Point D'Entrecasteaux heading northeast to Tonebridge, east to Cranbrook then north to Broomehill Village. From Broomehill Village the area heads east to Ongerup, southeast to Bremer Bay and follows the WA coastline westerly past Albany back to Point D'Entrecasteaux. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
