

# Customer Service Advice from Telstra

## **Delay due to severe weather events in the Peninsula, Gulf Country, Northern Goldfields and Upper Flinders District, North Tropical Coast and Tablelands, Herbert and Lower Burdekin Districts, Central Coast-Whitsundays and parts of the Capricornia Districts of Queensland.**

The Peninsula, Gulf Country, Northern Goldfields and Upper Flinders District, North Tropical Coast and Tablelands, Herbert and Lower Burdekin Districts, Central Coast-Whitsundays and parts of the Capricornia Districts of Queensland were impacted by severe weather on or about Thursday 24 January 2019 through to Wednesday 30 January 2019. Additionally, areas of Queensland have been declared as Natural Disaster and these areas will be monitored as weather events continue to impact Queensland.

Due to the effect of damage to the Telstra telecommunications network by the severe weather events and natural disaster, an interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 2,550 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Cape York, following the Queensland coastline southeast past Cooktown, Cairns, Innisfail, Townsville, Bowen and Mackay to St Lawrence. From St Lawrence the area heads southwest to Lotus Creek, and turns northwest to Mount Britton, northwest to Mount Coolon, then southwest to Galilee. At Galilee the area heads northwest past Maxwelton to Gidya, and then west to the QLD/NT border following the border north to the Gulf of Carpentaria. At the Gulf of Carpentaria, the area follows the QLD coastline southeast to Karumba, then north past Pormpuraaw and Aurukun returning to Cape York. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
