

# Customer Service Advice from Telstra

## **Delay due to fire in parts of the South Coast District of New South Wales.**

Parts of the South Coast District of New South Wales were impacted by bushfires in December 2019 and are ongoing to date. These events resulted in extensive damage to Telstra's telecommunications network. In some cases, unsafe conditions and road closures are preventing us from reaching these locations but we will attend as soon as these areas are deemed safe.

An interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 200 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Dolphin Point following the coastline south past Bawley Point and South Durras to North Head Beach. From North Head Beach the area turns northwest to Nelligen, north to the Bimberamala National Park then northeast back to Dolphin Point. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

### **How will this affect you?**

Unfortunately your service may be affected and we may take longer than normal to fix telephone services or complete connections. Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

We anticipate that the majority of services will be restored by 31 December 2019. We're sorry for any inconvenience this delay may cause but we can assure you we are working hard to get things back on track.
