Customer Service Advice from Telstra

Delay due to fire in Southeast Coast district of Queensland.

The Southeast Coast district of Queensland was impacted by bushfires on or about Monday 16 December 2019 through to Tuesday 17 December 2019. These events resulted in extensive damage to Telstra’s telecommunications network. In some cases, unsafe conditions and road closures are preventing us from reaching these locations but we will attend as soon as these areas are deemed safe.

An interruption to Telstra’s normal operations has occurred leading to delays in installation and repair activities. As many as 200 of Telstra services in the area bounded by and including, but not limited to, the area starting at Agnes Water area travels south along the coastline to Burrum Heads. At Barrum Heads the area turns inland heading southwest to Boomp and west onto Coalstoun Lakes, then northwest to Mount Perry. At Mount Perry the area heads northwest to Kalpowar then northeast returning to Agnes Water. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed.
