

Customer Service Advice from Telstra

Amendment of notice for delay due to fire in East Gippsland and parts of West and South Gippsland and North East Districts of Victoria, and the South Coast, Snowy Mountains and South West Slopes Districts of New South Wales.

As previously notified by Telstra on Wednesday 8 January 2020 and Monday 3 February 2020, Telstra's normal operations in East Gippsland and parts of West and South Gippsland and North East Districts of Victoria, and the South Coast, Snowy Mountains and South West Slopes Districts of New South Wales were affected by bushfires between November 2019 and January 2020. Due to the extent of damage to the Telstra network, the impact in the affected region has been greater than initially estimated, and in some cases, unsafe conditions and road closures are continuing to prevent us from restoration in affected locations. As a consequence of these events, the expected recovery date has now been extended to 1 March 2020.

The effect of these circumstances applies to an additional 250 services, bringing the total number of services impacted to approximately 1,000 services. This number may increase as Telstra assesses the full effect of these bushfires. Based on current information, the resumption date of normal service operations is expected to be 1 March 2020. This date is indicative only; Telstra customers should anticipate that some further delays may occur.

All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.

The area turns southwest to Murrah, Wapengo then Kalaru, then turns northwest past Kameruka to Morans Crossing. At Morans Crossing, the area turns southwest to Tantawangalo, northwest to Glen Allen, northeast to Kybeyan and northwest to Rock Flat.
