Delay due to extreme weather events in the Southeast Coast District and parts of the Darling Downs and Granite Belt, and Wide Bay and Burnett Districts of Queensland.

The Southeast Coast District and parts of the Darling Downs and Granite Belt, and Wide Bay and Burnett Districts of Queensland were impacted by extreme weather on or about Friday 17 January 2020 through to Monday 20 January 2020.

An interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 6,600 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Tinnanbar following the coastline south past Noosa Heads, Brisbane and Gold Coast to the Tweed River. From the Tweed River the area follows the QLD/NSW border westerly past Mount Lindesay, Wallangarra and Goondiwindi to Talwood Boonanga Rd. The area heads northwest to North Talwood, northeast to The Gums then east to Ducklo. From Ducklo the area heads north to Dura, northeast to Malarga then east back to Tinnanbar. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
