IT'S HOW  
WE CONNECT

# TELSTRA T-VOICE® 502 HANDSET & APP HELPS CONNECT YOU IN MORE WAYS

Purchase the T-Voice 502 handset to complement your Telstra T-Voice app calling experience.

T-Voice app available on

## 1. INSTALL T-VOICE APP

Download the free Telstra T-Voice app from Google Play and the App Store to install on your compatible smartphone, tablet or iPod Touch to make and receive home phone calls.

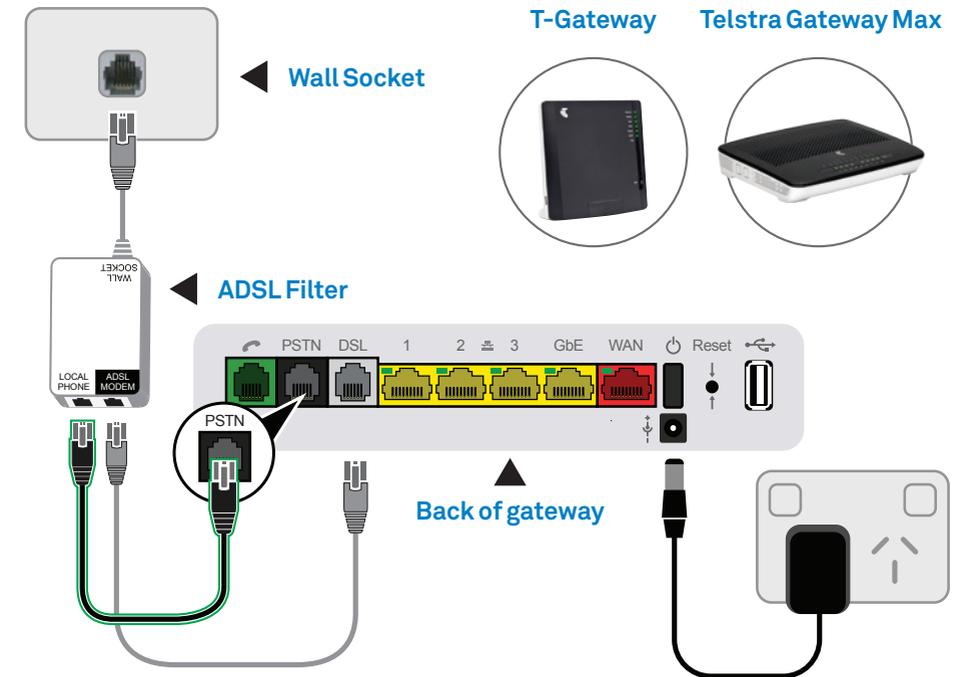

### Share your smartphone contacts

As you install the T-Voice app, elect to share some, all or none of your contacts. They will then be made available to all your T-Voice enabled devices.

## 2. FOR ADSL CUSTOMERS ONLY

No additional wiring is required if you have a Telstra NBN service.

The T-Voice app connects to both the T-Gateway® or Telstra Gateway Max™ to make and receive calls. If you have an ADSL connection, all you need to do is connect a phone cable between the ADSL filter and the gateway as highlighted below.

### T-Gateway or Telstra Gateway Max

Please note, depending on which gateway you have, the sockets on the back of the device may be in a slightly different location.

If you have back to base alarms or are a Priority Alert customer, it is recommended that you contact Telstra on 13 22 00 to arrange for a Telstra Technician to set up your phone service. Additional technician callout charges may apply.
