Telstra Large Broadband Bundle

\$115/mth Contract Term: 24 months Minimum Cost: \$3,017	Unlimited Telstra Home Broadband
	Home Phone

Information about the service

Your plan is a bundle which includes:

- a home phone service
- Telstra home broadband for your internet service.

Service availability

Service not available to all areas, homes or customers. While we perform preliminary qualification checks upfront for broadband service availability, the type of service offered (ADSL, ADSL 2+, Cable or Velocity) may be subject to further qualification checks to determine what is available at your location.

If we are unable to connect all your bundle services, we will attempt to contact you to discuss further options first or will place your connected services on the lowest-priced plan(s) if we can't contact you after making reasonable attempts. If this occurs, you will be notified and you may cancel your order free of charge.

Minimum term

This plan is available on a 24-month minimum term or casual term.

Information about pricing

Your minimum monthly charge and total minimum plan cost

\$115 per month for your Telstra Large Broadband Bundle.

The minimum amount you'll pay over 24 months is \$3,017 including a \$89 activation fee and a \$168 self-install Home Network Gateway.

If you take up a casual plan, the total minimum amount you'll pay for one month is \$492 including a \$89 activation fee, a \$120 Casual Plan Fee and up to \$168 for a self-install Home Network Gateway.

Installation and set up costs

In addition to the monthly charge, you'll pay the following:

Home phone and broadband activation fee	\$89, if you are a new Telstra home phone or broadband customer.
Professional installation	\$240 for standard professional installation if a technician is required at your premises. \$180 for nbn™ lite professional installation for eligible customers.
Temporary connection	If your voice service is connected for three months or less, an additional \$100 charge will apply.
Additional connection points	Separate charges apply for each additional connection point and for more complex connections.

If you're a Casual Plan customer or an existing Telstra home broadband customer and would like a new modem you can take up a Home Network Gateway for an additional charge.

Our Home Network Gateways are configured to work only with a Telstra broadband service. If you choose a professional installation a \$240 charge also applies.

A minimum \$9.95 delivery fee may apply if you have your device, modem or self install kit delivered. A premium delivery option may be available for a higher fee.

Home phone call rates and features

The following calls and features are included at no additional charge in your bundle:

- **Family Calls Benefit** – voice calls in Australia between mobile services, plus your home phone, on your Single Bill. Our Responsible Use Policy applies. Excludes calls from mobiles on an Ultimate, New Ultimate or Ultimate II plan. Mobiles with a 10-digit account number are not eligible
- **Calling Number Display and MessageBank®.**

Additional charges apply for other call types. These are the main charges for calls under your bundle:

- **call connection fee** – 52¢ per call (for national calls to fixed line numbers, calls to standard Australian mobiles and international numbers)
- **calls to 13 numbers** – 40¢ per call (except for free calls to 13 2200, 13 2000, 13 2203, 13 2999, 13 3933 and 13 7663)
- **local calls** – 50¢ per call
- **national calls to fixed line numbers** – 50¢ per minute
- **calls to standard Australian mobiles** – 50¢ per minute
- **calls to international numbers** – you can make international calls by dialling 0011 followed by the country code and the number you're calling. International Saver is included in your bundle. Get discounted call rates to over 70 countries. Calls are charged per minute block plus a call connection fee. To see our call rates visit telstra.com.au/international-rates

Some of these call types listed above exclude some usage. For example, national calls to fixed line numbers doesn't include calls to premium numbers (eg 19xx numbers), 1234 and 12456 numbers.

Calls to satellite numbers are charged differently to standard mobile call rates. Charges for these calls can be found at telstra.com/customer-terms

Moving Home

Hardware Repayment Option

A Hardware Repayment Option allows you to get new hardware and make monthly interest free payments. If you cancel your plan or your Hardware Repayment Option early, you'll need to pay any remaining hardware payments.

Early termination and other charges

If you take up a 24 month plan and you cancel your home phone or home broadband or transfer one (or more) of these services to another service provider, your bundle will be cancelled. If your bundle is cancelled early and you don't agree with us otherwise:

- you will be charged an Early Termination Charge (ETC) of up to \$360. The ETC decreases each month you stay on your bundle
- any remaining home phone service will be placed on a monthly plan with the lowest monthly charge of our generally available plans
- any remaining home broadband service that has not been cancelled will be placed on a month to month plan with the lowest amount of included data that is available to new customers
- if you have or added Telstra Broadband Protect and keep your broadband service, you will be charged a pro-rata amount of the Telstra Broadband Protect monthly fee for the remainder of the current month and from then on \$9.95 per month for Telstra Broadband Protect unless you cancel it
- your other bundle benefits will be removed.

The Telstra Broadband Protect charges in the "Early termination and other charges" section above also applies if you have or added Telstra Broadband Protect to a casual plan, your bundle is cancelled and you keep your broadband service.

If one of our suppliers raises its prices in the future, this may result in the cost of your service increasing. We will let you know before this happens.

Other information

Telstra Air®

If you have an eligible broadband service and you're a new Telstra home broadband customer on a 24 month plan, Telstra Air membership is included.

If you have an eligible broadband service, and you're an existing Telstra home broadband customer or you're on a casual plan, you can join Telstra Air but you may need to buy a compatible gateway. For details visit telstra.com/air. Eligible broadband services are ADSL, ADSL2+, nbn and Cable.

As a Telstra Air member with a connected compatible gateway, you get access to free Wi-Fi data at over a million hotspots in Australia and millions of hotspots overseas powered by our partner Fon.

Your gateway creates a Wi-Fi hotspot that others can use and shares a small amount of your home broadband bandwidth. When others use the hotspot, it doesn't impact your home broadband data allowance. There may be a small impact to your broadband speeds if you're using your broadband service at the same time as a hotspot user. However, we have rules in place to help protect your speeds.

Telstra Air Network® and Fon coverage maps will indicate the location of each Telstra Air hotspot.

The Telstra Air Network is open and public. We recommend that you don't use it to send or receive sensitive personal information or to carry out activities like Internet banking.

You can choose to opt in and out of Telstra Air once a month.

Telstra Broadband Protect

If you currently have or take up a Telstra Broadband Protect subscription you will be entitled to receive a full discount off the standard monthly charge while you remain on this bundle and otherwise the standard terms for this service apply. See the Telstra Broadband Protect Critical Information Summary for further information.

Broadband speeds

Broadband speeds vary due to quite a number of factors, including:

- type of technology available at your address
- any Speed Boost you may have purchased
- network capacity

- set up at your home (such as location of modem and how the internet is used in your home)
- whether your device is connected by WiFi rather than Ethernet cable

For Cable and Velocity customers, a Premium Evening Speed boost is available for \$20/mth. Your bill will show an additional charge each month for your speed upgrade until you cancel it.

For important information on broadband types and speeds, visit telstra.com/speeds

Transferring to the nbn™ network

Your 24 month contract could overlap with the rollout of the nbn network. If you wish to transfer to the nbn network with Telstra, please contact us. If you don't wish to transfer to the nbn network we'll continue to provide your service up until the date on which we're required to disconnect it as part of the migration to the nbn network, when we'll cancel your service and your access to existing networks. No ETC will be charged in these circumstances.

Mobile Bundle Bonus

You'll receive the Mobile Bundle Bonus on up to four eligible mobiles on the same Single Bill as your Bundle. It includes \$50 additional allowance for calls, MMS and SMS to standard Australian numbers per month on your eligible mobile service. Excludes use overseas. Unused allowance expires each month. For a full list of mobile plans eligible for the Mobile Bundle Bonus please see telstra.com.au/bundlebonus

Billing

Your bill is issued on the same date each month. Each bill includes the Minimum Monthly Charge in advance plus usage charges.

On your first bill, you'll also be charged for the days left until your next billing cycle begins. You may be charged for individual services until all those in your bundle are connected. This means your first few bills may be higher or lower than expected.

This bundle requires paperless billing and electronic payment. A \$2.20 charge will be applied a month in arrears if you receive a paper bill; and a \$1.00 charge will be applied a month in arrears if you make a bill payment in person or via mail. Some exemptions apply. To set up Email Bill, visit telstra.com/emailbill. To set up Direct Debit or for information on other bill payment options, visit telstra.com/billpay

Fair Use Policy

You must comply with our Fair Use Policy and not use your services in an unreasonable or fraudulent manner or in a way that detrimentally interferes with the integrity of the network. We may take action if you breach the Fair Use Policy, including suspending or cancelling your service.

We're here to help

Please visit telstra.com/contactus if you have questions about your offer, technical support, service or connection. Alternatively you can call us on 13 2200 or 133 677 (TTY).

Complaints or disputes

If you have a problem or complaint about your service, go to telstra.com/complaints where you'll find full contact details and information about how to resolve it.

Further investigation

If we can't resolve your complaint to your satisfaction, you can contact the Telecommunications Industry Ombudsman by phone on 1800 062 058. For full contact information online at tio.com.au/about-us/contact-us
