

IPND Charges for Data Users

1. IPND Application Fee (once only)

An application fee of \$3,000 (excl GST) is payable on application.

The application fee is levied by the IPND Manager on new Data Users to cover the cost of assessing the Data User's Application, the provision of IPND training and providing a Data User who is a Public Number Directory Publisher with Provisional IPND Data or Sample IPND Test Data for all other Data Users.

2. Data Provision Fee

\$0.007 per Public Number (excl GST) provided to the Data User with frequency determined by Data User type / requirements:

Incremental Data Users are those who receive regular / ongoing data files from the IPND. These Data Users include Public Number Directory Publishers, Emergency Services, Early Warning etc
The Data Provision Fee is chargeable once per year following their annual Bulk Data Refresh. The quantity of Public Numbers charged in the Data Provision Fee is based on the volume of Public Numbers included in their annual Bulk Data Refresh run.

Infrequent Data Users are those who receive data files from the IPND infrequently or upon request. These Data Users most commonly include Researcher Data Users.
The Data Provision Fee is chargeable each time data is provided to the Data User in response to their request. The quantity of Public Numbers chargeable in the Data Provision Fee is based on the volume of Public Numbers included in each output / extract provided to the Data User.

Introductory Offer:

New IPND Data Users (Incremental and Infrequent) signing on as IPND customers from 1st July 2021 are eligible for a special Introductory rate of \$0.005 per Public Number (excl GST) for the first 12 months only.

Data Provision Fee Example:

If a Data User XYZ Pty Ltd is provided (@ Bulk Refresh or data on request) with 9 million Public Number Customer Data records by the IPND Manager, the Data Provision Fee would be \$63,000 (9 million X \$0.007 excl GST).
