3.13 Unless otherwise set out in your Corporate Mobile Plus customer agreement, the included monthly allowances for Eligible Usage for your Corporate Mobile Plus Plans are described further in clause 3.42.

3.14 Any unused allowance expires at the end of each month.

FAIRPLAY POLICY

3.15 Our FairPlay Policy – Business Use (as set out in [Part A - General of the Telstra Mobile section of Our Customer Terms](#)) applies to Corporate Mobile Plus Plans except that terms relating to excessive use do not apply to any unlimited Eligible Usage of a Corporate Mobile Plus Plan. For the purpose of this clause, data volumes are calculated in accordance with clause 3.33.

3.16 In addition to the Our FairPlay Policy, you must not use, or allow others to use any service

PART B – PRICING PLANS – CORPORATE PLANS

connected to a Corporate Mobile Plus Plan:

- (a) as a point of interconnect for calls from overseas into Australia;
- (b) in connection with any machine-to-machine applications (i.e. any automated telemetry, telematics or telemetrics application which links two or more systems or devices with a mobile data connection);
- (c) to establish any point to point connections with another modem; or
- (d) to send messages to any numbers that we reasonably believe have been set up to enable you or another person to commercially exploit our services.

3.17 Any use of a Corporate Mobile Plus Plan in a way described in clause 3.16 is a material breach incapable of remedy and we may immediately suspend or cancel your service without notice to you.

INTERNATIONAL CALLS ALLOWANCE

3.18 Your Corporate Mobile Plus Plan may include a monthly allowance for calls and SMS to standard international fixed and mobile numbers (**Monthly International Call Allowance**) as set out in 3.42.

3.19 Any unused Monthly International Call Allowance expires at the end of each month.

INTERNATIONAL ROAMING ALLOWANCE

3.20 Your Corporate Mobile Plus Plan's monthly access charge may include an overseas roaming allowance for voice calls, SMS and/or data usage in Eligible Countries as set out in 3.42 (**Monthly International Roaming Allowance**). The list of Eligible Countries is set out in clause 10 of [Part I – Heading Overseas – International Roaming of the Telstra Mobile Section of Our Customer Terms](#). Any unused Monthly International Roaming Allowance expires at the end of each month.

3.21 If you exceed your Monthly International Roaming Allowance, subject to clause 3.42, you will be charged for any additional data usage in an Eligible Country and standard international roaming charges for all other usage and for all usage in countries other than Eligible Countries in accordance with the charges set out in [Part I – Heading Overseas – International Roaming of the Telstra Mobile Section of Our Customer Terms](#).

3.22 The included allowances provided with your Corporate Mobile Plus Plan (including your unlimited Monthly Call Allowance, your Monthly International Call Allowance and Monthly International Roaming Allowance (if any)) cannot be shared between any other services connected on your Corporate Mobile Plus account.

INTERNATIONAL ROAMING DAY PASS

3.23 On and from 21 May 2018, if international roaming is activated on the mobile services connected to the Corporate Mobile Plus Plans on your account at the time you connected these mobile services to the Corporate Mobile Plus Plans, then you also agree to take up an International Roaming \$10 Day Pass (**IR Day Pass**) for each mobile service connected to a Corporate Mobile Plus Plan on your account (except Executive and Global Plans) on the

PART B – PRICING PLANS – CORPORATE PLANS

terms set out in clause 12 of [Part I – Heading Overseas – International Roaming of the Telstra Mobile Section of Our Customer Terms \(IR Day Pass Terms\)](#). The IR Day Pass will be charged to your account when it is activated according to the IR Day Pass Terms.

SERVICE LEVEL PACKS

- 3.24 If your Corporate Mobile Plus Plan has a minimum monthly access charge of \$40 or more (excluding Data SIM Plans), then you can choose to have a MessageBank® Plus Pack or Voice2Text Pack (each a **Service Level Pack**). Your handset must have iOS 4.3 or above to use MessageBank Plus.
- 3.25 You may cancel a Service Level Pack at any time.
- 3.26 We do not charge you a monthly access fee to use MessageBank Standard with your Corporate Mobile Plus Plan. Other MessageBank Standard charges continue to apply and are set out in [Part F – Managing Calls of the Telstra Mobile section of Our Customer Terms](#).

DATA USAGE

- 3.27 In addition to our rights under the FairPlay Policy, if you exceed the monthly included data allowance in Australia for your mobile service on an eligible Corporate Mobile Plus Local or National Plan each month for three consecutive months, we may move your service to an eligible Corporate Mobile Plus National or Global Plan of the same type with the next higher minimum monthly access charge. This change to your service will apply from the next billing month, without further notice to you.
- 3.28 Example: if you have a National Data SIM \$100 plan, and exceed your data allowance as described in this clause, we may move your service to a Global Data SIM \$160 plan.
- 3.29 If we reasonably believe that you are in breach of our FairPlay Policy due to excessive data use on your Local, National or Global Plan, we reserve the right (but do not automatically) charge the following standard applicable retail rates for data use exceeding your FairPlay allowances on your Local, National and Global Plans:
- (a) 0.8c per Mb for data use in Australia; and
 - (b) our standard international roaming charges set out in [Part I – Heading Overseas – International Roaming of the Telstra Mobile Section of Our Customer Terms](#) for data use outside Australia.
- 3.30 If you have a:
- (a) Local, National or Global Plan, we consider that use exceeding the allowances in clause 3.42 to be excessive use for the purpose of our FairPlay Policy; or
 - (b) Basic \$20, Entry \$40, Standard \$60, Professional \$80, Executive \$120, Data SIM \$5, Data SIM \$40, X-Large Data SIM BYO or XX-Large Data SIM BYO Plan, we will charge you for data usage according to clause 3.39.
- 3.31 The applicable data charging method will be selected in your Corporate Mobile Plus customer agreement with us and will apply to all Basic \$20, Entry \$40, Standard \$60, Professional \$80,

PART B – PRICING PLANS – CORPORATE PLANS

Executive \$120, Data SIM \$5 and Data SIM \$40 Plans under that agreement.

3.32 Eligible data usage for the purposes of this section is described in [Part G – Data Services of the Telstra Mobile Section of Our Customer Terms](#). We will only charge you up to \$500 per month per service (Cap) for all your eligible data usage. Amounts we charge you for data usage for international roaming do not count towards the Cap amount.

3.33 When calculating data volumes in this section:

- (a) where the volume of data transferred is not a whole number of kilobytes, it is rounded up to the next kilobyte at the earlier of the end of each session or 24 hours; and
- (b) 1024 bytes = 1 kilobyte (KB) and 1024 kilobytes = 1 megabyte (MB)

COMMITTED DATA PLAN

3.34 A Committed Data Plan is:

- (a) a month-to-month add-on which provides a monthly data allowance (Monthly Data Allowance) that expires at the end of each month; and
- (b) available with Entry \$40, Standard \$60, Professional \$80, Executive \$120, Data SIM \$5 and Data SIM \$40 Plans.

3.35 Your Monthly Data Allowance under your nominated Committed Data Plan will be automatically pooled and shared with the Monthly Data Allowance of services on eligible Corporate Mobile Plus Plans on the same account (Shared Monthly Data Allowance).

3.36 You can change or cancel your Committed Data Plan at any time, unless otherwise set out in your Corporate Mobile Plus customer agreement. Any change or cancellation will apply to all Corporate Mobile Plus Plans eligible for the Committed Data Plan on your account. The terms applying to these changes are as follows:

Change	Terms
If you move to a lower Committed Data Plan	We will apply your new allowance (unless you move to PAYG Data charges) and excess data rates from the next billing cycle.
If you move to a higher Committed Data Plan	We will apply your new allowance and data charges from the next billing cycle.
If you move to PAYG Data charges	Your current data allowance will expire at the next billing cycle. We will apply your excess data rates from the next billing cycle.

3.37 This table sets out what will happen to your Shared Monthly Data Allowance if you make a change to Corporate Mobile Plus Plan associated with Committed Data Plan in between billing months:

Change	Terms
--------	-------

PART B – PRICING PLANS – CORPORATE PLANS

Cancelled	Any unused data as at the date of cancellation will remain on your account for the remainder of that billing month.
Added	A full month's data allowance will be added to your Shared Monthly Data Allowance for the month (it will not be pro-rated).
Moved to another account	<p>The total data contributed to the Shared Monthly Data Allowance by the relevant service will be removed from the original account.</p> <p>If the data used by the relevant service is greater than the data contributed, the maximum data removed from the Shared Monthly Data Allowance of the original account will be data used by relevant service.</p> <p>If the data used by the relevant is less than the data contributed, then only the data used will be deducted from the Shared Monthly Data Allowance of the original account for the applicable month.</p>

3.38 If your Corporate Mobile Plus Plan is no longer available, we may migrate your mobile service onto another current plan which is reasonably comparable. We will tell you before this happens.

There is no early termination charge (ETC) at service level (ETCs may apply when you cancel your Corporate Mobile Plus customer agreement) but you must pay any costs incurred up to the point of cancellation, including any minimum spend and services commitments in your Corporate Mobile Plus customer agreement. If you change or cancel your Corporate Mobile Plus Plan during a billing cycle, you will receive a pro-rata refund of your monthly charge and your included call allowance will be pro-rated for that billing cycle.

3.41 You may move mobile services to another Corporate Mobile Plus Plan with a different minimum monthly access charge no more than once every three months as long as you continue meeting any minimum spend and minimum number services commitments in your customer agreement.
