

TELSTRA SITELINE SERVICES SECTION OF THE STANDARD FORM OF AGREEMENT

Words that appear *like this* in this Section have the special meanings set out in clause 10.1.

1 TERM OF SECTION

This Section takes effect on 22 July 2008.

2 GENERAL TERMS AND CONDITIONS

- 2.1 *Telstra's General Terms and Conditions* form part of this Section.
- 2.2 Where any provision of this Section specifies the circumstances in which *Telstra* may suspend, limit or cancel the provision of a particular service, that provision applies in addition to, and not instead of, the provisions set out in *Telstra's General Terms and Conditions*.
- 2.3 Except as provided for in Clause 2.2 above, if there is an inconsistency between *Telstra's General Terms and Conditions* and this Section then this Section prevails.

3 DESCRIPTION OF SERVICE

As of 1 December 2001, there are no new sales of SiteLine services, only changes to existing services will be permitted from that date.

- 3.1 A SiteLine Service is a service that offers indial, outdial, or bothway channels over a 2Mbit/s link to provide up to 30 channels of 64Kbit/s high quality digital transmission between the PSTN exchange and the *Customer*. The interfaces are in accordance with *G703* and the line *P2* signalling scheme.
- 3.2 A SiteLine Service with an indial channel enables incoming telephone calls to *CPE* to be directly switched to the end-user terminal equipment, for example a telephone handset (see the Basic Telephone Service section of Our Customer Terms for a further description of indial functionality). Indial channels may be used to support PABX, *Direct Dial Call* Distribution, Voicemail systems or other *CPE*.
- 3.3 A SiteLine Service with an outdial channel provides an outgoing link from *CPE* to the PSTN exchange, with the capacity of 20 or 30 channels of 64Kbit/s high quality digital transmission per 2Mbit link.
- 3.4 A bothway channel combines incoming and outgoing functions on the same channel.
- 3.5 SiteLine Standard *National Long Distance Calls* and SiteLine Standard *International Long Distance Calls* are eligible for those Optional *Customer* Calling Plans and Call Savers (as specified in the Basic Telephone Service section of Our Customer Terms) which are available to business *Customers*, other than those which apply to *Local Calls*.
- 3.6 The SiteLine Service includes:
- (a) connection from *Telstra's* network boundary to the local exchange;
 - (b) *P2* channel associated signalling to the *Customer CPE*; call signalling to the *Customer CPE* is:

Bothway	DTMF
Outdial	DTMF or decadic
Indial	DTMF, decadic or MFC

- (c) a *Call Route* through the *Telstra* network supporting the operation of 100 extension numbers (indial and bothway channels only);
- (d) maintenance of *Telstra* owned plant and facilities; and
- (e) general service restoration during *Telstra*'s hours of business as specified in Attachment 1 and a service guarantee as specified in Attachment 2.

3.7 The SiteLine Special Service is an indial only service provided at *Telstra*'s discretion between *Customer*'s premises and an exchange providing special *Customer* features including :

- (a) connection from *Telstra*'s network boundary in Sydney and Melbourne to a special exchange;
- (b) *P2* channel associated signalling to the *Customer CPE*; call signalling to the *Customer CPE* is decadic;
- (c) *Call Routes* through the *Telstra* network supporting the operation of extension numbers (indial only) is limited to a maximum of 5 routes;
- (d) maintenance of *Telstra* owned plant and facilities; and
- (e) general service restoration during *Telstra*'s hours of business as specified in Attachment 1 but excluding the additional Customer Select Maintenance option in clause 4, and a service guarantee as specified in Attachment 2.

3.8 **Number Reservation**

To assist with business communications planning and to allow for business expansion, *Telstra* PSTS number ranges (where available) may be reserved by *Customers* for future SiteLine indial use. Number ranges are allocated in blocks of 100 numbers.

3.9 **Malicious Call Trace**

Malicious Call Trace allows call tracing to be invoked if a malicious call is received.

3.10 **Personalised Announcement Service**

Deleted.

3.11 **Call Redirection**

Call Redirection forwards external calls for answer at an alternate service nominated by the SiteLine Indial *Customer*. The alternate service must be adequately dimensioned so as to terminate all forwarded calls. The alternate service must be a single telephone number outside the existing SiteLine Indial number range.

4 **TERMS AND CONDITIONS OF SERVICE**

4.1 **Minimum Rental Period**

The minimum rental period for the SiteLine Service is 12 months.

4.2 **Termination**

The *Customer* may cancel a SiteLine Service at any *time* after the minimum rental period by providing 1 month's written notice. The annual charges will be applied pro rata to the date of termination.

5 **CUSTOMER OBLIGATIONS**

- 5.1 *Telstra* will connect existing *Customer Premises Cabling* to the SiteLine Service provided that :
- (a) the cabling has been installed by a registered cabling provider; and
 - (b) the cabling has been installed to, and continues to meet, minimum technical standards determined by *ACA* for such cabling.
- 5.2 Only *ACA* approved cabling and equipment may be connected to the SiteLine Service and the *Main Distribution Frame*.
- 5.3 If the *Customer* cancels an order for a SiteLine Service prior to its commissioning date, the *Customer* must pay *Telstra's* costs incurred up to the *time* of receipt of written notice of termination. The amount payable will not exceed the connection charge.
- 5.4 Maintenance and other work on a SiteLine Service must only be undertaken with *Telstra's* authorisation. If as a result of any unauthorised maintenance or work, in the opinion of *Telstra*, it is necessary for *Telstra* to perform corrective works to the SiteLine Service, the *Customer* must pay *Telstra* costs directly incurred to perform such work. Charges based on these costs will be determined in accordance with *Telstra's* Non-standard Works Policy and Guidelines current at the *time* and a written account will be rendered to the *Customer*.
- 5.5 Maintenance and other work on *Telstra* equipment related to a SiteLine Service at the *Customer's* premises may be undertaken by *Telstra* at the request of the *Customer*. The *Customer* is responsible for arranging reasonable access, at its own expense if applicable, from the building owner on request by *Telstra*.
- 5.6 The *Customer* must ensure that any faults reported to *Telstra* are in the SiteLine Service or an incorrect call-out fee will apply.

6 BASIC CHARGES

6.1 Connection Charge

The connection charge for installation of a SiteLine Service is set out in Table 2 or part thereof.

- 6.1A *Telstra* reserves the right to recover from the *Customer*, a charge for the withdrawal of an order for provision of a SiteLine service, depending on the stage to which the order has progressed at the time *Telstra* receives notice to withdraw the order. The calculation of charges payable by the *Customer* in these circumstances are set out in Table 2.

6.2 SiteLine Configuration Charge (subsequent to installation and at the *Telstra* exchange only)

The charges for SiteLine Configuration (subsequent to installation at the *Telstra* exchange only) are set out in Table 1.

6.3 Annual Charges

The annual charges for the SiteLine Service are set out in Table 1.

7 CALL CHARGES

- 7.1 Outgoing calls made on the SiteLine Service are charged in accordance with the SiteLine Section of the *Standard Form of Agreement* unless otherwise specified in this Section of the *Standard Form of Agreement*.
- 7.2 *Customers* must nominate whether they wish to be charged for *Local Calls* in accordance with *SiteLine Standard Local OR SiteLine Optional QuickCall (Local) Rates*. *Customers* who fail to make a nomination for *Local Calls* will be charged Standard Local Rates.

7.3 Local Calls

Subject to the Basic Telephone Service section of Our Customer Terms, outgoing *Local Calls* made on the SiteLine Service are charged at the rates set out in Table 3.

7.4 *Local Call* charges are not eligible for Flexi-Plan or Call Saver pricing options.

7.5 SiteLine National Long Distance Calls

Clauses 7.6 and 7.7 do not apply to *Local Calls*, international Freecall services, Indial calls, InfoCall calls, Securidial services or Caller Pays Paging, except where shown.

7.6 The charges for a *SiteLine National Long Distance Call* for *Customers* whose service is provided with CCR charging are set out in Table 5. Details of the *Distance Bands* are set out in Table 5.

7.7 SiteLine International Long Distance Call Charges

The charges for SiteLine *International Long Distance Calls* are calculated in accordance with clauses 7.8 and 7.9.

7.8 The charges for a SiteLine *International Long Distance Call* are set out in Table 6.

7.9 In Table 6, charging commences at the *time* a connection is established, corresponding to the answering of the call.

7.10 SiteLine Local Business Saver Flexi-Plan

The SiteLine service is eligible for the Local Business Saver Flexi-Plan in Table 7.

7.11 SiteLine Calls to mobiles

Calls from a SiteLine service to *mobile numbers* are charged in the same manner as calls to mobile numbers from a Basic Telephone Service with BusinessLine Complete. The relevant charges are set out in Part D - Business Phone Service of the Basic Telephone Service Section of Our Customer Terms.

7.12 Calls from a SiteLine Service to Priority One3, Priority 1300 and SecuriDial1345 numbers

Calls made from a SiteLine service to Priority One3, Priority 1300 and 1345 numbers will be charged to the caller at the call rate set out in Part A - General of the Inbound Services section of Our Customer Terms.

OTHER CHARGES

8.1 The annual reservation charge for future use of a block of numbers under clause 3.8 for each 100 number block is \$600.00 [*\$660.00 GST incl.*].

8.2 The annual charge for each channel for the malicious call trace service is \$60.00 [*\$66.00 GST incl.*].

8.3 The installation charge for call redirection for each 100 number block is as specified in the Basic Telephone Service section of Our Customer Terms.

8.4 The annual charge for call diversion immediate for each 100 number block or for one number only are as specified in the Basic Telephone Service section of Our Customer Terms.

8.5 The usage charge for call diversion immediate is as specified in the Basic Telephone Service section of Our Customer Terms.

- 8.6 The charge for signalling conversion (ie decadic/MFC/DTMF) on a SiteLine service is \$400.00 [\$440.00 GST incl.].
- 8.7 The annual charge for Line Hunt Groups, per channel is \$28.36 [\$31.20 GST incl.]. Additional Line Hunt charges apply. Refer to the Basic Telephone Service section of Our Customer Terms.
- 8.8 Local Number Portability
- (a) Local Number Portability (LNP) is available as an option for customers changing their carrier/carriage service provider. LNP enables a customer to keep their existing telephone number when changing access service to another carrier's/carriage service provider's network.
 - (b) Telstra charges a one-off administration charge if a customer elects to change their carrier/carriage service provider and keep their existing telephone number through the LNP process. The charges will vary for the porting of telephone numbers associated with 'Simple' or 'Complex' services as defined in the ACIF Local Number Portability code.
 - (c) The administrative charges relating to Local Number Portability are set out in Table 8.
- 8.9 The Number Redirection service is compatible with *ISDN 10/20/30, Analogue Indial, ISDN 2 Direct Indial (DID) or Siteline* services associated with a *Destination Number*. A description of the Number Redirection service and details of the applicable charges are set out in the Basic Telephone Service section of Our Customer Terms.

9 PRODUCT PROVISIONING

The national standard provisioning *time* for the SiteLine Service is 40 working days from date of order issue.

10 INTERPRETATION

- 10.1 In this Section, the following words and abbreviations have the following meanings:

ACA means the Australian Communications Authority.

Act means the Telecommunications Act 1997.

Band in respect of call distances has the meaning set out in Table 5.

CCR means, in relation to a *Basic Telephone Service*, call charge recording.

Call Route means the provisioning of the *Telstra* PSTS which, when used with appropriate *CPE*, allows external callers to direct dial, without the intervention of an operator, an extension, paging service, *Direct Dial Call* distributor or voice messaging service.

Customer has the same meaning as in *Telstra's General Terms and Conditions*.

Customer Premises Equipment or CPE means any equipment owned or used by the *Customer* in connection with a telecommunications service.

Customer Premises Cabling means all telecommunications cabling beyond *Telstra's* network boundary, and covers both internal and external cabling.

Direct Dial Call means a call connected without the assistance of an operator or without the assistance of an operator otherwise than at the receiving exchange.

Extended Zone Call means a call between a Basic Telephone Service and a Basic Telephone Service, public payphone or *Public Creditphone* where:

- both services are in the same *Extended Charging Zone*; or
- both services are in adjoining *Extended Charging Zones*;

GST means the tax imposed or to be imposed by the A New Tax System (Goods and Services Tax) Act 1999 (C'th) and the related imposition Acts of the Commonwealth.

International Long Distance Call means directly dialed International Long Distance Calls from the SiteLine Accesses.

ITU-T means the International Telecommunications Union Telecommunications Standardization Sector.

Local Call has the meaning given to it in the Basic Telephone Service section of Our Customer Terms.

Main Distribution Frame means the frame or equivalent device in *Customer* premises that provides the termination point for the lead-in cabling and the *Customer Premises Cabling* and provides facilities for cross jumpering between the two.

National Long Distance Call unless otherwise shown in this Section, when indicated by one of the *Bands* set out in Table 5, means a call over a distance between *Telstra* Charging Centres within the range shown opposite the *Band*.

P2 means the Channel Associated Signalling for the 30 channels within the 2Mbit/s link.

SiteLine Standard Local has the same meaning as in clause 16 of the PSTS Section of the *Standard Form of Agreement*.

SiteLine Optional QuickCall (Local) is an optional *local call* tariff designed for SiteLine *Customers* with the majority of *local calls* under 2 minutes.

SiteLine National Long Distance Call means a call other than a local or preferential call, made using the Public Switched Telephone Service between destinations located in Australia.

Standard Business Hours is defined by clause 1(a) of Attachment 1.

Standard Form of Agreement or **Our Customer Terms** means *Telstra's* standard form of agreement formulated for the purposes of section 479 of the *Act*.

SERVICE ASSURANCE

1. SERVICE OVERVIEW

- (a) *Telstra's* Standard Hours of Business for **installation** of SiteLine services are :
- 8am to 5pm Monday to-Friday, excluding Public Holidays.**
- (b) *Telstra* will provide a 24 hour fault reporting service for the lodgement of service faults.
- (c) **Maintenance and repair** of service faults will be confined to the following *times* ("Coverage Period") :
- 7am-9pm Monday to Saturday, including Public Holidays.**
- (d) The service may be used throughout Australia, subject to the availability of network infrastructure.

2. MAINTENANCE COMMITMENTS

- (a) The annual Service Charge covers maintenance up to the *Telstra* network boundary and, where applicable, of the network terminating unit only. Maintenance of *Customer* cabling (cabling beyond the network boundary) and *Customer* equipment is not included.
- (b) *Telstra* will aim to restore services to working order within the following periods after a fault report is received for a service in an urban centre:
- Response Time - 2 hours**
- Restoration Target - 12 hours**
- (c) A service is restored when it is returned to full working order. In some cases a temporary repair may be performed to enable use of the service before permanent repair is effected.
- (d) The restoration target applies to urban centres only and will be extended by one day in rural areas, and by two days in remote areas. In this regard, the following definitions apply:
- Urban Centres** - population of 30,000 or greater - service coverage up to 30 km (road distance) from a *Telstra* Service Centre in Capital Cities, and Major Regional and Provincial Centres.
- Rural Areas** - service coverage 30 km and over, but under 65 km (road distance) from the *Telstra* Service Centre.
- Remote Areas** - service coverage for 65 km and over (road distance) from the *Telstra* Service Centre.
- (e) Response Time is the *time* elapsed between the report of the fault by the *Customer* to one of *Telstra's* Fault Reporting Centres, and contact by a *Telstra* representative advising that action has been taken to identify and rectify the fault by remote diagnostics or that a site visit is required, and/or the attendance at a site by a *Telstra* representative.
- (f) Service restoration time is defined as the period commencing when a fault report is received by *Telstra* and ending when the service has been restored.

- (g) Service Response and Restoration targets shall be calculated to include only *time* accrued during *Telstra's* maintenance and repair *times* identified in 1 (c).
- (h) Service Response and Restoration targets apply only to service difficulties found to be within *Telstra's* maintenance responsibilities, as described in paragraph (a), above.
- (i) The repair of faults caused by interference, the *Customer's* negligence, or wilful damage to the SiteLine Service is not covered by the prescribed charges. *Telstra* reserves the right to repair such faults at the *Customer's* expense.
- (j) Service appointment *times* for the restoration and repair of faulty services will be agreed with the *Customer*.
- (k) Attendance to service faults is available outside the maintenance and repair *times* identified in 1 (c) at the *Customer's* request, in which case an after hours service charge as specified in 3 (d) shall apply (see the [Fee-for-service \(Other work we do for you\) section](#) of Our Customer Terms.
- (l) In the event that *Telstra* is requested to attend the *Customer's* site to attend to a fault condition which is subsequently proven to be in *Customer* equipment or cabling, an incorrect callout charge shall apply, unless such equipment or cabling is covered by a separate maintenance agreement with *Telstra*. *Telstra* will inform the *Customer* of the relevant charges and seek the *Customer's* approval before attending the *Customer's* site or commencing work. For information in relation to the incorrect callout charge, see [the Fee-for-Service \(Other work we do for you\) section](#) of Our Customer Terms.
- (m) Notwithstanding the above, major fault outages affecting a number of *Customers* shall receive priority maintenance.

3. ADDITIONAL WORKS CHARGES

- (a) The standard Network Connection charge specified in Clause 6.1 of this Section for Service activation includes work performed during *Telstra's* Standard Hours of Business only as specified in 1 (a).
- (b) For charges for installation, maintenance, consultancy and after sales activities not covered by a standard charge or contract see "Our Customer Terms [Fee-for-service \(Other work we do for you\)](#)"
- (c) Maintenance and repair of SiteLine India services shall be confined to the *times* identified in 1 (c).
- (d) Where applicable, material charges shall be in accordance with individual quotations.

SERVICE GUARANTEE

Telstra is committed to offering a continually improving level of service to its *Customers*. To assist in this endeavour, *Telstra* has introduced a Service Guarantee Scheme which provides *Telstra Customers* with a *Service Rebate* if *Telstra* fails to restore a service in accordance with the specified standard service restoration targets.

If *Customers* are not satisfied that *Telstra* restored their service(s) within the specified maximum restoration targets for the service(s) concerned, *Telstra* will pay those *Customers* a *Service Rebate*. The types of *Service Rebates* available and conditions which apply to them are set out in clause 10 of the Service Assurance Section of the *Standard Form of Agreement*.
