What is Telstra Mobile Broadband?

- 24.43 The Telstra Mobile Broadband service allows you to use a Telstra approved Telstra Turbo Card and any other device approved by us in connection with the Telstra Mobile Broadband service (“**Capable Device**”) to access data over Telstra’s Next G/3G/GPRS networks.
- 24.44 If you do not meet our credit requirements, we may not supply you with a Telstra Mobile Broadband service. We will tell you if this happens.
- 24.45 If the other clauses in the Telstra Mobile Section of Our Customer Terms are inconsistent with something in this Telstra Mobile Broadband 1xEV-DO to Next G Migration Plans section of Our Customer Terms, then this Telstra Mobile Broadband 1xEV-DO to Next G Migration section applies instead of the other clauses of the Telstra Mobile Section, to the extent of the inconsistency.

Coverage and handover between networks

- 24.46 For the latest coverage information call Customer Service on 125 111 (call charges apply) or visit <http://www.telstra.com.au/mobile/networks/coverage/maps.cfm>.
- 24.47 Although we will use reasonable care and skill in providing the Telstra Mobile Broadband service, because Next G/3G/GPRS are radio networks these networks and devices may experience drop-outs from time to time. If you want to switch between Next G/3G/GPRS you will first need to disconnect and then reconnect.
- 24.48 A Capable Device will hand-over from the Next G network to the 3G or GPRS networks and maintain your connection during data transfers. When moving from the 3G or GPRS networks to the Next G network, data transfer will continue after 20 to 30 seconds and a handover will occur where the Next G network is available and suitable radio conditions exist.

Usage of Next G network and devices

- 24.49 A Capable Device will access data over Telstra’s Next G, 3G and GPRS networks. You may use a GPRS only device with a Pack. However, a Capable Device is required to access the Next G network.
- 24.50 For optimum performance on our Next G, 3G and GPRS networks, you must use a Capable Device (and use it in accordance with any user guides issued by the manufacturer of that device). You may buy a Capable Device directly from us. The Capable Device is designed to work in a laptop PC. The Capable Device may also fit other customer equipment (such as selected PDAs) however we are unable to provide support for Capable Devices used in this configuration.

Part C – Special Promotions and Mobile Value Added Services

- 24.51 If you wish to connect your own device to the Telstra Mobile Broadband service, using the provided 3G USIM card, we provide no guarantee that that device will be compatible with our networks and we are unable to provide support for any such device.
- 24.52 You must use your Capable Device, your Telstra services and Telstra's networks in accordance with any minimum hardware and software requirements (details of which are available at www.telstra.com). We may terminate your access to our networks if you use any of them to adversely impact the operation and/or other customers' enjoyment of our networks or if you breach a material term of these terms, in accordance with the General Terms of Our Customer Terms. We will tell you before this happens.
- 24.53 You must not use your Telstra Mobile Broadband service to connect to the Internet via another internet service provider and unless we advise you otherwise, you must not use your Telstra Mobile Broadband service in connection with any machine-to-machine applications or to establish any point to point data connections with another modem.

- (e) not to deface, change, modify or repair the Leased Device;

Faulty devices

37.28 If your Leased Device is faulty during the term of your DLC, you must bring the Leased Device to a Telstra store for assessment. If the fault is covered under the manufacturer's warranty, we will replace or repair the Leased Device (in addition to any other rights you may have under the consumer guarantees in the Australian Consumer Law). If we provide you with a replacement Leased Device, this will be treated as if it was the

- 37.29 If your Leased Device is damaged during the term of your DLC (and not covered under any warranty or applicable consumer guarantee), we may charge you a fee associated with the cost of repairing the damage. If this occurs after the first 12 months of your DLC term, you may instead elect to upgrade your Leased Device in accordance with clause 37.9.

38 Business Lease Assure

What is Business Lease Assure?

- 38.1 If you take up an Eligible Plan and an eligible device on a 24 month DLC, you can also take up Business Lease Assure if you are a Telstra Business Customer for an extra monthly fee of \$10. Business Lease Assure may be automatically included at no additional cost in some Eligible Plans. The benefits this provides you are:
- (a) regardless of damage, you can upgrade your Leased Device at any time during your DLC (instead of waiting for 12 months) for an additional one off fee; or
 - (b) if you return your Leased Device at the end of the lease and it is damaged, you will only pay the additional one off fee which is a lower fee than you would pay under the standard DLC terms.

All other terms of the DLC continue to apply to you, including the terms and fees that apply if you fail to return your Leased Device.

- 38.2 You may only purchase Business Lease Assure on the same day you purchase your Eligible Plan. You may only have one Business Lease Assure device on each of your eligible mobile service plans.
- 38.3 On and from 7 November 2017, if you take up Business Lease Assure, you will only be able to upgrade your device two times within each 12 month anniversary of your Business Lease Assure plan.

39 Device Leasing Option (“DLO”) (for Enterprise and Government Customers)

What is DLO?

- 39.1 The Device Leasing Option (“**DLO**”) enables eligible customers to lease mobile devices that are connected to eligible Telstra mobile services.
- 39.2 DLO is a lease agreement (“**Lease Agreement**”) between you and our nominated third party (and for government customers between you and us) in which you agree to rent assets for a fixed period of 12, 18 or 24 months for mobile devices and 24, 36 or 48 months in the case of Machine to Machine (“**M2M**”) devices (“**DLO Term**”).
- 39.3 During the DLO Term, we will pay the amounts you owe to the leasing provider under your Lease Agreement, and you will pay us equivalent amounts via monthly instalments that appear on your Telstra bill (“**Lease Repayment Amount**”).
- 39.4 At the end of the lease period, unless otherwise agreed in your Lease Agreement, the assets are returned to us.

Appointment of our third party provider

- 39.5 We have entered into an arrangement with our preferred third party to provide DLO. You cannot choose an alternative third party provider to provide DLO.
- 39.6 The terms of your Lease Agreement will be between:

- (a) you and our third party provider in the case of enterprise customers; and

Part C – Special Promotions and Mobile Value Added Services

(b) you and us in the case of government customers.

39.7 Our sole responsibility in connection with DLO is to bill you your Lease Repayment Amount.

Availability

39.8 DLO is available to Telstra customers who are:

(a) a registered business with an ACN (or equivalent) and an assigned Telstra account manager; or

(b) a government agency.

39.9 DLO is provided at our discretion and we are allowed to refuse you access to DLO.

39.10 DLO is not available in relation to all mobile devices, and the mobile devices to be leased under DLO change from time-to-time. Our nominated third party provider may have certain eligibility and availability criteria that also restrict the availability of DLO.

Lease Repayment Amount

39.11 The Lease Repayment Amount will differ depending on the length of your Lease Agreement term, your chosen mobile device and any other services we might provide you under DLO. Your Lease Repayment Amounts will be set out in your application form or other agreement with us, or otherwise communicated to you before the commencement of DLO.

39.12 The terms under which you will lease any assets will be presented to you by our third party provider or us as the case may be in your Lease Agreement.

39.13 The Lease Repayment Amount for the leased assets and WAM Services (if any) will be invoiced to you on your Telstra bill (including GST).

Termination

39.14 Your rights and the rights of our nominated third party (or in the case of government customers, our rights) to terminate the Lease Agreement will be set out in the Lease Agreement.

39.15 In addition to any other services you may have with Telstra, you must repay the Lease Repayment Amount by monthly instalments over the DLO Term. If you do not repay the Lease Repayment Amount on time and in full:

(a) your lease may be suspended or cancelled in accordance with the terms of your Lease Agreement; and

Part C – Special Promotions and Mobile Value Added Services

- (b) after reasonable consultation with you, we may assign your debt to the third party finance provider (or another third party) to recover any outstanding amounts.

39.16 Your Lease Agreement may also be terminated if the mobile service attached to one or more mobile devices being leased under DLO is suspended or cancelled.

39.17 You must repay the balance of the Lease Repayment Amount outstanding if your mobile service or account attached to the Lease Agreement is cancelled.

Wireless Asset Management Services

39.18 You may also take up Wireless Asset Management services (“**WAM Services**”) as part of DLO. WAM Services may consist of one or more of the following:

- (a) Buyback and Trade-In;
- (b) Asset Management;
- (c) Asset Tagging;
- (d) Secure Device Wipe; and/or
- (e) Device Customisation.

Buyback and Trade-In

39.19 You may trade-in your used devices using our existing trade-in and buy back scheme operated by a third party provider. Terms and conditions can be found at https://www.bouncemobile.com.au/is-bin/INTERSHOP.enfinity/WFS/BrightstarAU-AUBOUCON-Site/en_AU/-/AUD/ViewStandardCatalog-Browse?CatalogCategoryID=S_4KfWLtV40AAAFIjdYY8DRG&SelectedCatalogCategoryName=HOME

Asset Management

39.20 Asset Tracking services enable you to manage your device fleet using an Asset Tracking Portal to coordinate, control and track your wireless assets. You can also track a device’s history to monitor its condition based on its last inspection.

Asset Tagging

39.21 We can design and print tags for each device to minimize lost or misplaced devices.

Secure Device Wipe

Part C – Special Promotions and Mobile Value Added Services

39.22 We can securely delete sensitive data contained in a device within your fleet to ensure it is no longer accessible. The Secure Device wipe will provide an audit trail and certificate for the devices by serial number, confirming the service has been performed for auditing purposes.

Device Customisation

39.23 Examples of some common customising requests that can be agreed with us include:

- (a) asset tagging;
- (b) application loading;
- (c) SIM card insertion;
- (d) screen protector and protective case installation;
- (e) device settings customisation; and
- (f) accessory bundling services.

Accessories

39.24 Subject to eligible models, you may ask us to provide a Handset Protection Pack which uses Telstra accessories including a screen protector and clear protective case which can be pre-installed on the device if ordered with a SIM.

Pricing

39.25 WAM Services are charged on a per device basis. The price for the WAM Services will be set out in your application form or separate agreement with us.

Term and termination

39.26 Each WAM Service is a once-off service and so there is no minimum term. You or we can cancel one or more WAM Services at least 7 days before before we have commenced performing the relevant WAM Service.

40 Device Leasing

What is Device Leasing?

40.1 The Device Leasing enables eligible customers to lease devices.

Part C – Special Promotions and Mobile Value Added Services

- 40.2 Your device lease is a lease agreement between you and our nominated third party financier (“Financier”). You will enter into a master lease agreement with the Financier in accordance with the process outlined below, which will become binding once signed by the Financier (“Master Agreement”).

Process to enter into Master Agreement

- 40.3 We will provide you with a copy of the Master Agreement for your signing. You acknowledge that our relationship with the Financier is that of independent contractors and that we are not an agent of the Financier in relation to the Master Agreement.
- 40.4 You will sign the Master Agreement and return it to us, for us to forward to the Financier for assessment.
- 40.5 Where the Financier approves your request to enter into a Master Agreement, it will return the signed Master Agreement to us, and we will upload the fully signed Master Agreement onto our Order Express website, or other portal as maintained by us from time to time (“Portal”), together with confirming the lease facility available to you under the Master Agreement (“Lease Facility”).
- 40.6 Your Lease Facility is sum of the aggregate of the total lease repayment amounts payable by you under the Master Agreement and may be subject to increase or decrease at the Financier’s discretion and will be as reflected on the Portal from time to time.
- 40.7 We will notify you where the Financier does not approve your request to enter into a Master Agreement.

Process to Order devices under the Master Agreement

- 40.8 Once we notify you of the approval of your Master Agreement, you can log into the Portal and place an order (or orders) for devices from our device list up to the total value of your Lease Facility (“Order”). Where you propose to place an Order in excess of your then current Lease Facility that Order will be subject to approval by the Financier.
- 40.9 Each Order will be a separate lease under the Master Agreement (“Lease”). Each Order will only become effective once approved by the Financier and us as reflected on the Portal.
- 40.10 We will keep an updated device list on the Portal which will reflect the available devices, and the relevant lease repayment amounts (“Device List”). We may update the Device List from time to time. However, any amendment or update to the Device List pursuant to this clause 40.10 shall not affect any Lease which is in place prior to the effective date of the updated or amended Device List.
- 40.11 Each Order will have its own lease term, as selected by you on the Portal (“Lease Term”).

Part C – Special Promotions and Mobile Value Added Services

- 40.12 You agree to comply with your obligations under the Master Agreement and each Lease. You acknowledge that the Master Agreement and each Lease is and contract between you and the Financier.
- 40.13 The Financier may revoke its approval of the Master Lease at its discretion. Where this occurs, you will need to enter into a new Master Agreement in order to place new Orders.

Lease payments

- 40.14 During the relevant Lease Term, we will pay the amounts you owe to the Financier under the Master Agreement, and you will pay us equivalent amounts via monthly instalments that appear on your Telstra bill (“Lease Repayment Amount”). Our sole responsibility in connection with Master Agreement and each Lease is to bill you your Lease Repayment Amount.
- 40.15 The Lease Repayment Amount will differ depending on the length of your Lease Term and your chosen device.

Availability

- 40.16 Device Leasing is provided at our discretion and we are allowed to refuse you access to Device Leasing.
- 40.17 The Financier may have certain eligibility and availability criteria that also restrict the availability of Device Leasing.

Termination

- 40.18 Your rights and the rights of the Financier to terminate the Lease Agreement will be set out in the Master Agreement.
- 40.19 In addition to any other services you may have with Telstra, you must repay the Lease Repayment Amount by monthly instalments over the relevant Lease Term. If you do not repay the Lease Repayment Amount on time and in full:
- (a) your Lease may be suspended or cancelled in accordance with the terms of your Master Agreement; and
 - (b) after reasonable consultation with you, we may assign your debt to the Financier (or another third party) to recover any outstanding amounts.

Returning your Leased Device

- 40.20 At the end of each Lease, you must return the relevant leased device to the Financier as required under the provisions of that Lease.

Part C – Special Promotions and Mobile Value Added Services

Your warranties and acknowledgements

- 40.21 You warrant that only your authorised officers will have access to the Portal and place Orders through the Portal. You acknowledge that the placement of an Order on the Portal by any of your representatives, or by our dealers (acting within the scope of any authority you have provided them) will be deemed to have been ratified by your authorised representative.
