- 2.2 If we approve your application, we'll give you credit toward the purchase price (**DPC Amount**). The DPC Amount chosen cannot be more than the price of the handset or device.
- 2.3 We will pay the Device Payment Contract Amount directly to the relevant Telstra Shop or participating Telstra dealer on your behalf.
- 2.4 You must repay us the DPC Amount in monthly instalments over the DPC Term over 12 or 24 months. Otherwise, we may suspend or cancel your associated Service in accordance with the General Terms.
- 2.5 You can have only one DPC per eligible Service. Please note these are subject to credit limits we impose based on your credit rating.
- 2.6 We may, without your consent and without notice to you, freely assign, novate, grant security over or otherwise deal with our rights and obligations under or in connection with the DPC (in whole or in part) to any person at any time. For example, we may do so in connection with a sale of our debts, securitisation or other financing arrangement. You cannot assign or otherwise deal with your rights or obligations under or in connection with the DPC.
- 2.7 In addition to how we may use and share your information under our Privacy Statement, we may also share your confidential information (including personal information as referred to in our Privacy Statement) with third parties that we deal with, including assignees, financiers, agents, trustees, and other service providers, in connection with our rights above.

unconditional. To the maximum extent permitted by law, you agree that you may not exercise any right to any set-off, counterclaim, withholding, deduction or reduction in respect of payments under or in connection with the DPC for any reason whatsoever.

Device Payment Discounts

- 2.9 We may from time to time offer discounts on selected devices (**Device Payment Discounts**). You must continue to pay DPC Amounts and have an eligible Telstra Service for the full DPC Term to keep receiving Device Payment Discounts.

You must repay outstanding amounts

- 2.10 If you or Telstra cancel your associated eligible Service or customer account before the end of the DPC Term, you must repay the outstanding DPC Amount when you leave. Any associated Device Payment Discounts won't apply to this outstanding DPC Amount.

- 3.5 We will try to deliver an SMS for up to 7 days. If it cannot be delivered after 7 days, the SMS will be deleted from our SMS network.

Telstra Standard Terms

Upfront Mobile Service Terms

- (a) technological difficulties;

- (c) the destination number is invalid or barred to SMS;
- (d) the person is overseas and the overseas phone company has blocked SMS from us.

In such cases we will be unable to deliver the message.

- 3.7 SMS messages to fixed phone services are not suitable for telling or warning people about serious risks, important matters, time critical matters or asking emergency service organisations to come to someone's aid. A message which is sent may not be able to be delivered or may not be received by the recipient (either immediately or at all). Because of this, you should decide (and are responsible for deciding) whether a text message is the most appropriate way to deliver your message, particularly where it is important that the message be received by the recipient or where the message needs to be received or acted on within a certain time.
- 3.8 SMS messages to fixed phone services are not encrypted so it is possible that a third party could intercept an SMS during transmission or delivery.

MMS Messages

- 3.9 With an MMS capable device, MMS allows you to create and send mobile messages containing images, photos, text, audio clips and short video recordings.
- 3.10 You are responsible for MMS content you send. You must not send content that is inappropriate or offensive to the intended recipients. You must not engage in text activity that interferes with or compromises any other person's use of the MMS service (such as spamming another person).
- 3.11 You must comply with all laws when creating and sending MMS content. For example, codes of conduct or industry codes (eg those relating to gaming, advertising and privacy) and the laws concerning intellectual property (eg copyright, moral rights and trade marks). You must not send MMS content that is owned by another person without their consent.
- 3.12 If you attempt to send any MMS message that is larger than 500 kilobytes in size, your MMS message may not be successfully submitted and/or received. Most handsets support previewing of message properties, including file size.
