

Customer Service Advice from Telstra

Delay due to severe weather in the Northern Rivers and Mid North Coast Districts and part of Northern Tablelands District of New South Wales.

The Northern Rivers and Mid North Coast Districts and part of Northern Tablelands District of New South Wales were impacted by severe weather on or about Monday 18 October 2021 through to Wednesday 20 October 2021. This event resulted in extensive damage to Telstra's telecommunications network.

An interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 1,500 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at Durambah Beach on the QLD/NSW border following the coastline south past Byron Bay, Port Macquarie and Forster to Dark Point, then northwest to Stroud. From Stroud the area continues northwest to Barrington Tops, northeast past Nowendoc to Yarrowitch, north past Wards Mistake to Glen Elgin then northwest past Emmaville to Rocky Creek. The area heads north to the NSW/QLD border and follows the border easterly back to Durambah Beach. All suburbs and towns, offshore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
