

## Customer Service Guarantee Exemption Advice – 20240325-QLD-E-C-I- WESTERN DISTRICTS EXT 2

We've previously advised of an interruption to Telstra's normal operations, due to parts of the Mt Isa Remote regions for Queensland was impacted by severe thunderstorms resulting in heavy rainfall, cloud to ground lightning strikes, localised flooding and road closures between 23<sup>rd</sup> March 2024 to 26<sup>th</sup> March 2024.

We are continuing to experience ongoing delays in installation and repair activities due to this event. We estimate that as many as 2 Telstra services may be impacted.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

- 07 4437 7000 To 07 4442 5999
- 07 4742 0000 To 07 4748 9999
- 07 4762 0000 To 07 4769 9999

### How will this affect you?

We anticipate that most services will be restored by 27<sup>th</sup> June 2024. We're sorry for any inconvenience this delay may cause but we can assure you we are working hard to get things back on track.

In the event this timeframe is extended, a revised notification will be provided.

### What else do you need to know?

Due to the extreme weather conditions, we're claiming an exemption under section 24 of the Telecommunications (Customer Service Guarantee) Standard 2023, including an exemption from the payment of compensation between 25<sup>th</sup> March 2024 to 27<sup>th</sup> June 2024 inclusive for any delays in fixing or connecting services, and the keeping of appointments relating to these activities in the impacted area.

The exemption process is explained in sections 24–30 of the *Telecommunications (Customer Service Guarantee) Standard 2023*, which can be found on the [Australian Government, Federal Register of Legislation](#) website.

### What's next?

You don't need to do anything. We're doing all we can to return to normal operating standards.

To request a copy of the CSG exemption notice, or, for any questions about your service, the CSG exemption, or to ask us to reconsider whether the circumstances are a proper basis for claiming the exemption, please call 132200.

To report a service disruption or fault, please call 132203.

If you're not satisfied with this exemption or our approach to your request, you can contact the Telecommunications Industry Ombudsman.
