INFORMATION ABOUT PRICING

Minimum monthly spend

\$80 – you have to pay more than \$80 if you use more than your Monthly Call or Data Allowances, or if you use your service for things excluded from your Monthly Call or Data Allowances.

Calls, SMS, MMS and data in Australia

These are the main charges used to calculate your usage under your Monthly Call Allowance, and the charges that apply if you use more than your Monthly Call Allowance:

- **standard national calls to fixed and mobile numbers in Australia (except where eligible for unlimited business hours)** – 30¢ call connection fee + 30¢ per minute block. It will cost 90¢ to make a standard 2 minute national mobile call on this plan.
- **SMS in Australia** – included.

If you restricted your use solely to Standard National Mobile Calls each of 2 minute duration you could make **88** calls. This excludes calls that are eligible for unlimited business hours.

If you use more than your Monthly Data Allowance, you'll be charged an additional **10¢** per MB.

Calls to international numbers

Your plan doesn't include calls to international numbers, so you'll be charged extra for these. The charges that apply to calls to international numbers are the rates applicable to DOT customers set out in the DOT Current Plans Customer Terms, which is available at telstra.com.au/customer-terms/business-government/dot

Total minimum plan cost

The total amount that you'll need to pay over your plan term is **\$1,920**, plus the cost of your DOT Core Plan.

Early termination charges

If your plan is cancelled before your minimum term has ended, you must pay us an amount calculated as:

**Monthly fee x number of months (or part thereof)
remaining in your contract term x 65%**

The maximum Early Termination Charge you'll pay is **\$1,248**.
