Information about the service

Your plan includes:

- A phone service on the PSTN or the nbn™ network
- A broadband service on the nbn™ network, ADSL, Cable or Velocity.

It is available to you if you

- Are a business customer and are billed directly by Telstra
- Pre-select Telstra for long distance, international and mobile calls

Service availability

Service not available to all areas, site addresses or customers. The type of service offered may need further qualification checks to determine what's available at your location.

We'll try to contact you if all your services can't be connected, however if we can't get in touch you'll be connected to the lowest-priced plan(s). You'll be notified if this happens and if you're not satisfied you can cancel your order free of charge.

Hardware

We will provide you with a Telstra Smart Modem™ that supports voice services at no cost if you are taking up a new service.

Broadband speeds

Broadband speeds vary due to a number of factors, including:

- Type of technology available at your address
- Any Speed Boost you may have purchased
- Network capacity
- Set up at your site (such as location of your modem and how the internet is used in your premises)
- Whether your device is connected by Wi-Fi rather than Ethernet cable
- If you have a Telstra Air member visiting your hotspot while you are using your broadband service

The speeds mentioned above may exceed the capabilities of some content servers and personal computers. The actual speeds and quality of your service may be lower, and will vary due to a number of factors including hardware and software configuration, source and type of content downloaded, and the number of users and performance of interconnecting infrastructure not operated by Telstra.

nbn™ network speeds

- Plans on the nbn network include Standard Plus speed on the nbn network that provide 40 Mbps typical minimum speeds between 7pm and 11pm.
- A Premium Speed Boost is also available for \$30 per month on all nbn technologies (excluding nbn Fixed Wireless) with 80 Mbps typical minimum speeds between business hours.
- Actual FTTN/FTTB/FTTC speeds and Speed Boost eligibility are confirmed after connection.
- Typical nbn Fixed Wireless speeds will be lower than other nbn access types.

For information on broadband types and the speeds available please visit [telstra.com/nbn-speeds](https://www.telstra.com/nbn-speeds)

Mobile Broadband Back-up

Your plan includes a Telstra Smart Modem with mobile broadband back-up (available in 4G coverage areas). If there is an outage of the broadband service, you will still have access to the internet via the mobile broadband back up service. The modem is limited to speeds of 6Mbps for downloads and 1Mbps for uploads. Actual speeds may vary due to local conditions and content accessed. If we reasonably believe you are misusing the back-up service, we will contact you. If you continue to misuse the back-up service, we may:

- suspend or limit your mobile broadband back-up service; and/or
- cancel your mobile broadband back-up service by telling you at least 7 days beforehand

Information about pricing

Refer to the Plan Cost table.

Free On-Account Calls Benefit

Provides Standard Voice calls in Australia between eligible Telstra mobile services, plus your fixed phone, on your Single Bill. Our Fair Use Policy applies.

Bill payment charges

- Paperless bills and electronic payments – **Free**
 - Paper bills – **\$2.20/mth**
 - Payments made in person or by mail – **Extra \$1.00**
 - Set up Email Bill at [telstra.com/emailbill](https://www.telstra.com/emailbill)
- Some exemptions may apply. For details, visit [telstra.com/billpay](https://www.telstra.com/billpay). To set up Direct Debit or for details on other bill payment options, visit [telstra.com/billpay](https://www.telstra.com/billpay).

Changing or cancelling your plan

You can change to another eligible plan once a month during your minimum term without re-contracting or paying Early Termination Charges (ETC).

Other Information

Moving to the nbn network

Your 24 month contract could overlap with the rollout of the nbn network. Contact us if you wish to transfer to Telstra on the nbn network. If you don't, we'll continue to provide your service up until the date on which we're required by law to disconnect your services. No Early Termination Charge (ETC) will be charged in these circumstances.

nbn satisfaction guarantee

If you are moving to the nbn network with Telstra for the first time and you're not happy with your nbn services for any reason, let us know within 30 days of connection and we'll do our best to fix it or you can cancel your nbn services without penalty. We'll even refund your monthly plan fee for that first month. Find out more at [telstra.com/guarantee](https://www.telstra.com/guarantee)

How can I check and manage my usage?

Register and login to My Account at [telstra.com/myaccount](https://www.telstra.com/myaccount) or get the Telstra 24x7® App on iPhone and Android.

Understanding my bill

Your bill is issued on the same date each month. You're billed in advance for the minimum monthly charge, and in arrears for any usage not included in your plan. You may also be charged for individual services until all those in your plan are connected, so your first few bills may be higher or lower than expected. When you start or change your plan part way through a billing period, your first bill will have additional charges.

Fair Use Policy

You must comply with our Fair Use Policy and not use your services in an unreasonable or fraudulent manner or in a way that detrimentally interferes with the integrity of the network. We may take action if you breach the Fair Use Policy, including suspending or cancelling your service.
