INFORMATION ABOUT THE SERVICE

Go Business Mobile Casual (**Plan**) is for a post-paid mobile phone service. It gives you access to our network, a mobile phone number, and lets you make and receive calls, send and receive messages, and access mobile data. The Plan lets you share your data allowance and it includes a Bonus Data Share SIM (**Bonus SIM**).

BYO Handset or Mobile Repayment Option

You can bring your own Telstra Mobile Network-compatible handset to use with the Plan. Check that your handset supports 3G-850MHz and Telstra's other mobile network frequencies to ensure you get the best possible experience on our network. Check your device manual or manufacturer's website. See telstra.com/device for more information.

You can also purchase a handset at an additional cost to use with your Plan by taking up a Mobile Repayment Option (**MRO**). Depending on the handset you choose, you may have to pay an amount upfront and make monthly interest-free repayments. We'll let you know beforehand if any payments apply to you.

If you cancel your Plan or MRO early, you'll have to pay any remaining MRO repayments.

Accessory Repayment Option

You can choose an Accessory Repayment Option (**ARO**) to buy mobile accessories. You'll be charged for your accessories in monthly interest-free payments. If you cancel your ARO, you'll have to pay the remaining cost of the accessories.

Data Sharing

Your Plan includes a Bonus SIM. If you need any additional Data Share SIMs, you can purchase additional Data Share SIMs for \$5/mth per SIM. You can share data between your Plan, Bonus SIM and any extra Data Share SIMs you have purchased. Your data will also automatically be pooled with all Go Business Mobile plans, Go Business Data Share SIMs, Go Business Mobile Broadband Share plans, Easy Share Business plans, Easy Share Data Share SIMs, Business Performance plans with a Data Share SIM attached, Telstra Business Mobile Data packs – Shareable and Telstra Mobile Broadband Share plans connected on after 2 August 2011 on the same account (**Eligible Services**). Your Bonus SIM and any extra Data Share SIM(s) can only be used for data. They cannot be used for voice calls or messaging. If you use your Data Share SIM in a mobile phone on the Telstra Mobile Network, we may block access to data from that mobile handset.

Minimum term

Casual – there is no fixed term.

You can cancel your Plan at any time but if you cancel you will also need to pay any additional charges up to the point of cancellation. You'll receive a pro-rata refund of your monthly charge and your included call allowance will be pro-rated for the billing cycle.

Monthly Call Allowance

Unlimited.

Monthly Data Allowance

10GB – any unused allowance expires each month. Your Monthly Data Allowance can be shared between all Eligible Services.

Free intra-account calls

You can make free voice and video calls to other Go Business Mobile plans, Easy Share Business plans, Easy Business plans and Business Performance plans on the same account in Australia.

Some plans (eg Business Fleet Connect plans, Business Mobile Advantage plans, Business Mobile PLUS and Business Fleet Select plans) are not eligible to be on the same account as Go Business Mobile plans.

What's included

You can use your Monthly Call Allowance for most types of national direct dial calls, video calls and messages made in Australia to standard Australian numbers, including voice calls to most 11xx, 13xx, and 12xx, diversion within Australia to fixed numbers with only an 02, 03, 07 or 08 area code or mobile numbers commencing with only 04xx, and any other calls or messages determined by us. Calls to 18xx numbers are free on this plan.

Your Plan includes unlimited standard SMS, MMS, MessageBank retrieval and diversion.

What's not

You can't use your Monthly Call Allowance, unlimited SMS and MMS for third party content calls, calls and messages to international numbers, calls or SMS to 19xx, 1234, 12455 and 12456 services, premium SMS and MMS, wake up and reminder calls, information and operator assisted calls, reverse charge calls, Call Answer, Memo, PhonePage, calls to Pivotal mobiles, calls and SMS to most satellite phones and any other calls or messages determined by us.

You need to pay us for this usage separately. Charges for these calls can be found at telstra.com/customer-terms

Your Monthly Call and Data Allowances and unlimited SMS and MMS can't be used while you're overseas.

INFORMATION ABOUT PRICING

Minimum monthly charge

\$75 – plus any charges for usage above or outside your Plan's inclusions and the cost of any extras, like extra Data Share SIMs (if you have any), MRO or ARO payments.

If you use more than your Monthly Call or Data Allowance per month, or use your service for things not included in your Plan, you'll have to pay more than **\$75**.

Calls, SMS and MMS to international numbers

The Monthly Call Allowance, SMS and MMS on your Plan doesn't include calls or messages to international numbers, so you'll be charged extra for these. Here are the main charges that apply:

- **calls to International numbers** – for call rates to international numbers, see telstra.com
- **SMS to International numbers** – 50¢ per message per recipient
- **MMS to International numbers** – 75¢ per message per recipient.

For information on business international calling packs visit telstra.com.au/mobile-phones/international-rates

Using your service overseas

Unless you have an International Roaming bar in place for your mobile, your Plan will come with International Roaming already activated. Your Plan does not include use while overseas, so you'll be charged separately for this usage. The cost of using your service overseas is higher than in Australia, and you may be charged for usage that wouldn't incur charges in Australia (eg charges to receive calls).

Here are the main charges that apply:

- **calls and SMS while overseas** – for call and SMS rates, see telstra.com/business/overseas
- **data while overseas** – \$3 per MB (charged per KB or part thereof).

When you arrive in an overseas country, you'll receive SMS alerts about International Roaming if your device is capable of receiving SMS. These alerts will tell you about roaming charges as well as how to stop roaming while overseas.

Extra Data

If you use more than your plan's Monthly Data Allowance (including any shared Monthly Data Allowance for eligible services on your account) you'll be charged an additional **\$10** for each extra 1GB of data (or part thereof) (**Extra Data**). Extra Data is for use in Australia and expires at the end of your billing month.

Extra Data will be shared between any services on your account that support data sharing. We'll add Extra Data blocks to your account one-at-a-time for sharing between those services (instead of adding Extra Data blocks for each individual service).

Minimum cost

There's no total minimum plan cost. You'll need to pay for all costs incurred on your Plan (including your Monthly Charge on a pro-rata basis) at the date your Plan is cancelled or varied.

Early Termination Charge

No Early Termination Charge applies. However, you'll need to pay us any remaining MRO and ARO payments.
