Information about the service

The Business BYO Mobile plan (Plan) is for a post-paid mobile phone service. You'll get access to our network, a mobile phone number, be able to make and receive calls, send and receive messages, and access mobile data.

Bring your own (BYO) Handset or Mobile Repayment Option (MRO)

You can bring your own Telstra Mobile Network-compatible handset to use with the Plan. Check that your handset supports 3G-850MHz, 4G 1800MHz, 4G 700MHz and Telstra's other mobile network frequencies to ensure you get the best possible experience on our network. Check your device manual or manufacturer's website. See telstra.com/device for more information.

You can also purchase a handset at an additional cost to use with your Plan by taking up a Mobile Repayment Option (MRO). Depending on the handset you choose, you may have to pay an amount upfront and make monthly interest-free repayments, which we will inform you about beforehand.

If you cancel your Plan or MRO early, you'll have to pay any remaining MRO payments and pay any Early Termination Charges (ETC) for your Plan.

Minimum term

12 months

Accessory Repayment Option

You can choose an Accessory Repayment Option (ARO) to buy mobile accessories, for which you'll be charged monthly interest-free payments. If you cancel your ARO, you'll have to pay the remaining cost of the accessories.

Data Sharing

Additional Data Share SIMs can be purchased for \$5/mth per SIM (limit of 5 Data Share SIMs per service). Data is shared between your Plan and any extra Data Share SIMs. Your data will also automatically be pooled with all Business Mobile, Business Lease Mobile, Business Mobile Broadband, My Business Mobile Data, My Business Mobile, My Business Mobile Lease, Go Business Mobile, Go Business Data Share SIMs, Go Business Mobile Broadband Share, TMB Business Share Plans, Small Business Voice and Data Packs, Easy Share Business, Easy Share Data Share SIMs, Business Performance plans and Business Performance Data Share packages (Eligible Services). Data Share SIMs can't be used in a mobile handset. You can also purchase a compatible SIM-ready device on an MRO, to use with any additional Data Share SIMs you may have purchased.

Refer to the above plan table – any unused Monthly Call Allowance expires each month. Information about pricing

Minimum monthly charge

Your minimum monthly charge includes:

- your monthly Plan value plus MRO payments

- the cost of any extras, like Data Share SIMs or ARO payments.

If you use more than your Monthly Call or Data Allowance per month, or use your service for things not included in your Plan, you'll have to pay more than your monthly Plan value.

If you use more than your included data allowance on your International Day Pass, we'll automatically add extra data to your service in blocks of 500MB for \$10.

Calls/SMS/MMS will be charged at international roaming rates (refer to telstra.com/overseas) and mobile data at \$3 per MB (charged per KB or part) where you:

- use your mobile outside of eligible roaming countries
- choose to opt out of your International Day Pass.
