No fixed or minimum term

**1GB/mth**

Data to use in Australia  
(3.91¢/MB)  
Extra Data \$10/GB  
or part thereof

## INFORMATION ABOUT THE SERVICE

**Go Business Mobile Broadband Casual 1GB Plan** – Your Plan is for a mobile broadband service. It gives you access to the Telstra Mobile Network, a mobile broadband service number and lets you access data.

### Minimum Term

**Casual** – there's no fixed term.

### Your Monthly Data Allowance

**1GB** – 1GB (Gigabyte) = 1,024MB (Megabytes). Your Monthly Data Allowance is for use in Australia only. Your unused Monthly Data Allowance expires each month.

### BYO Device or Mobile Repayment Option

With this Plan you can choose to bring your own device, buy one outright or purchase a device at an additional cost to use with your Plan by taking up a Mobile Repayment Option (**MRO**). If you choose a MRO to buy a mobile broadband device with your Go Business Mobile Broadband Casual Plan you will be charged for your device in monthly payments, which are interest-free.

### Accessory Repayment Option

You can choose an Accessory Repayment Option (**ARO**) to buy mobile broadband accessories. You'll be charged for your accessories in monthly, interest-free payments. If you cancel your ARO, you'll have to pay the remaining cost of the accessories.

### What's included

Your Monthly Data Allowance can be used to access mobile internet from your Telstra Mobile Network compatible mobile broadband device in Australia.

### What's not

Your Monthly Data Allowance can't be used for data use while you're overseas. Your Go Business Mobile Broadband Casual Plan does not include any voice or messaging allowance such as Voice and MessageBank®, Video and Video MessageBank, BlackBerry®, SMS (including Premium SMS) and MMS; any content subscription or Value Added Services including Foxtel by Mobile or international roaming. Additional standard charges apply for use of these services.

## INFORMATION ABOUT PRICING

### Minimum monthly charge

**\$40** – If you use more than your Monthly Data Allowance per month or use your device for things not included in your Plan you'll have to pay more than **\$40**.

Your Monthly Data Allowance is charged at **3.91¢** per MB.

### If You Use More Data

If you use more than your plan's Monthly Data Allowance (or your monthly shared data allowance, if you have eligible shared services), you'll be charged an additional \$10 for each extra 1GB of data (or part thereof) that you use in Australia (**Extra Data**). The Extra Data will expire at the end of your billing month.

If your plan supports data sharing, the Extra Data will be shared with any eligible data sharing services on your account. If you have more than one service on your mobile or mobile broadband account, then additional data for those services will be added and billed using the Extra Data model described above. Data charges are based on the amount of data used when accessing email and the internet on your mobile broadband device.

If you want to increase your data allowance you can move to a higher plan.

### Call, SMS and MMS Charges in Australia

These are the charges that will apply if you choose to make calls or SMS if the SIM we provide with your mobile broadband service is placed in a call or SMS capable mobile broadband device:

- **national calls** – 25¢ call connection fee and **42.5¢** per 30 seconds or part. A 2-minute standard national mobile call costs **\$1.95** (incl. connection fee) on this plan
- **national SMS** – 25¢ per message sent per recipient in Australia
- **MessageBank diversion** – 6¢ per 30 seconds or part
- **MessageBank retrieval** – 14¢ per 30 seconds or part
- **MMS to national numbers** – 50¢ per message per recipient.

## Calls, SMS and MMS to international numbers

Your Plan doesn't include calls, SMS or MMS to international numbers, so you will be charged extra for these. The main charges that apply to calls or messages to international numbers are:

- **calls to international numbers** – for call rates to international numbers, see [telstra.com.au/mobile-other-call-types](http://telstra.com.au/mobile-other-call-types)
- **SMS to international numbers** – 50¢ per message per recipient
- **MMS to international numbers** – 75¢ per message per recipient.

## Minimum Cost

There's no total minimum plan cost. You'll need to pay for all costs incurred on your Plan (including your Monthly Charge on a pro-rata basis) at the date your Plan is cancelled or varied.

## Early Termination Charge

No Early Termination Charge applies. However, you will need to pay us any remaining MRO repayments and ARO repayments.

## OTHER INFORMATION

### Manage your service online

We'll send you SMS alerts within 48 hours of you reaching 50%, 85% and 100% of your Monthly Data Allowance if you have a device which supports SMS. Not all mobile broadband devices can receive SMS. We recommend that you configure your notifications to be sent to a nominated email address. To change your default notification from SMS to a nominated email address, go to [telstra.com/business/mdum](http://telstra.com/business/mdum) to register for My Account then login to the Mobile Data Usage Meter.

You can track your estimated Australian mobile data usage by downloading the Telstra 24x7® App. Available for iPhone and Android™ phones at [telstra.com/business/app](http://telstra.com/business/app)

### Using your service overseas

Please note that all 'Go Business Mobile Broadband' Plans have International Roaming already activated. The cost of using your service overseas is higher than in Australia. Your monthly Plan allowance does not include use while you're overseas, so you will be charged separately for this usage.

Here are the main charges that apply:

- **calls and SMS while overseas** (for call and SMS rates, see [telstra.com/business/overseas](http://telstra.com/business/overseas))
- **data while overseas** – \$3 per MB (charged per KB or part thereof).

When you arrive in an overseas country, you will receive SMS alerts about International Roaming if your device is capable of receiving SMS. These alerts will notify you of pricing information (including services that may not incur a charge when you are in Australia) as well as how to stop roaming while you are overseas

You can also use our spend management tools to help you monitor your international roaming usage. For more information, including how to register for these tools, visit [telstra.com/manageirusage](http://telstra.com/manageirusage)

## Telstra 4G device and tablet information

You can access 4G coverage if you have a 4G device and are in a 4G coverage area. Typical download speeds of between 2Mbps and 50Mbps are available to 4G devices in 4G areas. Outside 4G areas or if you have a 3G device, you'll receive access to our 3G coverage. Mobile broadband coverage depends on a number of factors such as your device, location, surrounding landscape as well as the physical building you may be using your device from.

To find out more about our mobile coverage and networks or how to optimise network performance visit [telstra.com/coverage](http://telstra.com/coverage)

## Billing

Your bill is charged on the same date each month (eg 15 May, 15 June, 15 July). Each 'month', you'll be billed in advance for the minimum monthly charge and for your use during the previous month. Your first bill will include a proportion of your monthly charge (referred to as pro-rating). You'll still receive your full Monthly Data Allowance.

To opt into receiving paperless billing, visit [telstra.com/emailbill](http://telstra.com/emailbill) to request an email bill and/or set up direct debit. For more information on other bill payment options, go to [telstra.com/billpay](http://telstra.com/billpay)

### We're here to help
