Information about the service

A post-paid mobile broadband data service for use with a mobile broadband or tablet device providing:

- access to our network
- access to mobile data

Your SIM for this service won't provide access to mobile data from a mobile handset.

Bring your own (BYO) Device or Mobile Repayment Option (MRO)

You can bring your own Telstra Mobile Network compatible device to use with the Plan. Check that your device supports 3G-850MHz, 4G 1800MHz, 4G 700MHz and Telstra's other mobile network frequencies to ensure you get the best possible experience on our network. Check your device manual or manufacturer's website. See telstra.com/device for more information.

You can also purchase a device at an additional cost to use with your Plan by taking up a MRO. You can pay off your device over 24 or 36 interest-free monthly payments with a MRO. If you cancel, recontract or move to an ineligible plan before the end of your MRO term, you'll need to pay the balance of any remaining device payments.

Peace of Mind data

Your plan includes Peace of Mind data. If you exceed your included data allowance, your data speeds are capped at 1.5 Mbps until the end of your bill cycle (not suitable for HD video or high speed applications, and means that some web pages, video/social media content and files may take longer to load) and may be slowed further during busy periods.

Data inclusions expire at the end of your billing month and are not sharable with other services on your account. For use in Australia in an eligible device only. For eligible devices, see telstra.com/customer-terms

Information about pricing

Refer to the Plan Cost table. If you use your mobile broadband for things not included in your Plan or exceed your Monthly Data allowance, you'll have to pay more than the Minimum Monthly Charge set out in the Plan Cost table.

Minimum term

Your plan does not have a minimum term (excludes any MRO or ARO contracts).

What happens if I go overseas?

Unless you are re-contracting your existing service or have chosen to opt out, your plan is automatically activated with International Roaming. You can de-activate this by calling us on 125 109.

Roaming + SMS + Data

Check the table above to see if your plan has International Roaming Calls & SMS or Roaming Data.

If your plan does not have included Roaming Calls & SMS or Roaming Data then you will have an International Day Pass activated, which for an additional charge per day lets you make and receive unlimited standard voice calls and SMS and includes 200MB data for use each day (AEST) when travelling in Eligible Roaming Countries.

If you use more than your 200MB each day then we will automatically add extra data to your service in blocks of 500MB for \$10. If you use your device outside of Eligible Roaming Countries or Choose to opt out of your International Day Pass then the following call rates will apply:

- Calls/SMS/MMS – visit www.telstra.com/overseas
- Mobile Data - \$3.00 per MB (charged per KB or part)

For more information you can refer to the International Day Pass Critical Information Summary.

Other information

What do I need to understand about my first bill?

When you start or change your plan part way through a billing period, your first bill will have part month charges.

How can I monitor and manage my usage?

You'll receive SMS alerts when you reach 50%, 85% and 100% of your Monthly Data allowance. To check your usage:

- login to My Account at telstra.com/myaccount
- use My Plan Manager by going to telstra.com/mpm on your mobile's browser (select the 'My' tab to view details)
- use the Telstra 24x7® App on your iPhone and Android phone (available at telstra.com/business/app)
- check the mobile data usage meter at telstra.com.au/my-data-usage
