Big Data Bundle

\$90/mth

Contract term: 24 months
Minimum cost: \$2,249

Home Broadband Data
2,000GB/mth

Information about the service

Your plan is a Bundle which includes:

- a home phone service
- Telstra home broadband for your internet service.

The details of these are set out in the table above.

Minimum term

Month-by-month or 24-months.

Service availability

Service not available to all areas, homes or customers.

While we perform preliminary qualification checks upfront for broadband service availability, the type of service offered (nbn™ network, ADSL, ADSL2+, Cable & Velocity) may be subject to further qualification checks to determine what is available at your location.

If we are unable to connect all your plan services, we will attempt to contact you to discuss further options first or will place your connected services on the lowest-priced plan(s) if we can't contact you after making reasonable attempts. If this occurs, you will be notified and you may cancel your order free of charge.

Broadband speeds

Broadband speeds vary due to quite a number of factors, including:

- type of technology available at your address
- any Speed Boost you may have purchased
- network capacity
- set up at your home (such as location of your modem and how the internet is used in your home)
- whether your device is connected by Wi-Fi rather than Ethernet cable
- if you're a Telstra Air member and using your broadband services at the same time.

Typical nbn Fixed Wireless speeds will be lower than other nbn access types. For information on broadband types and the speeds available please visit telstra.com/nbn-speeds.

This plan includes Standard Plus Evening Speed for nbn customers (excluding nbn Fixed Wireless customers who will receive Standard Evening Speed).

Customers on the nbn network may take up a Premium Evening Speed Speed Boost for \$30/mth (excluding nbn Fixed Wireless). For FTTN/FTTB services, actual speeds and Speed Boost eligibility will be confirmed following activation.

For Cable and Velocity customers, a Premium Evening Speed Speed Boost is also available for \$20/mth.

Your bill will show an additional charge each month for your speed upgrade. If you already have a Speed Boost then you will continue to receive your Speed Boost and be charged for it each month unless you cancel it.

If you exceed your monthly data allowance your broadband speed will slow to 256kbps until the next month.

Telstra Air®

Telstra Air membership is included as part of your Bundle if you have an eligible service type and Telstra Wi-Fi Modem. It allows you to access free Wi-Fi at over 1 million hotspots in Australia and millions of Fon spots overseas. For details visit telstra.com/air

Telstra Broadband Protect

You are entitled to receive a full discount off the standard monthly charge while you remain on this plan and otherwise the standard terms for this service apply. See the Telstra Broadband Protect Critical Information Summary for further information.

Mobile Bundle Bonus

You'll receive the Mobile Bundle Bonus on up to four eligible mobiles on the same Single Bill as your plan. It includes a \$50 additional allowance for calls, MMS and SMS to standard Australian numbers per month on your eligible mobile service. Excludes use overseas. Unused allowance expires each month. A full list of eligible mobile plans is available at telstra.com.au/bundlebonus

Moving to the nbn network

Your 24 month contract could overlap with the rollout of the nbn network. If you wish to transfer to Telstra on the nbn network, please contact us. If you don't wish to, we'll continue to provide your service up until the date on which we're required by law to disconnect your services. No Early Termination Charge (ETC) will be charged in these circumstances.

Billing

Your bill is issued on the same date each month. Each bill includes usage charges, plus the Minimum Monthly Charge in advance. On your first bill, you'll also be charged for the days left until your next billing cycle begins. You may also be charged for individual services until all those in your plan are connected. This means your first few bills may be higher or lower than expected.

Billing and payment charges

This plan requires paperless billing and electronic payment. A \$2.20 charge will be applied a month in arrears if you receive a paper bill; and a \$1.00 charge will be applied a month in arrears if you make a bill payment in person or via mail. Some exemptions apply. To set up Email Bill, visit telstra.com/emailbill. To set up Direct Debit or for information on other bill payment options, visit telstra.com/billpay

Bundled hardware

If your Bundle includes bundled hardware, like the Home Network Gateway at no upfront cost, a monthly hardware repayment fee for each device is waived over 24 months. If you cancel your Bundle early the remaining monthly hardware repayments will be added to your total Early Termination Charges (ETC).

Early cancellation of your bundle

If you cancel one or both of your home phone and home broadband and you don't agree with us otherwise:

- you will be charged an Early Termination Charge (ETC) up to the maximum amount indicated below. The ETC decreases each month you stay on your plan
- any bundled services you do not cancel will be placed on monthly plans and charged at our standard unbundled rates
- your other Bundle benefits will be removed.

Early Termination Charges

The maximum early termination charge you will pay is \$528 (including \$168 for the Home Network Gateway if you received one).

If you cancel your Bundle or any Hardware Repayment Option early, you'll need to pay any remaining hardware payments.
