Telstra X-Large Bundle

\$149/mth

Contract term: 24 months
Minimum cost: \$3,665

1,000GB/mth
Telstra Home Broadband

Home Phone

Information about the service

Your plan is a bundle which includes:

- a home phone service
- Telstra home broadband for your internet service
- a Telstra TV streaming device.

Service availability

Service not available to all areas, homes or customers. While we perform preliminary qualification checks upfront for broadband service availability, the type of service offered (ADSL, ADSL 2+, Cable or Velocity) may be subject to further qualification checks to determine what is available at your location.

If we are unable to connect all your bundle services, we will attempt to contact you to discuss further options first or will place your connected services on the lowest-priced plan(s) if we can't contact you after making reasonable attempts. If this occurs, you will be notified and you may cancel your order free of charge.

Minimum term

This plan is available on a 24-month minimum term or casual term.

Your home broadband allowance

1,000GB Monthly Data Allowance – where 1GB = 1,000MB. Your unused allowance expires each month. If you exceed your Monthly Data Allowance your broadband speed will slow to 256kbps until the next month.

Information about pricing

Your minimum monthly charge and total minimum plan cost

\$149 per month for your Telstra X-Large Bundle.

The minimum amount you'll pay over 24 months is \$3,665 including a \$89 activation fee.

If you take up a casual plan, the total minimum amount you'll pay for one month is \$526 including a \$89 activation fee, a \$120 Casual Plan Fee and \$168 for a self-install Home Network Gateway.

Home broadband connection and modem

For new Telstra home broadband customers a **\$89** activation fee applies to get you up and running and a self-install Home Network Gateway is included on our 24 month plans.

If you take up a Casual Plan, an additional **\$120** upfront Casual Plan Fee will apply.

If you're a Casual Plan customer or an existing Telstra home broadband customer and would like a new modem you can take up a Home Network Gateway for an additional charge.

Our Home Network Gateways are configured to work only with a Telstra broadband service. If you choose a professional installation a \$240 charge also applies.

A minimum \$9.95 delivery fee may apply if you have your device, modem or self install kit delivered. A premium delivery option may be available for a higher fee.

Home phone call rates and features

Included in your Bundle are:

- **Family Calls Benefit** – voice calls in Australia between mobile services, plus your home phone, on your Single Bill. Our Responsible Use Policy applies. Excludes calls from mobiles on Ultimate, New Ultimate or Ultimate II plans. Mobiles with a 10-digit account number are not eligible
- **local calls**
- **national calls to fixed line numbers**
- **calls to standard Australian mobiles**
- **Calling Number Display and MessageBank®.**

These are the main charges for calls under your bundle:

- **calls to 13 numbers** – 40¢ per call, except for free calls to 13 2200, 13 2000, 13 2203, 13 2999, 13 3933 and 13 7663
- **calls to international numbers** – you can make international calls by dialling 0011 followed by the country code and the number you're calling. International Ultimate is included in your bundle which gives you unlimited calls from your home phone to fixed lines in 35 countries and to mobiles in 17 of these countries. Plus discounted call rates to another 35 countries. For a full list of international call rates see telstra.com.au/international-rates

Some of the call types listed above exclude some usage.

For example:

- national calls to fixed line numbers do not include calls to premium numbers (eg 19xx numbers), 1234 and 12456 numbers.
- calls to satellite numbers are charged differently from standard mobile call rates and charges for these calls can be found at telstra.com.au/customer-terms

Home phone connection

The following connection charges apply to your home phone service:

a) Standard Connection

The \$59 standard home phone connection fee for new Telstra customers is waived. If a technician is required additional charges apply:

- telephone line with a technician visit – **\$125**
- new telephone line connection or cabling work – **\$299.**

A temporary connection charge will also apply if your service is connected for three months or less.

b) Temporary Connection

If your service is connected for three months or less, the connection charge is as above plus an additional **\$100**. Separate charges apply for each additional connection point and for more complex connections.

Moving Home

If you are moving home, find out about the service installation options and pricing available to you at telstra.com.au/moving-home/move/

Hardware Repayment Option

A Hardware Repayment Option allows you to get new hardware and make monthly interest free payments. If you cancel your plan or your Hardware Repayment Option early, you'll need to pay any remaining hardware payments.

Early termination and other charges

If you take up a 24 month plan and you cancel your home phone or home broadband or transfer one (or more) of these services to another service provider, your bundle will be cancelled. If your bundle is cancelled early and you don't agree with us otherwise:

- you will be charged an Early Termination Charge (ETC) of up to **\$613** (which includes any additional ETC payable for bundled hardware). The ETC decreases each month you stay on your bundle
- any remaining home phone service will be placed on a monthly plan with the lowest monthly charge of our generally available plans
- any remaining home broadband service that has not been cancelled will be placed on a month to month plan with the lowest amount of included data that is available to new customers
- if you have or added Telstra Broadband Protect and keep your broadband service, you will be charged a pro-rata amount of the Telstra Broadband Protect monthly fee for the remainder of the current month and from then on \$9.95 per month for Telstra Broadband Protect unless you cancel it. The charges in this section also apply if your bundle is cancelled and you are on a Casual Plan
- if you have taken up this bundle prior to 23/8/16, and have Telstra Platinum Service Subscription Pro, you will be charged \$20/mth to keep your subscription, or if you cancel your subscription an ETC of up to \$480 applies. The ETC decreases by equal instalments each month you stay on your subscription. The charges in this section also apply if your bundle or subscription is cancelled and you are on a Casual Plan
- your other bundle benefits will be removed.

If one of our suppliers raises its prices in the future, this may result in the cost of your service increasing. We will let you know before this happens.

Other information

Telstra Air®

If you have an eligible broadband service and you're a new Telstra home broadband customer on a 24 month plan, Telstra Air membership is included.

If you have an eligible broadband service, and you're an existing Telstra home broadband customer or you're on a casual plan, you can join Telstra Air but you may need to buy a compatible gateway. For details visit telstra.com/joinair. Eligible broadband services are ADSL, ADSL2+ and Cable.

As a Telstra Air member with a connected compatible gateway, you get access to Telstra Air Wi-Fi hotspots in Australia and millions of hotspots overseas powered by our partner Fon.

When you use a Telstra Air or Fon hotspot, all your usage counts towards your home broadband data allowance, including usage at sites that are unmetered from your home broadband service such as BigPond Movies, Foxtel Go and our BigPond unmetered sites. If you reach your allowance, you can't access the hotspots until you top up your allowance or your next billing cycle starts.

Your gateway creates a Wi-Fi hotspot that others can use and shares a small amount of your home broadband bandwidth. When others use the hotspot, it doesn't impact your home broadband data allowance. There may be a small impact to your broadband speeds if you're using your broadband service at the same time as a hotspot user. However, we have rules in place to help protect your speeds.

Telstra Air Network® and Fon coverage maps will indicate the location of each Telstra Air hotspot. The Telstra Air Network is open and public. We recommend that you don't use it to send or receive sensitive personal information or to carry out activities like Internet banking.

You can choose to opt in and out of Telstra Air once a month.

Broadband speeds

For information on broadband types and the speeds available please visit telstra.com/speeds. If you are a Cable or Velocity customer you can purchase a Super Fast Speed Boost for an additional \$20 per month. Your bill will show an additional charge each month for your speed upgrade. If you already have a Speed Boost then you will continue to receive your Speed Boost and be charged for it each month unless you cancel it.

Transferring to the nbn™ network

Your 24 month contract could overlap with the rollout of the nbn network. If you wish to transfer to the nbn network with Telstra, please contact us. If you don't wish to transfer to the nbn network we'll continue to provide your service up until the date on which we're required to disconnect it as part of the migration to the nbn network, when we'll cancel your service and your access to existing networks. No ETC will be charged in these circumstances.

Mobile Bundle Bonus

You'll receive the Mobile Bundle Bonus on up to four eligible mobiles on the same Single Bill as your Bundle. It includes \$50 additional allowance for calls, MMS and SMS to standard Australian numbers per month on your eligible mobile service. Excludes use overseas. Unused allowance expires each month. For a full list of mobile plans eligible for the Mobile Bundle Bonus please see telstra.com.au/bundlebonus

Telstra Broadband Protect

If you have taken a Telstra Broadband Protect subscription you will be entitled to receive a full discount off the standard monthly charge while you remain on this bundle and otherwise the standard terms for this service apply. See the Telstra Broadband Protect Critical Information Summary for further information.

Telstra Platinum Service Subscription Pro

If you have taken up this bundle prior to 23/8/16, and had or added a 24-month Telstra Platinum Service Subscription Pro you will be entitled to receive a full discount off the standard monthly charge while you remain on this bundle and otherwise the standard terms for this service apply. See the Telstra Platinum Service Subscription Pro Critical Information Summary for further information.

Billing

Your bill is issued on the same date each month. Each bill includes the Minimum Monthly Charge in advance plus usage charges. On your first bill, you'll also be charged for the days left until your next billing cycle begins. You may be charged for individual services until all those in your bundle are connected. This means your first few bills may be higher or lower than expected. This bundle requires paperless billing and electronic payment. A **\$2.20** charge will be applied a month in arrears if you receive a paper bill; and a **\$1.00** charge will be applied a month in arrears if you make a bill payment in person or via mail. Some exemptions apply. To set up Email Bill, visit telstra.com/emailbill. To set up Direct Debit or for information on other bill payment options, visit telstra.com/billpay

Changing bundles

If you have taken up this bundle on a 24-month minimum term, you can change to another Telstra Bundle Collection plan once a month during your minimum term. You'll need to restart your 24 month term and pay a \$50 Early Recontracting Fee if you move to another Bundle Range before the end of your minimum term. If you have taken up this bundle prior to 23/8/16, and have Telstra Platinum Service Subscription Pro and change bundles, you will be charged the fees for your subscription set out in the "Early termination and other charges" section of this document.
