## Information about the service

Your plan is for a Mobile Broadband service. It gives you access to our mobile network, a mobile broadband service number, and lets you access data.

You cannot use the SIM associated with this plan in a handset.

### Device Repayment Contract

If you choose to buy a mobile broadband or tablet device with your Telstra Go Mobile Broadband Plan (**Plan**), you may pay it off over 24 interest-free monthly payments with a Device Payment Contract. Only available on 24 month plans.

### Device Plan Discount

If you choose an eligible device on a 24 month Device Payment Contract with the same start date as your 24 month Plan, you'll receive a Device Plan Discount each month for 24 months.

If you cancel your Plan or your Device Payment Contract early, you won't receive the Device Plan Discount any more. You'll also have to pay the balance of your remaining device repayments and pay any early termination charges for your Plan.

### BYO device

If you bring your own (BYO) mobile broadband or tablet device, check that your device is Telstra Mobile Network compatible and supports 3G-850MHz and both 4G 1800MHz and 4G 700MHz banding, so you can enjoy the full benefits of your service.

### Minimum term

12 or 24 months.

### Your Monthly Mobile Data allowance

8GB – where 1GB (Gigabyte) = 1,024MB (Megabytes). Your unused Monthly Mobile Data allowance expires each month.

### What's included

Your Monthly Mobile Data allowance can be used to access mobile internet from your Telstra Mobile Network compatible mobile broadband or tablet device in Australia.

### What's not included

Your Monthly Mobile Data allowance can't be used for data use while you're overseas.

Your Plan doesn't include any call or SMS allowance.

## Using your SIM

Your Plan does not allow the use of your SIM in a mobile handset to access data over the Telstra Mobile Network. If you remove your SIM from your mobile broadband device and insert it into a mobile handset for the purposes of accessing such data, we will block access to data from that mobile handset.

## New Tablet Feeling

On this Plan, you can take up a new tablet after 12 months on your Device Payment Contract.

To redeem the offer return your existing tablet undamaged and in good working order, pay a one-off fee and sign up to a new eligible plan and a 24-month Device Payment Contract.

## Information about pricing

### Your minimum monthly charge

**\$55.** If you choose a Device Repayment Contract, use more than your Monthly Mobile Data allowance, or use your service for things not included in your Monthly Mobile Data allowance you'll have to pay more than \$55.

### Accessory Repayment Option

You can choose an Accessory Repayment Option (**ARO**) to buy device accessories, you'll be charged for your accessories in monthly, interest-free payments. If you cancel your ARO, you'll have to pay the remaining cost of the accessories. Only available at selected Telstra stores and partners.

### Using mobile data in Australia

Your Monthly Mobile Data allowance included in your Plan is charged at **0.67¢/MB**. Mobile Data charges are based on the amount of mobile data you use when accessing email and the internet on your Telstra Mobile Network compatible mobile broadband or tablet device. If you're not sure how much data you'll need, the Data Usage Calculator at [telstra.com.au/postpaid-data-calculator](https://telstra.com.au/postpaid-data-calculator) can help estimate how much data you might use.

## Extra Data

If you use more than your Monthly Mobile Data allowance, we will automatically add extra data to your Mobile Data allowance in blocks of 1GB, and you'll be charged **\$10** per block (even if you only use part of that block) (**Extra Data**). The Extra Data is for use in Australia and will expire at the end of your billing month.

## Call, SMS and MMS charges in Australia

Your Plan doesn't include any call or SMS allowance. These are the charges that will apply if you choose to make calls or SMS when your SIM is placed in a call or SMS capable device:

- **National calls** – \$1 per 60 second block. A 2 minute standard national mobile call costs \$2 on this plan.
- **Standard National SMS** – 25¢ per message sent per recipient in Australia.

## Calls, SMS and MMS to International numbers

Your Plan doesn't include calls or SMS to international numbers, so you'll be charged additionally for these. Here are the main charges that apply:

The ETC decreases by equal instalments each month you stay on the Plan. Your maximum ETC at the start of your Plan is **\$330** on a 12-month plan and **\$660** on a 24-month plan.

## Other information

### Billing

The figures in this Critical Information Summary are for a full billing cycle but your first bill may include pro rata charges for part of the month if you started or changed your Plan part way through a billing period – refer to the 'Important information about your first bill' section below for more information.

### Important information about your first bill

When you first start a plan or change your Plan part way through a billing period, your first bill will have additional charges. It will include your minimum monthly charge in advance, plus a proportion of your minimum monthly charge based on the number of days left in the billing period. You'll still receive a full month's data allowance.

This Plan requires paperless billing and electronic payment. A **\$2.20** charge will be applied a month in arrears if you receive a paper bill; and a **\$1.00** charge will be applied a month in arrears if you make a bill payment in person or via mail. Some exemptions may apply. Visit [telstra.com.au/emailbill](https://telstra.com.au/emailbill) to request an email bill and/or set up direct debit. ### Call and Mobile Data usage information

We will automatically send you email alerts in real time of you reaching 50%, 85% and 100% of your included Monthly Mobile Data allowance to your nominated email address. We will also send real time alerts when you have been granted a 1GB Extra Data block.

You can configure your notifications, including updating your nominated email address to receive your alerts using:

- the Telstra 24x7® app; or
- [telstra.com.au/myaccount](https://telstra.com.au/myaccount) (laptop or desktop).

Visit [telstra.com.au/myusage](https://telstra.com.au/myusage) to find out more about other ways to manage and track your data usage.

## Using your service overseas

Your new Mobile service has International Roaming already activated (unless you're recontracting with your existing number, or have chosen to opt out). The cost of using your service overseas is higher than in Australia. Your monthly Plan allowance does not include use while you're overseas, so you will be charged separately for this usage.

Here are the main charges that apply:

- **calls and SMS while overseas** – for call and SMS rates, see [telstra.com.au/roaming](https://telstra.com.au/roaming)
- **data while overseas** – \$3 per MB (charged per KB or part thereof).

We recommend you consider one of our International Casual Traveller Data Packs which provide a set amount of data to use in selected countries for 30 days.

These are available at [telstra.com.au/roamingpacks](https://telstra.com.au/roamingpacks)
