## Information about the service

Your Go Mobile Plus plan (**Plan**) is for a post-paid mobile phone service. It gives you access to our network, a mobile phone number, lets you make and receive calls, send and receive messages, and access mobile data. Your Plan allows you to share mobile data between other eligible plans on the same account.

### Device Payment Contract

You must purchase a handset to use with your Plan and pay it off over 24 interest-free monthly payments. Because your Plan and Device Payment Contract have the same start date and 24-month term, you'll receive a monthly credit. If you cancel early, the remaining handset payments will be higher as you'll no longer receive a credit.

### Minimum term

24 months.

### Monthly Calls (domestic)

#### Monthly Calls

Unlimited. Your Monthly Calls can be used in Australia for calls to standard Australian numbers, as well as most 11xx, 12xx, 13xx and 1800 numbers.

### International Monthly Calls and SMS from Australia

If you have a \$99, \$129 or \$149 Plan, it includes unlimited international calls and SMS from Australia to standard fixed and mobile numbers in Bangladesh, Canada, China, Hong Kong, India, Lebanon, Malaysia, New Zealand, Pakistan, Singapore, South Korea, Sri Lanka, UK, USA and Vietnam (**Eligible Countries**).

### Monthly Data (domestic)

Your Monthly Data is set out in the above table and gives you access to the internet in Australia. Your unused Monthly Data expires each month. You can share your Monthly Data with eligible data share services on the same account.

Eligible data share services are: Go Mobile Plus plans, Go Mobile Swap plans, Go Mobile Plus BYO plans, Go Mobile Plus Casual plans, Go Mobile plans, Go Mobile BYO, Go Mobile Casual plans, Everyday Connect Shared Data plans, Mobile Accelerate Shared Data plans, and up to 5 Data Share SIM plans or Companion plans (**Eligible Services**).

### Extra Data

If you use more than your shared Monthly Data allowance, we will automatically add extra data to your service in blocks of 1GB for \$10 (**Extra Data**). If you go over your Extra Data, we will automatically add another block of 1GB for \$10. Extra Data is for use in Australia and expires at the end of your billing month and is shared with any Eligible Service on your account.

### Monthly International Roaming allowance

If you have a \$129 or \$149 Plan, it includes unlimited calls and SMS to standard fixed and mobile numbers, and a monthly International Roaming data allowance (in the table above), for use while in:

The list of Eligible Roaming Countries may change from time to time. For a current list please visit [telstra.com/overseas](http://telstra.com/overseas)

Your unlimited calls and SMS doesn't include MMS. Any data used to send or receive an MMS from an Eligible Roaming Country will use your International Roaming data allowance.

Your International Roaming data allowance is separate from your Monthly Data allowance and can't be shared with other services on your account. If you exceed your International Roaming data allowance you will be charged 3¢/MB for data usage (charged per KB or part thereof).
