Information about the service

Your Go Mobile Swap plan (**Plan**) is for a post-paid mobile phone service. It gives you access to our network, a mobile phone number, lets you make and receive calls, send and receive messages, and access mobile data. Your Plan allows you to share mobile data between other eligible plans on the same account.

Device Lease Contract

You must lease an eligible handset to use with your Go Mobile Swap plan and make a monthly lease payment over a minimum term of 24 months. You don't own the device as you're just leasing it. Lease costs vary depending on the handset you choose.

At the end of your 24-month Device Lease Contract (DLC), you must return your device to us.

Upgrade Fees

You can upgrade your leased handset to a new eligible handset after the first 12 months of your DLC, provided you terminate your existing DLC, return the leased handset (in good working order) to us within 14 days (or the same day if returning in store) of entering into a new 24-month eligible handset and mobile service plan and pay an upgrade fee of \$99.

Damaged Device

If your device is damaged, you will be required to pay \$229 (minor damage), or \$499 (if damaged beyond repair). You may be able to make an offer to buy your device from us at fair market value (to be advised at the time).

Minimum term

24-months.

Returning your device

Your SIM card must be removed and the device reset to factory settings so that personal or confidential information is deleted. All activation/locking features must be disabled (eg Find My iPhone) and you must provide any documentation reasonably required to show it is the correct device. Otherwise a fee of up to \$499 applies.

What happens if I don't return my device?

If you fail to return your device at the end of the DLC term, (subject to our approval), you must continue to pay the monthly payment for your device and plan (including any Mobile Swap Assure fees) for up to 6 months after which, if still not returned we will charge you a device non return fee equivalent to the fair market value of the device (to be advised at the time). If you fail to return your device within 14 days of upgrading your device, you must pay a non return fee based on the fair market value of the device (to be advised at the time) plus 20%.

Monthly Calls (domestic)

Monthly Calls

Unlimited. Your Monthly Calls can be used in Australia for calls to standard Australian numbers, as well as most 11xx, 12xx, 13xx and 1800 numbers.

International Call and SMS allowance from Australia

If you have a \$99, \$129 or \$149 Plan this includes unlimited international calls and SMS from Australia to standard fixed and mobile numbers in Bangladesh, Canada, China, Hong Kong, India, Lebanon, Malaysia, New Zealand, Pakistan, Singapore, South Korea, Sri Lanka, UK, USA and Vietnam (**Eligible Countries**).

Monthly Data (domestic)

Your Monthly Data is set out in the above table and gives you access to the internet in Australia. Your unused Monthly Data expires each month. You can share your Monthly Data with eligible data share services on the same account.

Eligible data share services are: Go Mobile Swap plans, Go Mobile Plus plans, Go Mobile Plus BYO plans, Go Mobile Plus Casual plans, Go Mobile plans, Go Mobile BYO plans, Go Mobile Casual plans, Everyday Connect Shared Data plans, Mobile Accelerate Shared Data plans, and up to 5 Data Share SIM plans or Companion plans (**Eligible Services**).

Extra Data

If you use more than your shared Monthly Data allowance, we will automatically add extra data to your service in

blocks of 1GB for \$10 (**Extra Data**). If you go over your Extra Data, we will automatically add another block of 1GB for \$10. Extra Data is for use in Australia and expires at the end of your billing month and is shared with any Eligible Service on your account.

Monthly International Roaming allowance

If you have a \$129 or \$149 Plan, it includes unlimited calls and SMS to standard fixed and mobile numbers, and a monthly International Roaming data allowance (in the table above), for use while in eligible countries.

The list of eligible countries may change from time to time.

For a current list please visit telstra.com/overseas

Your unlimited calls and SMS doesn't include MMS. Any data used to send or receive an MMS from an eligible country will use your International Roaming data allowance.

Your International Roaming data allowance is separate from your Monthly Data allowance and can't be shared with other services on your account.

If you exceed your International Roaming data allowance you will be charged 3¢/MB for data usage (charged per KB or part thereof).

What's not included

Your Monthly Calls and Monthly Data can't be used overseas. Your Monthly Calls do not include calls, SMS or MMS to international numbers (except where your Plan includes calls and SMS to Eligible Countries), premium numbers (eg 19xx numbers) and some satellite numbers, 1234, 12 455 and 12 456 numbers or content charges.
